The Stand-In Lily Chu,2022-05-03 Featured in USA Today's Best Rom-Coms of May 2023 and one of the Washington Post's best romances of the year! The Stand-In is a charming, engaging rom com that drips in glamour and sparkles with banter. Chu's exploration of multi-racial identity was resonant and nuanced. The Stand-In is truly a stand out romance. — USA Today bestselling author Andie J. Christopher Gracie Reed was just fired by her overly handsy boss at the worst possible moment. She's been scraping together every extra dollar to get her mother into a top-notch memory care center. To make matters worse, a paparazzo has mistaken her for a famous Chinese actress in town for a new project and the resulting snapshot's gone viral. Gracie's barely holding it all together...until a mysterious SUV rolls up beside her on the street, and she's offered the opportunity of a lifetime. Gracie can't believe what she's hearing: due to their uncanny resemblance, gorgeous actress Wei Fangli wants Gracie to be her stand-in. The catch? Gracie will have to be escorted by Sam Yao, the other half of Chinese cinema's infamous golden couple. Problem is, Sam is the most attractive—and infuriating—man Gracie's ever met. But if it means getting the money she needs for her mother, Gracie's in. Soon Gracie moves into a world of luxury she never knew existed. But resisting her attraction to Sam, and playing the role of an elegant movie star, proves more difficult than she ever imagined—especially when she learns the real reason Fangli so desperately needs to step out of the spotlight. In the end all the effort in the world won't be able to help Gracie keep up this elaborate ruse without losing herself...and her heart. Readers will delight in this glamorous, swoon worthy enemies-to-lovers romance that is as hilarious as it is heart-wrenching.

Swamp Water Tales Tarver Wooten,2018-04-17 This story begins in Bay City, Louisiana, at a time when everyone left the front door unlocked, and car keys remained in the car either in the visor or the floorboards. Everyone slept with the windows open because the only means of cooling was the attic fan or swamp coolers. Sweet was the air of innocence. In Swamp Water Tales, author Tarver Wooten shares a collection of stories and adventures from his life in this small town in Louisiana and the challenges of growing up as Sicilian-German in a military community, where the sentiments from the war were still fresh. He narrates stories of wandering from neighborhood to neighborhood without a care in the world during the barefoot days of summer and playing along the stretch of the Red River. This memoir offers a look at how a child grew into a teenager in a place that was home, a place where his friends were, and a place where everything he knew about life was there.

The Roxy Letters Mary Pauline Lowry,2020-04-07 Meet Roxy. For fans of Where'd You Go, Bernadette and Bridget Jones's Diary comes "just the kind of comic novel we need right now" (The Washington Post) about an Austin artist trying to figure out her life one letter to her ex-boyfriend at a time. Bridget Jones penned a diary; Roxy writes letters. Specifically: she writes letters to her hapless, rent-avoidant ex-boyfriend—and current roommate—Everett. This charming and funny twenty-something is under-employed (and under-romanced), and she's decidedly fed up with the indignities she endures as a deli maid at Whole Foods (the original), and the dismaying speed at which her beloved Austin is becoming corporatized. When a new Lululemon pops up at the intersection of Sixth and Lamar where the old Waterloo Video used to be, Roxy can stay silent no longer. As her letters to Everett become less about overdue rent and more about the state of her life, Roxy realizes she's ready to be the heroine of her own story. She decides to team up with her two best friends to save Austin—and rescue Roxy's love life—in whatever way they can. But can this spunky, unforgettable millennial keep Austin weird, avoid arrest, and find romance—and even creative inspiration—in the process?

Point Bligh Ɖ Trilogy Clifford Bishop ACS,2017-09-23 A girl who was born in a light house discovers that she can do strange and powerful things. She grows to become a thriving businesswoman, philanthropist, and inventor who knows nothing of love, friendship, or family. She learns that she is part of a spiritual family; a society that has learned that though this physical world may be a useful place to live, physicality is still an illusion. They have learned that the only truth is love. The question is: What do you love?

