

Lowrider

Carmella Padilla, Juan Estevan Arellano

The Lowrider's Handbook Lowrider Editorial Staff, 2002 A collection of technical articles from Lowrider magazine that provide information on a variety of topics related to lowriders, including engine modifications, detailing, custom interior modifications, and choosing proper tires and wheels.

Lowrider Paige R. Penland, 2003 Discusses the history and culture of the movement that began in the neighborhoods of East Los Angeles in the late 1930s, when cars were lowered for the purposes of style, tracing its development through the decades and into the twenty-first century, and includes color photographs.

Lowriders Danny Parr, 2001 Annotation Discusses the customized vehicles known as lowriders, including its history, its parts, and artwork.

Lowriders in Space Cathy Camper, 2014-11-01 Lupe Impala, El Chavo Flapjack, and Elirio Malaria love working with cars. You name it, they can fix it. But the team's favorite cars of all are lowriders—cars that hip and hop, dip and drop, go low and slow, bajito y suavequito. The stars align when a contest for the best car around offers a prize of a trunkful of cash—just what the team needs to open their own shop! ¡Ay chihuahua! What will it take to transform a junker into the best car in the universe? Striking, unparalleled art from debut illustrator Raul the Third recalls ballpoint-pen-and-Sharpie desk-drawn doodles, while the story is sketched with Spanish, inked with science facts, and colored with true friendship. With a glossary at the back to provide definitions for Spanish and science terms, this delightful book will educate and entertain in equal measure.

San Diego Lowriders Alberto López Pulido & Rigoberto "Rigo" Reyes, 2017-04-10 San Diego's unique lowrider culture and community has a long

history of low and slow. Cruising the streets from 1950 to 1985, twenty-eight lowrider car clubs made their marks in the San Diego neighborhoods of Logan Heights, Sherman Heights, National City, Old Town, San Ysidro and the adjoining border community of Tijuana, Mexico. Foundational clubs, including the Latin Lowriders, Brown Image and Chicano Brothers, helped transform marginalized youth into lowriders who modified their cars into elegant, stylized lowered vehicles with a strong Chicano influence. Despite being targeted by the police in the 1980s, club members defended their passion and succeeded in building a thriving scene of competitions and shows with a tradition of customization, close community and Chicano pride. Authors Alberto López Pulido and Rigoberto Rigo Reyes follow the birth of lowrider culture to the present day.

Lowrider Space Ben Chappell, 2012-07-15 Aren't lowriders always gangbangers? And, don't they always hold high status in their neighborhoods? Contrary to both stereotypes, the people who build and drive lowrider cars perform diverse roles while mobilizing a distinctive aesthetic that is sometimes an act of resistance and sometimes of belonging. A fresh application of critical ethnographic methods, *Lowrider Space* looks beyond media portrayals, high-profile show cars, and famous cruising scenes to bring readers a realistic tour of the "ordinary" lowriders who turn streetscapes into stages on which dynamic identities can be performed. Drawing on firsthand participation in everyday practices of car clubs and cruising in Austin, Texas, Ben Chappell challenges histories of erasure, containment, and class immobility to emphasize the politics of presence evidenced in lowrider custom car style. Sketching out a partially personal map of the lowrider presence in Texas's capital city, Chappell also explores the interior and exterior

adornment of the cars (including the use of images of women's bodies) and the intersecting production of personal and social space. As he moves through a second-hand economy to procure parts necessary for his own lowrider vehicle, on "service sector" wages, themes of materiality and physical labor intersect with questions of identity, ultimately demonstrating how spaces get made in the process of customizing one's self.

San Diego Lowriders: A History of Cars and Cruising Alberto López Pulido & Rigoberto "Rigo" Reyes, 2017 San Diego's unique lowrider culture and community has a long history of 'low and slow.' Cruising the streets from 1950 to 1985, twenty-eight lowrider car clubs made their marks in the San Diego neighborhoods of Logan Heights, Sherman Heights, National City, Old Town, San Ysidro and the adjoining border community of Tijuana, Mexico. Foundational clubs, including the Latin Lowriders, Brown Image and Chicano Brothers, helped transform marginalized youth into lowriders who modified their cars into elegant, stylized lowered vehicles with a strong Chicano influence. Despite being targeted by the police in the 1980s, club members defended their passion and succeeded in building a thriving scene of competitions and shows with a tradition of customization, close community and Chicano pride. Authors Alberto Lâopez Pulido and Rigoberto 'Rigo' Reyes follow the birth of lowrider culture to the present day. --

Lowriders, Lowriders have roared out of the West Coast and Southwest, popping up in movies, commercials and music videos. All major types of lowriders -- traditional, bombs, trucks, Euros and new age -- are examined in this bilingual edition, emphasizing the artistic and mechanical ingenuity that goes into the cars. One chapter even examines lowrider bicycles.

Lowriders E. D. Lake, 1995 Describes the customized sedans known as lowriders, and

discusses their origin and popularity.

