Marketing the Luxury of Interior Design Pamela Danziger,2017-02-22 The traditional business of interior design

has been disrupted in the face of growing competition, arising from retailers moving upscale with more sophisticated design resources (RH, Crate & Barrel), offering complimentary design services (Ethan Allen, Pottery Barn, West Elm), and emerging new-age internet retailers and services (Wayfair.com, Havenly.com). Complicating matters further, consumers are increasingly taking a do-it-yourself approach to home design and decorating challenges, encouraged by HGTV and other sources of information that portray a oversimplified and unrealistic picture of home improvement projects. Designers dedicated to providing customized, professional interior design services need new marketing strategies to succeed in today's competitive and complex market. To win in this new marketplace, designers must be exceptional marketers as well as exceptional designers. This book is a designer's guide to marketing success. Based upon research that author Pam Danziger, president of Unity Marketing, is known for, this book identifies the best clients for interior designer services and reveals how to reach the target customer with branding and marketing that connects. With a foreword by Cary Kravet, President and CEO of Kravet Inc., a leader in to-the-trade design resources, this book helps prepare interior designers to be more proficient and effective marketers as they confront today's changing market for professional interior design services.

Artfully Modern Richard Mishaan, Judith Nasatir, 2014-11-04 Interior designer Richard Mishaan believes that all furniture and decorative accessories with inherently good form can be combined successfully regardless of style, period, or price. He creates exuberant, bold, glamorous spaces known for their masterful use of art that are nevertheless comfortable above all. In his work, every room is treated to at least one small luxury: bespoke embroidery on a wall covering, a shimmery midcentury Murano-glass chandelier, or a screen covered in wallpaper patterned like malachite. Mishaan believes that the best interiors are layered and rich. He skillfully brings together furnishings and objects from myriad eras—Italian neoclassic, seventeenth-century French, African tribal, Art Deco, Biedermeier—in a contemporary fusion style that has become his signature. This volume covers Mishaan's best work since 2009 and includes a dozen spaces of every scale, from gemlike city apartments to Hamptons estates and the presidential suite at the St. Regis Hotel. Throughout, he weaves tips on how to live well in any size dwelling; full-color photography illustrates his ideas for truly personalizing spaces and for injecting areas devoted completely to comfort in every room.
