Love and Intimacy in Online Cross-Cultural Relationships Wilasinee Pananakhonsab,2016-11-16 This book challenges assumptions about the motivations that drive women from relatively poor, developing countries to use intermarriage dating sites to find partners from relatively wealthy, developed countries. It is generally assumed that economic deprivation or economic opportunities are the main factors, but this book instead focuses on the work of women's imagination in online cross-cultural relationships, including the role of desire, love and intimacy. The experiences of Thai women are used to explore how they initiate, develop and maintain love and intimacy with Western men across distance and time. The book shows that, in the absence of opportunities to search and meet partners from geographically distant parts of the world, the technology of the internet offers new ways of searching for and managing relationships and has significant consequences for local experiences and expectations of love and partnering. The book will be of interest to scholars and students with an interest in family and intimate life, gender and sexualities, Asian and Thai studies, globalization and nationalism, culture and media, sociology and anthropology.

*Love American Style* Kimberly Freeman,2004-03-01 A popular subject in sociology and cultural studies, divorce has until recently been overlooked by literary critics. Spanning nearly a century during which the divorce rate skyrocketed, *Love American Style* traces the treatment of divorce in the American novel. This book draws upon popular, sociological, political and architectural history to illustrate how divorce reflects conflicting ideologies and notions of American identity. Focusing primarily on work by William Dean Howells, Edith Wharton, Mary McCarthy and John Updike, Kimberly Freeman delineates a system of tropes particular to divorce in American novels, such as the association of divorce with the West and modernity, the dismantling of the home, and the disruption of the boundary between the public and the private. These tropes suggest a literary tradition of love, marriage and divorce that is central to twentieth century American fiction. Offering an explanation for both the treatment of divorce in the American novel as well as its predominance in American culture, this book should appeal to scholars of American literature and popular culture, or anyone interested in how divorce has become so 'American'.

**Reading Autoethnography** James M. Salvo,2019-10-22 Reading Autoethnography situates autoethnographic insights within the context of two fundamental concerns of critical qualitative inquiry: justice and love. Through philosophical engagement, it gives close readings of written passages taken from leading autoethnographers and frames the philosophical project of autoethnography as one that is both political and interpersonal. It does this to highlight how autoethnographic lessons can allow us to think through how we may achieve a flourishing for all — something that is both related to justice as it pertains to the political, and when situations are in excess of justice, related to love as it pertains to feeling at home in the world with others. As such, this book will be of interest to those who have a burgeoning interest in autoethnography and seasoned autoethnographers alike; anyone interested in critical qualitative inquiry as a discourse promoting justice and love; and any scholar who has encountered the ethical question of: What ought we do?

**The End of Divine Truthiness: Love, Power, and God** Paul Joseph Greene,2017-08-01 In *The End of Divine Truthiness*, Paul Joseph Greene confronts stark realities of terrifying theologies that make a mockery out of divine love. With urgent resolve, Greene answers Martin Luther King, Jr.'s pointed challenge to overcome reckless and abusive . . . power without love, and sentimental and anemic . . . love without power. Too many theologies cast God either as the tyrant whose loveless power lifts up the mighty or the victim whose powerless love sends the poor away empty. Wielding Stephen Colbert's word truthiness as a scalpel, Greene slices out one perilous theology after another to restore the wholesome truth that God is love. Supported by three world religions--Buddhism, Christianity, and Taoism--he discovers a remarkably harmonious and revolutionary divine power that is fully aligned with divine love. To reunify love and power here in the world, as King challenges, it is time to abandon ideologies of divine power that devastate divine love and promote atrocities. Greene's call for the end of divine truthiness heralds a new day for the God whose love is power and whose power is love.

Julian of Norwich's Legacy S. Salih,D. Baker,2009-11-09 Julian of Norwich the best-known of the medieval mystics today. The text of her *Revelation* has circulated continually since the fifteenth century, but the twentieth century saw a massive expansion of her popularity. Theological or literary-historical studies of Julian may remark in passing on her popularity, but none have attempted a detailed study of her reception. This collection fills that gap: it outlines the full reception history from the extant manuscripts to the present day, looking at Julian in devotional cultures, in modernist poetry and present-day popular literature, and in her iconography in Norwich, both as a pilgrimage site and a tourist attraction.

*Alfred Gilbert's Aestheticism* Jason Edwards,2017-07-05 Alfred Gilbert's *Aestheticism* presents the first sustained re-evaluation of the life and work of one of the most acclaimed sculptors of the late-Victorian period. Drawing on important new archival sources, this ground-breaking study challenges the customary assumption that Aestheticism was primarily a literary, painterly or architectural phenomena. Jason Edwards reveals both the diverse ways in which Gilbert's sculptures operated within the context of Aestheticism and also how these works provided a unique and provocative commentary on the history of masculine friendship and eroticism in the period leading up to and beyond the Wilde trials in 1895. Detailed readings are offered of the relationship of Gilbert's work to essays by Pater and Swinburne, poems, plays, and novels by Wilde and W. S. Gilbert, and paintings by Burne-Jones, Leighton, Rossetti, Solomon, Whistler, and Watts. With over 90 illustrations, including key contemporary photographs showing Gilbert's works in their

original contexts, this book makes a major contribution to the field of Victorian sculpture studies.
