Fabulous! Mitchell Owens, 2023-09-12 For readers who enjoyed Mario Buatta, Tom Britt's monograph documents the fifty-year career of one of America's greatest designers. Britt's interiors reflect a cleanly tailored and brightly hued modernity, with all the embellishments of refined and luxurious decoration. A must-have addition to Rizzoli's list of books on the modern masters of interior design. *Fabulous: The Dazzling Interiors of Tom Britt* is a sweeping survey of (and the first book about) the AD100 interior designer's grand way with decoration. Color palettes are bold, style contrasts are high energy, even the smallest room is packed with swagger and panache, and multicultural allusions abound.

Parisian Interiors Barbara Stoeltie, Rene Stoeltie, 2011-02-22 Bursting with color and dramatic focal points, these exceptional interiors offer exclusive access into the homes of Paris's finest art and antiques aficionados. The magic of Paris is distinctly captured in its interiors: windows are tall, and rooms have high ceilings with grand architectural details; but the real charm comes in the thoughtfully selected elements that bring those spaces to life. Paris is rife with antique collectors, art historians, architects, and interior designers who dedicate their lives to the contemplation of each element that goes into the ideal interior. Barbara and René Stoeltie invite us inside the private oases of twenty of the city's celebrated interiors gurus, capturing in vivid photographs these havens of perfection, brimming with inspiration for the home. While each interior is distinctly unique, they all draw from a rich historical tradition of decorative arts combined with an instinctive desire to reinvent itself, mixing the best elements from different epochs with contemporary art, bold colors, or surprising pattern combinations. A foreword from Jacques Garcia, with his gracious nod to the great Madeleine Castaing, opens this handsome volume.

Provence Style Shauna Varvel, 2021-06-15 An intimate tour of quintessential Provencal style, featuring chic homes and interior details inspired by this picturesque region Thirty years after the publication of Peter Mayle's bestselling memoir *A Year in Provence*, the sun-drenched southern French region continues to excite home decorators with its combination of rustic charm, elegant details, and historical influences. *Provence Style* showcases the best of the region, with Shauna Varvel's quintessential 18th-century Rhône valley farmhouse--Le Mas des Poiriers--as its centerpiece. Named for the working pear orchard on the grounds, the property was reimaged by noted local architect Alexandre Lafourcade, who transformed a rough structure into a luxurious expression of the Provençal aesthetic, referencing historical influences, rural traditions, and Parisian taste. Set amid a garden of allées, arbors, and terraces

designed by the architect's mother, renowned landscape designer Dominique Lafourcade, this exemplar of Provençal style is the starting point for exploring the region's characteristic interior details and exterior features. The book includes chapters on the public spaces of the home, from entrances to living rooms, the private realm of bedrooms and bathrooms, and outdoor areas including patios and kitchen gardens, transporting the reader on a captivating stylistic journey.

100 Years of Civil Aviation Ben Skipper,2023-11-15 An examination of civil aviation history from the end of World War I to the retiring of the Jumbo Jet. The book examines a century of civil aviation; in 1919 a fledgling industry was born out of civilianizing First World War bombers. The book covers the design and development of civil aircraft and all the personalities that shaped the industry; it features the hey-day of air travel before the advent of mass passenger transit, and the rise of smaller, austerity airlines. It covers the influence of military aircraft on civil planes, unpacks the laws that govern civil aviation and how they have changed over the past century. It chronicles air disasters, both mechanical and tyrannical, and for the first time, looks at the role of women in civil aviation. Playing its part in times of crisis, civil aviation has led rescue missions and covert operations; civilian pilots were often used to test and transport new aircraft from their manufacturers to the frontline, often unarmed and unescorted. The book ends with the quiet retirement of an icon, amid a global pandemic and what lies in store for a greener flying future.

Designing Liners Anne Wealleans,2006-09-27 This in-depth history of the interior design of ocean liners surveys the transient history of interior design in relation to the development of passenger shipping, from commissioning by the line owners, methods and sources for the original creation of designs through to its construction, use and influence. It is a short-lived branch of architecture and design, lasting an average of fifteen years. As the design and taste mirrors and reinforces cultural assumptions about national identity, gender, class and race, not only did the interiors of ocean going liners reflect the changing hierarchies of society and shifting patterns in globalization, but the glamour and styling of the liners were reflected back into the design of interiors on land. Combining design history, architecture history, material and visual cultures, *Designing Liners* is a richly multidisciplinary work for those studying or researching this application of interior design.

How They Decorated P. Gaye Tapp,2017-04-11 *How They Decorated* illustrates some of the great rooms of the twentieth century, whose stylish residents influence our tastes today. Gloria Vanderbilt cleverly noted, “Decorating is autobiography.” Reflecting that truism, the interiors in this book capture the individual approaches of these icons of style: Bunny Mellon’s spare all-American elegance; Hélène Rochas’s refined sophistication; Vanessa Bell’s colorful bohemianism; Mona von Bismarck’s breezy opulence; and Georgia O’Keeffe’s earthy chic. Author P. Gaye Tapp analyzes each of her subjects’ refined way of living, how she embellished her residences (or left them elegantly stark), and the long-lasting effects on today’s generation of designers and connoisseurs of beauty. The book is presented in four sections that describe the aesthetic approaches that the ladies took in decorating their abodes: “The Fashionably Chic”, “The Unconventional Eye”, “In the Grand Manner”, and “Legacy Style”. Each interior illustrates the crucial aspect of the lady’s definitive taste. Some worked closely with decorating legends such as John Fowler, Albert Hadley, Billy Baldwin, Syrie Maugham, and Jean-Michel Frank. Others took to the task of decorating single-handedly—like Pauline Trigère, Sybil Connolly, Vita Sackville-West, and Fleur Cowles. The interiors of these trendsetting ladies defied their time and inspire and delight to this day. In *How They Decorated*, one can learn from the most notable style muses of the last century.

