The Green Edit: Travel Juliet Kinsman, 2020-09-10
Explore the world and satisfy your wanderlust in the most eco-friendly way. How can we lessen our impact on the world without giving up the things we love? This series of easy-to-follow guides show that positive change is possible without radical changes to your everyday life. Sustainable tourism doesn't have to mean vowing to never take another flight or spending holidays camping in your back garden. This short expert guide from eco-travel journalist Juliet Kinsman, takes you through every step of planning your trip, from booking to boarding, and arms you with everything you need to know for a lower-impact getaway. Whether it's explaining how to know which plane to take (yes, some are greener than others) or how to avoid the mini toiletries trap; this book shows that you can save the planet and still live life to the full.

Travel's ultimate amenity, swimming pools are at the heart of every luxury hotel experience. In appreciation of hotels that are taking pools to a new level, this bucket-list-worthy collection pays tribute to the most exclusive and extraordinary liquid luxuries. Holiday Pamela Fiori, 2019-09-24 The first book on magazine sensation *Holiday*, which between 1946 and 1977 was one of the most exciting publications in the world. Renowned for its bold layouts, literary credibility, and ambitious choice of photographers and artists, *Holiday* portrayed the romance of travel like no other periodical. At *Holiday* magazine's peak, urbane editor, Ted

Patrick, and visionary art director, Frank Zachary, invited postwar America to see and read about the world. On the journey, readers joined the magazine's renowned roster of talent. Some of the most celebrated writing by Jack Kerouac, Ernest Hemingway, Graham Greene, Joan Didion, Truman Capote, Colette, and E. B. White (his piece Here Is New York was commissioned for Holiday in 1949) first appeared in its pages. Henri Cartier-Bresson documented a breathtaking Paris and other cities; Slim Aarons captured the glamour of travel around the world; and Al Hirschfeld and Ludwig Bemelmans contributed showstopping illustrations of places and personages. Pamela Fiori writes about the magazine's history, giving it context during the era of the jet age, world turbulence, and the rise of Madison Avenue advertising. Holiday was a vibrant original, inspiring travel magazines that followed and leaving glorious photography and art as well as thought-provoking journalism in its wake.

Tropical Experience Mark De Reus, 2011 This book introduces a series of design stories with provocative story lines around some of the firm's most prominent projects. Each of the stories reveals the search that is inherent in the architectural design effort to evoke the spirit of each place by noting the unique circumstances for each client and property. The stories delve into planning and design aspects that reveal how spirit of place contributes to design meaning, and how creative expression can be discovered in pragmatic problem-solving. Within the stories, we uncover comparisons to older or ancient work in Hawaii, Indonesia, Mexico, and other locales, to underscore the significance of timeless principles in creating a harmonic living environment. Spirit is the intangible yet significant and even experientially transformative quality behind what endears one to a place or building. This book reveals the design philosophy of de Reus Architects: searching for design innovation by embracing tradition and timelessness, while applying modern and sustainable sensibilities.

Arty Parties Julia Sherman, 2021-10-26 In her follow-up cookbook to *Salad for President*, cook, writer, and artist Julia Sherman shows us how to apply an artist's touch to our own home gatherings. Artists throw superior parties, and we can learn from their willingness to draw outside the lines, choose character over perfection, and find boundless joy in feeding family and friends. Cook, live, and host like an artist with inspired, easy recipes and playful hands-on experiments in the kitchen. Sherman shows you how to be the architect of your own uniquely memorable bash, whether that means a special breakfast for two, or a "choose your own adventure" meal that's flexible enough to feed a crowd. Forget the codified markers of good taste—*Arty Parties* instead reveals that modern gatherings are less about "getting it right" and more about getting your hands dirty, building community, and taking risks in the kitchen and beyond. Featuring colorful food that is confident in its simplicity, Sherman shares easy-to-follow, healthy recipes that value imaginative flavor combinations over complexity: dishes like an avocado-lemongrass panna cotta, saffron tomato soup, coconut rice cakes with smashed avocado and soy-marinated eggs, and roasted broccolini and blood oranges with a creamy pepita sauce. This book also invites readers into the idiosyncratic gatherings of internationally acclaimed artists, from a chic office party in a Parisian art book publisher's atelier to an underground earth oven pizza party on a secluded hillside in Los Angeles. Woven throughout are Sherman's own homegrown events that are relatable yet wonderfully experimental in tone. Utterly unique and beautifully designed, *Arty Parties* is a guide to creating meaningful experiences that

nourish both the host and their guests in body, mind, and soul.
