Realistic exam practice questions mirror the certification exam content, the multiple-choice format, and the distribution of content. Online exam simulation, included free on the Evolve companion website with each new book purchase, mirrors the test-taking experience with questions organized according to either of the two major certification examinations — the AACN's CCRN®-Neonatal exam or the NCC's Neonatal Intensive Care (RNC-NIC) exam. You can choose whether to work through the questions in Study Mode or

Examination Mode, with complete remediation that includes rationales for both correct and incorrect answers. Compact, portable size facilitates study anytime, anywhere. NEW! Approximately 214 additional review questions bring the total to 789 questions for realistic test preparation. UPDATED! Thoroughly revised and updated questions reflect the latest AACN CCRN®-Neonatal and the NCC's RNC-NIC test plans, changes to the Core Curriculum, and the latest evidence-based guidelines for neonatal critical care. UPDATED! Rationales in the answer key reference the most recent literature and evidence-based guidelines.

**With Stalin against Tito** Ivo Banac,2018-10-18 In 1948 in a series of moves that culminated in the famous Cominform Resolution, Stalin struck at the Communist Party in Yugoslavia, provoking the first split in the Communist state system. With this long-awaited book, Ivo Banac becomes the first scholar to assess the domestic consequences of Yugoslavia's expulsion from the Cominform, and his findings will radically revise some of our most basic assumptions about Tito's revolution. Banac's subject is the nature and fate of those elements in the Yugoslav Communist party who were said to have sided with Moscow against their own country's leadership. He demonstrates that the so-called Cominformists represented as much as twenty-percent of the party membership and had widely divergent aims. He then reconstructs the history of the labyrinthine factional struggles that

preceded and accompanied the 1948 split and shows that, as always, the national question played the dominant role in Yugoslav politics. After identifying the members of the opposition and mapping its course, Banac recounts the harsh repression of the movement. He provides massive documentation of startling irony: the conflict with Stalin played the same part in the shaping of Yugoslavia's political system as the collectivization and purges of the 1930's did in the history of Soviet communism.