American Decoration Thomas Jayne,2012-10-30 Interior designer and decorative arts and antiques expert Thomas Jayne follows up his essential 2010 compendium *The Finest Rooms in America* with this new collection of his own work. Thomas Jayne possesses a unique dual vision—he keeps one eye focused on the aesthetic traditions of the past, and the other looking forward: innovating, creating, and imagining interiors to suit modern sensibilities. His reverence for traditional ideas does not restrict Jayne’s understanding of what makes a beautiful room—rather than seeking to replicate and repeat the exact décor from past, Jayne finds inspiration in the distinctive histories of the spaces in which he works. In every project he undertakes, he draws on his rich academic background in the decorative arts to design interiors that harmonize with their historical settings, yet also connect intimately to the active and modern lives of families who call these remarkable buildings home. Jayne believes that American interior decoration is unique in its combination of elements from European and Asian cultural traditions with indigenous ideas and materials, in its emphasis on comfort and livability, and in its human scale. Presented here for the first time, his projects reflect this sensibility, drawing from established traditions and reinterpreting them for contemporary life. Drawing on the legacies of Albert Hadley and Sister Parish, Jayne insists on authenticity and comfort, incorporating elegant antiques and art with a subtle but warm palette and a welcoming setting. In this richly illustrated collection of both city and country residences, Jayne reveals the inspiration and thought behind each design, identifying elements from the architecture, the clients’ collections of art and antiques, and from the site itself that serves as the basis for the decoration of the rooms.

The Well Adorned Home Cathy Kincaid,2019-09-10 Renowned interior designer Cathy Kincaid's first book provides a fresh approach to combining classic and contemporary design with a refined sensibility. Known for her carefully nuanced color palettes and attention to detail, Cathy Kincaid creates warm and gracious interiors. Her worldly taste in collecting art and furnishings, her intricate layering of patterns, and the customized details--from trelliswork to lacquered surfaces--she applies to every room are hallmarks of her style. Presented are varied residences, ranging from a ship captain's cottage and a 1920s Spanish Colonial to a bucolic farmhouse and a family house in the country, in such locations as Dallas, Connecticut, and the South of France. Sprinkled throughout is Kincaid's advice on such topics as selecting the right lighting, whether it be sconces or lamps; ways to showcase blue-and-white porcelain; and suggestions for how to edit one's home. She has been long involved in historic preservation, working on many landmarked dwellings. Learn from this design expert how to achieve a comfortable yet sumptuous home environment.

Artful Decoration Andrew Fisher,Jeffry Weisman,2013-03-19 Andrew Fisher and Jeffry Weisman delight in the unexpected. They revel in beautiful contradictions to create interiors that blend the exotic and the traditional and refresh classic ideas with handmade, whimsical details. Both designers contribute an essential element to every project: Andrew Fisher injects opulence and glamour, hand-decorating chandeliers with shells, crafting side tables with delicate branchlike bases, and choosing ornate accent materials like tortoise, gold leaf, and peacock feathers; Jeffry Weisman contributes restrained architecture, calm visual pauses, and impeccable interior finishes. As a firm, Fisher Weisman breathes new life into traditional aesthetics, reinterpreting timeless sensibilities with a lively and contemporary eye. Whether recovering Biedermeier chairs in zebra hide and slipper chairs with repurposed Indian saris found on their travels or finishing formal dining rooms in rich chocolate lacquer, Fisher Weisman subverts expectations to create truly extraordinary interiors. *Artful Decoration* showcases the exquisite work of this San Francisco-based design firm, revealing the

imagination, meticulous attention to detail, and the sense of humor with which they infuse every home. Beguiling touches finish off rooms designed with an enviable knowledge of form, proportion, color, and history to bring traditional spaces into the present and create livable, fresh interiors with an artisanal flair. Artful Decoration features thirteen residences ranging from small but lavish pieds-à-terre to airy Californian estates, from elegant penthouses to one especially elaborate tree house. Two hundred vivid, full-color illustrations reveal these and many other unexpected pleasures on every page to delight the eye and inspire the imagination.

Robert Couturier Robert Couturier, Tim McKeough, 2014-09-23 A passion for luxury and beauty propels the multifaceted work of acclaimed international architect and interior designer Robert Couturier. Robert Couturier's aesthetic is a dialogue between Old World elegance and contemporary design. His masterful approach effortlessly brings eras together, for example a Louis XVI commode with a 1960s lamp. Couturier's name has become synonymous with continental and international style, and he is known for composing adventurous rooms that have a witty flair. All his interiors extol the importance of how a home should stimulate the five senses, from the tactile feel of upholstery to the visual presentation of objects that leads a person through a space. The book opens with a tour of Couturier's country retreat in bucolic Kent, Connecticut. Composed of neoclassical-style pavilions, early American guesthouses, and beautiful gardens, the house features imaginative rooms that are filled with his collections of European art, furniture, and decorative objects. A selection of the designer's other projects—from smart contemporary apartments to romantic Mexican villas to a stately English manor—provides further inspiration.