The Magic of Tiny Business Sharon Rowe,2018-05-08 "This is a powerful book—tiny is mighty. Sharon Rowe's simple shift in thinking is a profound idea, precisely what we need to hear." —Seth Godin, author of Linchpin Too many of us feel trapped by work that keeps us from living our purpose. We fantasize about starting our own business, yet we're warned against falling into debt, working eighty hours a week, and coping with the pressure to grow. Eco-Bags Products founder Sharon Rowe says there's another way: go tiny. Like a tiny house, a tiny business is built on maintaining a laser focus on what is essential by living an intentional life. As an entrepreneur and mother, Rowe is most concerned with putting family first, maintaining financial security, and doing something that makes an impact in the world. Using the success story of Eco-Bags Products, Rowe distills the step-by-step process of building a profitable, right-scaled, sustainable venture that doesn't compromise your values. She shows you how to test your concept, manage your money and priorities, and more, while staying true to the tiny ethos.

Totch Loren G. Brown,2018-12 Totch Brown's memoirs of vanished days in the Ten Thousand Islands and the Everglades--the last real frontier in Florida, and even today the greatest roadless wilderness in the United States--are invaluable as well as vivid and entertaining, for Totch is a natural-born story-teller, and his accounts of fishing and gator hunting as well as his life beyond the law as gator poacher and drug runner are evocative and colorful, fresh and exciting.--from the foreword by Peter Matthiessen In the mysterious wilderness of swamps, marshes, and rivers that conceals life in the Florida Everglades, Totch Brown hung up his career as alligator hunter and commercial fisherman to become a self-confessed pot smuggler. Before the marijuana money rolled in, he survived excruciating poverty in one of the most primitive and beautiful spots on earth, Chokoloskee Island, in the mangrove keys known as the Ten Thousand Islands located at the western gateway to the Everglades National Park. Until he wrote this memoir--recollections from his childhood in the twenties that merge with reflections on a way of life dying at the hands of progress in the nineties--Totch had never read a book in his life. Still, his writing conveys the tension he experienced from trying to live off the land and within the laws of the land. Told with energy and authenticity, his story begins with the handful of souls who came to the area a hundred years ago to homestead on the high ground formed from oyster mounds built and left by the Calusa Indians. They lived close to nature in shacks built of tin or palmetto fans; they ate wild meat, Chokoloskee chicken (white ibis), swamp cabbage, even--when they were desperate--manatee; and they weathered all manner of natural disaster from

hurricanes to swarms of swamp angels (mosquitoes). In his grandpa's day, Totch writes, outlaws and cutthroats would shoot a man down just as quick as they'd knock down an egret, especially if he came between them and the plume birds. His grandparents were both contemporaries of Ed J. Watson, the subject of Peter Matthiessen's best-selling Killing Mr. Watson, and Totch is featured in the recent award-winning PBS film Lost Man's River: An Everglades Adventure with Peter Matthiessen. He also appeared in Wind Across the Everglades, the 1957 Budd Schulberg movie in which Totch and Burl Ives sing some of Totch's Florida cracker songs. Loren G. Totch Brown was born in Chokoloskee, Florida, in 1920. After purchasing his first motorboat at the age of thirteen (and retiring from formal schooling after the seventh grade) he worked as an alligator hunter, commercial fisherman, crabber, professional guide, poacher, marijuana runner, singer, and songwriter.

A Dictionary of the English Languae Samuel Johnson,

Mules and Men Zora Neale Hurston,2009-10-13 Zora Neale Hurston brings us Black America’s folklore as only she can, putting the oral history on the written page with grace and understanding. This new edition of Mules and Men features a new cover and a P.S. section which includes insights, interviews, and more. For the student of cultural history, Mules and Men is a treasury of Black America’s folklore as collected by Zora Neale Hurston, the storyteller and anthropologist who grew up hearing the songs and sermons, sayings and tall tales that have formed and oral history of the South since the time of slavery. Set intimately within the social context of Black life, the stories, “big old lies,” songs, voodoo customs, and superstitions recorded in these pages capture the imagination and bring back to life the humor and wisdom that is the unique heritage of Black Americans.

Practical Ethics Peter Singer,2011-02-21 For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.
