Lowriders in Chicano Culture Charles M. Tatum, 2011-07-22 This informed and accessible book captures the art, energy, passion, and pageantry of over 60 years of lowrider culture—an absolutely iconic Chicano and American phenomenon. Much like rap music and ethnic foods, Chicano lowrider culture has become sufficiently widespread in recent decades to almost be considered mainstream. However, those outside of lowriding may not realize that this cultural phenomenon is not the result of a recent fad—it originated in the pre-World War II era, and has continued to grow and evolve since then. *Lowriders in Chicano Culture: From Low to Slow to Show* allows readers to see how this expressive culture fits within the broader context of Chicano culture and understand how lowriding reflects the social, artistic, and political dimensions of America's fastest-growing ethnic group. It includes chapters that explain the culture of pachucas/os and cholas/os; the unique aesthetics of lowrider vehicles; lowrider music, shows, and clubs; the mechanics of building a lowrider vehicle; and lowrider culture in the media including film, newspapers, and television. The book also traces how lowrider culture has recently expanded beyond the urban streets and into the massive exhibit halls of lowrider shows, exposing lowrider culture to even more enthusiasts.

Lowrider Coloring Book Oscar Nilsson, 2011-04-14 Paint your own lowrider just the way you like it! Impalas, Cadillacs and Rivas. In the *Lowrider Coloring Book*, you will color the classic and most popular Lowrider models. Lowrider culture reaches back to 1930s Los Angeles, where it became popular for style-conscious Latino-Americans to load their cars with sandbags to bring it closer to the road. Style was everything, and when lowered cars were banned in California in the 1950s, it became necessary to find a way to raise and lower the car simply to avoid fines. The solution was to use hydraulics from old fighter planes left over from World War II. The rapper Kid Frost showcased lowriding in the early 90s hit *Lowrider*, and since then, the cars are closely associated with hip hop culture. Today, lowriding is bigger than ever with thousands of enthusiasts in most parts of the world. All strive to outdo each other with the most elegant varnish, interior, hydraulics, chrome and rims. The custom cars you'll be coloring in the *Lowrider Coloring book* were converted by some of the best and most legendary enthusiasts. What color is your Impala?

Latino Periodicals Salvador Güereña, Vivian M. Pisano, 1998-01-01 Reviews 150 magazines of Latino interest, covering such categories as business and professional, parenting, sports and physical fitness, current events, and general interest

Education in the New Latino Diaspora Stanton E.F. Wortham, Enrique G. Murillo Jr., Edmund T. Hamann, 2001-11-30 The authors describe a new demographic phenomenon: the settlement of Latino families in areas of the United States where previously there has been little Latino presence. This New Latino Diaspora places pressures on host communities, both to develop conceptualizations of Latino newcomers and to provide needed services. These pressures are particularly felt in schools; in some New Latino Diaspora locations the percentage of Latino students in local public schools has risen from zero to 30 or even 50 percent in less than a decade. Latino newcomers, of course, bring their own language and their own cultural conceptions of parenting, education, inter-ethnic relations and the like. Through case studies of Latino Diaspora communities in Georgia, North Carolina, Maine, Colorado, Illinois, and Indiana, the eleven chapters in this volume describe what happens when host community conceptions of and policies toward newcomer Latinos meet Latinos' own conceptions. The chapters focus particularly on the processes of educational policy formation and implementation, processes through which host communities and newcomer Latinos struggle to define themselves and to meet the educational needs and opportunities brought by new Latino students. Most schools in the New Latino Diaspora are unsure about what to do with Latino children, and their emergent responses are alternately cruel, uninformed, contradictory, and inspirational. By describing how the challenges of accommodating the New Latino Diaspora are shared across many sites the authors hope to inspire others to develop more sensitive ways of serving Latino Diaspora children

and families.

Encyclopedia of Latino Culture [3 volumes] Charles M. Tatum,2013-11-26 This three-volume encyclopedia describes and explains the variety and commonalities in Latina/o culture, providing comprehensive coverage of a variety of Latina/o cultural forms—popular culture, folk culture, rites of passages, and many other forms of shared expression. In the last decade, the Latina/o population has established itself as the fastest growing ethnic group within the United States, and constitutes one of the largest minority groups in the nation. While the different Latina/o groups do have cultural commonalities, there are also many differences among them. This important work examines the historical, regional, and ethnic/racial diversity within specific traditions in rich detail, providing an accurate and comprehensive treatment of what constitutes the Latino experience in America. The entries in this three-volume set provide accessible, in-depth information on a wide range of topics, covering cultural traditions including food; art, film, music, and literature; secular and religious celebrations; and religious beliefs and practices. Readers will gain an appreciation for the historical, regional, and ethnic/racial diversity within specific Latina/o traditions. Accompanying sidebars and spotlight biographies serve to highlight specific cultural differences and key individuals.

Lowrider Space Ben Chappell,2012-07-15 Aren't lowriders always gangbangers? And, don't they always hold high status in their neighborhoods? Contrary to both stereotypes, the people who build and drive lowrider cars perform diverse roles while mobilizing a distinctive aesthetic that is sometimes an act of resistance and sometimes of belonging. A fresh application of critical ethnographic methods, Lowrider Space looks beyond media portrayals, high-profile show cars, and famous cruising scenes to bring readers a realistic tour of the "ordinary" lowriders who turn streetscapes into stages on which dynamic identities can be performed. Drawing on firsthand participation in everyday practices of car clubs and cruising in Austin, Texas, Ben Chappell challenges histories of erasure, containment, and class immobility to emphasize the politics of presence evidenced in lowrider custom car style. Sketching out a partially personal map of the lowrider presence in Texas's capital city, Chappell also explores the interior and exterior adornment of the cars (including the use of images of women's bodies) and the intersecting production of personal and social space. As he moves through a second-hand economy to procure parts necessary for his own lowrider vehicle, on "service sector" wages, themes of materiality and physical labor intersect with questions of identity, ultimately demonstrating how spaces get made in the process of customizing one's self.