Lowriders Thomas K. Adamson, 2019-08-01 Have you ever seen a car dance? Lowrider cars can bounce and shimmy thanks to special hydraulic suspensions and tires. Owners may even enter their cars in competitions! This low-level title introduces readers to these unique competitions, as well as other fascinating aspects of lowriders and the culture that surrounds them.

Lowriders to the Rescue Cathy Camper, 2022-05-17 The next books in the acclaimed Lowriders series combines comics, Spanish, mixing cultures, science, superheroes, and first loves for an out-of-this-world graphic novel experience. A changing planet means new problems—and new friends—for nuestros amigos favoritos! Meet Lupe, a whip-smart impala with a flair for mechanics Flapjack, a sweet young octopus who can shine up anything with his eight gleaming tentacles and Elirio, a thoughtful mosquito who's fascinated with words and determined to become an artist. What do all three have in common? A love of lowriders—and a passion for solving problems! Nothing is normal in the little town where the Lowriders live. To start, Flappy can't see a thing! He keeps mistaking fire hydrants for sailors and laundry for love interests. Even more worrying, the Upscale Business Association is determined to make more money than ever by tearing down local shops in favor of a brand-new development for wealthy landowners. Most disconcerting of all, the monarchs who usually migrate through town at this time of year are nowhere to be found. But when Sokar, a beautiful young monarch, bikes into town with a broken wing, she has scary news to report: A dangerous wildfire is burning fast and hot and nonstop, leaving the monarchs stranded. Might Sokar and Flappy have more in common than meets the goggles? How can the Lowriders save their town? And exactly how powerful is passion in the

face of an overheated planet's furious flames? Humor, Spanish, and lowriders come together in this rollicking journey through the bumpy terrain of new friends, climate change, and standing up for what you believe in. ¡Vámonos! Lowriders in Chicano Culture Charles M.

Tatum, 2011-07-22 This informed and accessible book captures the art, energy, passion, and pageantry of over 60 years of lowrider culture—an absolutely iconic Chicano and American phenomenon. Much like rap music and ethnic foods, Chicano lowrider culture has become sufficiently widespread in recent decades to almost be considered mainstream. However, those outside of lowriding may not realize that this cultural phenomenon is not the result of a recent fad—it originated in the pre-World War II era, and has continued to grow

and evolve since then. Lowriders in Chicano Culture: From Low to Slow to Show allows readers to see how this expressive culture fits within the broader context of Chicano culture and understand how lowriding reflects the social, artistic, and political dimensions of America's fastest-growing ethnic group. It includes chapters that explain the culture of pachucas/os and cholas/os; the unique aesthetics of lowrider vehicles; lowrider music, shows, and clubs; the mechanics of building a lowrider vehicle; and lowrider culture in the media including film, newspapers, and television. The book also traces how lowrider culture has recently expanded beyond the urban streets and into the massive exhibit halls of lowrider shows, exposing lowrider culture to even more enthusiasts.

Lowriders Tracy Maurer, 2004 Discusses the history and current popularity of lowriders, automobiles custom-built low to the ground, as well as lowrider clubs and car shows, also touching on lowrider bicycles.

Lowrider Coloring Book Oscar Nilsson, 2011-04-14 Paint your own lowrider just the way you like it! Impalas, Cadillacs and Rivas. In the Lowrider Coloring Book, you will color the classic and most popular Lowrider models. Lowrider culture reaches back to 1930s Los Angeles, where it became popular for style-conscious Latino-Americans to load their cars with sandbags to bring it closer to the road. Style was everything, and when lowered cars were banned in California in the 1950s, it became necessary to find a way to raise and lower the car simply to avoid fines. The solution was to use hydraulics from old fighter planes left over from World War II. The rapper Kid Frost showcased lowriding in the early 90s hit Lowrider, and since then, the cars are closely associated with hip hop culture. Today, lowriding is bigger than ever with thousands of enthusiasts in most parts of the

world. All strive to outdo each other with the most elegant varnish, interior, hydraulics, chrome and rims. The custom cars you'll be coloring in the Lowrider Coloring book were converted by some of the best and most legendary enthusiasts. What color is your Impala?

Low 'n Slow Carmella Padilla, Juan Estevan Arellano, 1999 This homage to lowriding in New Mexico is graced with more than one hundred photographs of the most distinctive lowriders shot against the dramatic New Mexico landscapes. The accompanying essay and poems explore the lowriding phenomenon as a symbol of Hispanic pride and individuality.

Lowriders to the Center of the Earth Cathy Camper, 2016-07-05 The lovable trio from the acclaimed Lowriders in Space are back! Lupe Impala, Elirio Malaria, and El Chavo Octopus are

living their dream at last. They're the proud owners of their very own garage. But when their beloved cat Genie goes missing, they need to do everything they can to find him. Little do they know the trail will lead them to the realm of Mictlantecuhtli, the Aztec god of the Underworld, who is keeping Genie prisoner!
