**The Seven Principles for Making Marriage Work** John Gottman, PhD, Nan Silver, 2015-05-05 NEW YORK TIMES BESTSELLER • Over a million copies sold! “An eminently practical guide to an emotionally intelligent—and long-lasting—marriage.”—Daniel Goleman, author of Emotional Intelligence The Seven Principles for Making Marriage Work has revolutionized the way we understand, repair, and strengthen marriages. John Gottman’s unprecedented study of couples over a period of years has allowed him to observe the habits that can make—and break—a marriage. Here is the culmination of that work: the seven principles that guide couples on a path toward a harmonious and long-lasting relationship. Straightforward yet profound, these principles teach partners new approaches for resolving conflicts, creating new common ground, and achieving greater levels of intimacy. Gottman offers strategies and resources to help couples collaborate more effectively to resolve any problem, whether dealing with issues related to sex, money, religion, work, family, or anything else. Packed with new exercises and the latest research out of the esteemed Gottman Institute, this revised edition of The Seven Principles for Making Marriage Work is the definitive guide for anyone who wants their relationship to attain its highest potential.

*The Birth Order Book of Love* William Cane, 2008-02-12 Studies show the most reliable scientific predictor of personality is birth order—your place among your siblings. The Birth Order Book of Love is the first guide to consider this factor when finding the perfect mate. Why do firstborns often find romance with lastborns? Who’s the worst match for an only child? Cane examines the 12 personality/birth order types (older brother of brothers, younger sister of sisters, etc.), revealing why certain birth orders are more compatible and which ones can present communication challenges (and how to overcome them). Cane has analyzed the birth order of 6,000 celebrities, historical figures, and modern couples. Readers will learn what birth order says about them, which celebrity they’d be most compatible with, and who their best match is in real life.

**The Five Love Languages** Gary Chapman, 2009-12-17 Marriage should be based on love, right? But does it seem as though you and your spouse are speaking two different languages? #1 New York Times bestselling author Dr. Gary Chapman guides couples in identifying, understanding, and speaking their spouse’s primary love language—quality time, words of affirmation, gifts, acts of service, or physical touch. By learning the five love languages, you and your spouse will discover your unique love languages and learn practical steps in truly loving each other. Chapters are categorized by love language for easy reference, and each one ends with simple steps to express a specific language to your spouse and guide your marriage in the right direction. A newly designed love languages assessment will help you understand and strengthen your relationship. You can build a lasting, loving marriage together. Gary Chapman hosts a nationally syndicated daily radio program called A Love Language Minute that can be heard on more than 150 radio stations as well as the weekly syndicated program Building Relationships with Gary Chapman, which can both be heard on [fivelovelanguages.com](http://fivelovelanguages.com). The Five Love Languages is a consistent New York Times bestseller – with over 5 million copies sold and translated into 38 languages. This book is a sales phenomenon, with each year outselling the prior for 16 years running!

**Win Bigly** Scott Adams, 2017-10-31 NEW YORK TIMES BESTSELLER The New York Times bestseller that explains one of the most important perceptual shifts in the history of humankind Scott Adams was one of the earliest public figures to predict Donald Trump’s election. The mainstream media regarded Trump as a lucky clown, but Adams – best known as “the guy who created Dilbert” -- recognized a level of persuasion you only see once in a generation. We’re hardwired to respond to emotion, not reason, and Trump knew exactly which emotional buttons to push. The point isn’t whether Trump was right or wrong, good or bad. Adams goes beyond politics to look at persuasion tools that can

work in any setting—the same ones Adams saw in Steve Jobs when he invested in Apple decades ago. *Win Bigly* is a field guide for persuading others in any situation—or resisting the tactics of emotional persuasion when they're used on you. This revised edition features a bonus chapter that assesses just how well Adams foresaw the outcomes of Trump's tactics with North Korea, the NFL protesters, Congress, and more.
