*Someone Like You* Cathy Kelly,2002-05-28 Cathy Kelly has enjoyed unprecedented success in the UK and her native Ireland. Building on the popularity of her Dear Cathy advice column, Kelly brings to her fiction a warmth and humor that speaks to women everywhere. Hannah, Emma, and Leonie, three women at critical turning points in their lives, meet on holiday and find themselves changing in unexpected ways. Hannah, young, beautiful and reeling from the betrayal of a lover, decides to throw herself into her career and embrace the single life. Emma, married for two years and hoping to start a family, constantly questions her ability to be a parent, while still allowing her own parents to interfere in her life. Leonie, generously proportioned and equally big-hearted, wonders if she'll ever find love with three teenage children in tow. *Someone Like You* is a celebration of life and friendship, firmly establishing Cathy Kelly as a captivating new voice in contemporary women's fiction.

*Discourse 2.0* Deborah Tannen,Anna Marie Trester,2013-03-12 Our everyday lives are increasingly being lived through electronic media, which are changing our interactions and our communications in ways that we are only beginning to understand. In *Discourse 2.0: Language and New Media*, editors Deborah Tannen and Anna Marie Trester team up with top scholars in the field to shed light on the ways language is being used in, and shaped by, these new media contexts. Topics explored include: how Web 2.0 can be conceptualized and theorized; the role of English on the worldwide web; how use of social media such as Facebook and texting shape communication with family and friends; electronic discourse and assessment in educational and other settings; multimodality and the participatory spectacle in Web 2.0; asynchronicity and turn-taking; ways that we engage with technology including reading on-screen and on paper; and how all of these processes interplay with meaning-making. Students, professionals, and individuals will discover that *Discourse 2.0* offers a rich source of insight into these new forms of discourse that are pervasive in our lives.