¡Órale! Lowrider Donald J. Usner,2016 Millicent Rogers assembled a stellar collection of Navajo, Zuni, Hopi, and Pueblo jewelry during the late

1940s and early 1950s, creating the basis of Taos's Millicent Rogers Museum.

Lowriders , Lowriders have roared out of the West Coast and Southwest, popping up in movies, commercials and music videos. All major types of lowriders -- traditional, bombs, trucks, Euros and new age -- are examined in this bilingual edition, emphasizing the artistic and mechanical ingenuity that goes into the cars. One chapter even examines lowrider bicycles.

Cultural Diversity and Education James A. Banks, 2015-12-22 Now available in paperback, the sixth edition of this definitive text provides students a strong background in the conceptual, theoretical, and philosophical issues in multicultural education from a leading authority and scholarly leader of the field---James A. Banks. In the opening chapter author Banks presents his well-known and widely used concept of Dimensions of Multicultural Education to help build an understanding of how the various components of multicultural education are interrelated. He then provides an overview on preparing students to function as effective citizens in a global world; discusses the dimensions, history, and goals of multicultural education; presents the conceptual, philosophical, and research issues related to education and diversity; examines the issues involved in curriculum and teaching; looks at gender equity, disability, giftedness, and language diversity; and focuses on intergroup relations and principles for teaching and learning. This new edition incorporates new concepts, theories, research, and developments in the field of multicultural education and features: A new Chapter 5, Increasing Student Academic Achievement: Paradigms and Explanations provides important explanations for the achievement gap and suggests ways that educators can work to close it. A new Chapter 7, Researching Race, Culture, and Difference, explains the unique characteristics of multicultural research and how it differs from mainstream research in education and social science. A new Chapter 14, Principles for Teaching and Learning in a Multicultural Society contains research-based guidelines for reforming teaching and the school in order to increase the academic achievement and social development of students from diverse racial, ethnic, cultural, language, and gender groups. A new Appendix—Essential Principles Checklist—designed to help educators determine the extent to which practices within their schools, colleges, and universities are consistent with the research-based findings described in the book.

San Diego Lowriders Alberto López Pulido & Rigoberto "Rigo" Reyes, 2017-04-10 San Diego's unique lowrider culture and community has a long history of low and slow. Cruising the streets from 1950 to 1985, twenty-eight lowrider car clubs made their marks in the San Diego neighborhoods of Logan Heights, Sherman Heights, National City, Old Town, San Ysidro and the adjoining border community of Tijuana, Mexico. Foundational clubs, including the Latin Lowriders, Brown Image and Chicano Brothers, helped transform marginalized youth into lowriders who modified their cars into elegant, stylized lowered vehicles with a strong Chicano influence. Despite being targeted by the police in the 1980s, club members defended their passion and succeeded in building a thriving scene of competitions and shows with a tradition of customization, close community and Chicano pride. Authors Alberto López Pulido and Rigoberto Rigo Reyes follow the birth of lowrider culture to the present day.

Mexican American Religions Gastón Espinosa, Mario T. García, 2008-07-08 This collection presents a rich, multidisciplinary inquiry into the role of religion in the Mexican American community. Breaking new ground by analyzing the influence of religion on Mexican American literature, art, activism, and popular culture, it makes the case for the establishment of Mexican American religious studies as a distinct, recognized field of scholarly inquiry. Scholars of religion, Latin American, and Chicano/a studies as well as of sociology, anthropology, and literary and performance studies, address several broad themes. Taking on questions of history and interpretation, they examine the origins of Mexican American religious studies and Mario Barrera's theory of internal colonialism. In discussions of the utopian community founded by the preacher and activist Reies López Tijerina, César Chávez's faith-based activism, and the Los Angeles-based Católicos Por La Raza movement of the late 1960s, other contributors focus on mystics and prophets. Still others illuminate popular Catholicism by looking at Our Lady of Guadalupe, home altars, and Los Pastores dramas (nativity plays) as vehicles for

personal, social, and political empowerment. Turning to literature, contributors consider Gloria Anzaldúa's view of the borderlands as a mystic vision and the ways that Chicana writers invoke religious symbols and rhetoric to articulate a moral vision highlighting social injustice. They investigate the role of healing, looking at it in relation to both the Latino Pentecostal movement and the practice of the curanderismo tradition in East Los Angeles. Delving into popular culture, they reflect on Luis Valdez's video drama *La Pastorela*: "The Shepherds' Play," the spirituality of Chicana art, and the religious overtones of the reverence for the slain Tejano music star Selena. This volume signals the vibrancy and diversity of the practices, arts, traditions, and spiritualities that reflect and inform Mexican American religion. Contributors: Rudy V. Busto, David Carrasco, Socorro Castañeda-Liles, Gastón Espinosa, Richard R. Flores, Mario T. García, María Herrera-Sobek, Luis D. León, Ellen McCracken, Stephen R. Lloyd-Moffett, Laura E.
