Dick Elder

**Win the Lottery!** Ellin Dodge, 2000-10 **Win the Lottery!**, written by America's foremost numerologist Ellin Dodge, uses the ancient science of numerology to help you pick your personal lucky numbers for you and the whole family. By reading this short, information-packed book, you will learn the six numbers that belong to you and will bring you luck in any games of chance. When Shakespeare wrote, "What's In A Name," he had no idea the real answer, according to numerology, is your "lucky number."

**Lucky Number Lottery Guide** Marcelle Blackerby, 1989-05-01 Explains how to use numerology and dreams to pick lottery numbers, and assigns numbers to more than two thousand dream images

**Mystic Meg's Lucky Numbers** Mystic Meg, 1996 Having become an institution on BBC1's National Lottery Live, Mystic Meg explains the secret meaning of numbers one to 49. Using magic numbers and squares, runes and I Ching, Meg calculates readers' personal hot six lottery numbers and which days will be lucky for them. She looks at which numbers appear on the lottery most frequently and which ones seldom occur, and interviews UK and worldwide winners who reveal how they picked their lucky six. Meg

shows how readers can calculate their personal lucky numbers based on date of birth, name and starsign, how this number can reveal personality and destiny, and which numbers will work for readers in the years leading up to the millenium.

**Pick Your Lucky Numbers** Jo Mason,1996-02 Readers discover strategies they can use to pick their lucky numbers. Along with explanations of the various types of lottery games, this book provides readers with traditional strategies based on math and logic, a guide to using astology to find lucky numbers, real-life winners' success stories, easy-to-follow charts and simple calculations and more.

Hot Lotto Numbers Jean Simpson,1987-04 Based on the same ingenious numerological system from which the amazingly successful Hot Numbers system derived, Hot Lotto Numbers is a very simple way to choose winning Lotto numbers for any of the state lotteries.

**The Lottery Book** Don Catlin,2003 This book should be read by everyone who plays the state-run lotteries. Despite the fact that we players all know 'the odds are a million to one' against winning those big jackpots, most of us don't know the nature of these games or the math behind them or, yes, how to most effectively

play them. In this groundbreaking book, you will learn: How to increase your chances of winning a jackpot that doesn't have to be shared with other players; How to tell when a jackpot becomes a 'positive expectation' bet and what that really means; How to keep the long arm of the government from getting its hands on significant portions of your wins; How to figure the odds on the various lotteries and the typical scratch-off tickets; How to find 'positive expectation' scratch-off games during special promotions.

First thing first you must play the lottery before you can win the lottery it's just that simple! After reading *Get Lucky* you'll be eager to exercise what you've learned. The strategies are so simple you'll be able to pick your winning numbers confidently. After you've picked your winning

number you'll learn what days to play your winning number on! Think about how much money you can earn/win knowing which days to play your numbers on! You'll know for a fact that winning the lottery and winning consistently is about strategy, and guess what else? Get lucky lottery strategy works in any state. **Lucky Numbers** Dick Elder,2014-04 There's nothing unusual about Edward Noble; his wife, Sandy; or their twin daughters, Patricia and Beverly. They're a typical, middle-income family living in the Knolls, a subdivision of new cookie-cutter stucco homes in Peoria, Arizona. the Nobles are a happy, well-adjusted family--that is, until six numbers change everything. Ed wins \$88 million after taxes in a lottery. the family decides they'll use the money sensibly

and not blow it all as so many winners have; in fact, they set up a committee of experts to assist them in managing the money wisely. But in spite of their best efforts to avoid the pitfalls that bedeviled so many winners in the past, things start getting out of hand. They buy a home in Malibu, fancy cars, and a sailboat. With too much time on her hands, Sandy begins playing tennis and drinking with a handsome neighbor. Beverly takes a trip to Mexico with her boyfriend with disastrous results while her twin sister faces problems of her own. the family struggles to regain the values, the serenity, and the love they once enjoyed. the question is, will they be able to do it?

2021 Lottery Numbers Dream Book Dr Golder,2021-01-01

Picking Winning Lottery Numbers can be hard. Many people have complicated mathematical systems that use historical data (maybe a birthday, or what they are lucky numbers). Some people use the same numbers every time they play. Others just let the system spit out random numbers. Very often the results are disappointing or totally random. This book goes back to the grand tradition of fusing

our own dreams and modern numerology—coding this dream imagery into usable, meaningful numbers. For instance, are you dreaming of Pizza every other night? Well this could mean something (apart from waking up hungry every morning!). Why not use this in your choice of number? The tables in this Modern Lottery Dream Book will give you something usable from that dream to actually use in the Lottery of your choice. The number to choose for Pizza would be 65 if you are playing Power Ball. In this book, you will Learn how to remember your dreams Learn how to Transcode Proper Nouns Create complete sets of Lottery Numbers from your Dreams Over 1000 common items included - all with their own numbers \*\* While no Winning is Guaranteed, this book can make the numbers directly connect with your dreams. Tables and descriptions valid for Mega Millions (US), Powerball (US), UK National Lottery (UK), Euro Jackpot (EU) and Euro Millions (EU).
