*I Blame Dennis Hopper* Illeana Douglas,2015-11-03 From award-winning actress Illeana Douglas comes a memoir about learning to survive in Hollywood while staying true to her quirky vision of the world. In 1969 Illeana Douglas' parents saw the film *Easy Rider* and were transformed. Taking Dennis Hopper's words, That's what it's all about man to heart, they abandoned their comfortable upper middle class life and gave Illeana a childhood filled with hippies, goats, free spirits, and free love. Illeana writes, Since it was all out of my control, I began to think of my life as a movie, with a Dennis Hopper-like father at the center of it. *I Blame Dennis Hopper* is a testament to the power of art and the tenacity of passion. It is a rollicking, funny, at times tender exploration of the way movies can change our lives. With crackling humor and a full heart, Douglas describes how a good Liza Minnelli impression helped her land her first gig and how Rudy Valley taught her the meaning of being a show biz trouper. From her first experience being on set with her grandfather and mentor-two-time Academy Award-winning actor Melvyn Douglas-to the moment she was discovered by Martin Scorsese for her blood-curdling scream and cast in her first film, to starring in movies alongside Robert DeNiro, Nicole Kidman, and Ethan Hawke, to becoming an award winning writer, director and producer in her own right, *I Blame Dennis Hopper* is an irresistible love letter to movies and filmmaking. Writing from the perspective of the ultimate show business fan, Douglas packs each page with hilarious anecdotes, bizarre coincidences, and fateful meetings that seem, well, right out of a plot of a movie. *I Blame Dennis Hopper* is the story of one woman's experience in show business, but it is also a genuine reminder of why we all love the movies: for the glitz, the glamor, the sweat, passion, humor, and escape they offer us all.

*Nike Culture* Robert Goldman,Stephen Papson,1998-12-28 This book is one of the first to take an in-depth look at how an advertising image works. It situates the Nike swoosh logo in terms of political economy, sociology, culture and semiotics. *Nike Culture* describes and deconstructs the themes and structures of Nike's advertising, outlines the contradictions between image and practice, and explores the logic of the sign economy. In addition, by focusing on issues revolving around representations of race, class and gender, the desire for both community and recognition, and the construction of sport as a spiritual enterprise, the book offers insights into the cultural contradictions embedded in sports culture.

*Hopper's Destiny* Lisa Fiedler,2016-03-15 A brave pet shop mouse named Hopper attempts to rebuild a fallen empire in the underground rat civilization of Atlantia, located in the subway tunnels of Brooklyn, while Queen Felina and her band of street cats declare open season on the rodents.

**An Interpersonal Pragmatic Study of Professional Identity Construction in Chinese Televised Debating Discourse** Chengtuan Li,2021-12-04 This book explores debaters' professional identity construction through implicit negation in televised debates from an interpersonal pragmatic perspective. It

reveals the linguistic strategies used to indirectly negate the identity of others, and highlights three pairs of professional identity constructed through implicit negation: (1) expert vs. non-expert identity, (2) outsider vs. insider identity, (3) authentic vs. false identity. Furthermore, it proposes the Inter-relationality Principle, self-through-other identity and other-through-self identity, which contribute to Bucholtz and Hall's theory of identity construction. Lastly, the book discusses the relations between professional identity construction through implicit negation and im/politeness, and builds a model of professional identity construction through implicit negation based on interpersonal pragmatics. By focusing on the interpersonal pragmatics of professional identity construction, the book advances the interpersonal pragmatic study of identity construction, im/politeness and implicit negation. As such, it is a valuable resource for a broad readership, including graduate students, and scholars who are interested in professional identity construction, implicit negation and im/politeness research.

The Conservation Professional's Guide to Working with People Scott A. Bonar, 2012-09-26 Successful natural resource management is much more than good science; it requires working with landowners, meeting deadlines, securing funding, supervising staff, and cooperating with politicians. The ability to work effectively with people is as important for the conservation professional as it is for the police officer, the school teacher, or the lawyer. Yet skills for managing human interactions are rarely taught in academic science programs, leaving many conservation professionals woefully unprepared for the daily realities of their jobs. Written in an entertaining, easy-to-read style, *The Conservation Professional's Guide to Working with People* fills a gap in conservation education by offering a practical, how-to guide for working effectively with colleagues, funders, supervisors, and the public. The book explores how natural resource professionals can develop skills and increase their effectiveness using strategies and techniques grounded in social psychology, negotiation, influence, conflict resolution, time management, and a wide range of other fields. Examples from history and current events, as well as real-life scenarios that resource professionals are likely to face, provide context and demonstrate how to apply the skills described. *The Conservation Professional's Guide to Working with People* should be on the bookshelf of any environmental professional who wants to be more effective while at the same time reducing job-related stress and improving overall quality of life. Those who are already good at working with people will learn new tips, while those who are petrified by the thought of conducting public meetings, requesting funding, or working with constituents will find helpful, commonsense advice about how to get started and gain confidence.

Speeding to the Millennium Joseph P. Natoli, 1998-01-01 Intersperses headline events, popular film, postmodern theory, and fictional vignettes in order to capture the elusive cultural imaginary of our twentieth-century fin de siècle.

**Game Changer** Blane Chocklett, 2020-11 Game Changer flies have completely revolutionized how fly anglers approach pressured and wary fish around the world. Tied on a series of interconnecting spines, these flies can be drawn through the water with a serpentine swimming action or made to glide and jackknife in the water with hard strips--movements that predatory fish find irresistible. In this book, from one of the most creative and visionary minds in fly tying and fly fishing, author Blane Chocklett shares his tips and techniques for getting maximum movement out of these flies, both at the vise and on the water. In addition to covering popular patterns such as the Finesse Changer and Feather Game Changer, Chocklett traces the evolution of his search for the ultimate pattern, and takes readers along his journey of discovery, by beginning with his Gummy Minnow and ending the book with perhaps the most effective fly ever designed for apex predators, the Hybrid

Changer. - Step-by-step tying instructions for 20 flies - Chapter covering hooks, shanks, brushes, and other critical materials - Fishing techniques, including tips on retrieves and casting large flies - Close-ups of Chocklett's favorite patterns - Detailed information on building brushes

Stars in Our Eyes Angela Ndalians, Charlotte Henry, 2002-03-30 The media star has become a powerful, almost unparalleled, cultural sign, even as the star system has undergone radical transformation since the era of the Hollywood studio system. Today's film industry continues to market and promote its products through actors in ways that seek to capture the often elusive quality that a star can embody. Using contemporary stars such as Robert De Niro, Keanu Reeves, Arnold Schwarzenegger, and Dennis Hopper, this anthology of essays applies a variety of theoretical tools in its attempt to understand how we interpret stars, and how we can begin to understand their cultural significance. Likewise, the study explores how the star system has become an increasingly complex phenomenon within society at large, extending its impact beyond the cinema into music, sports, and fashion. Many of the essays collected here consider this shift and examine how personae including the director (Sam Peckinpah), the royalty (Princess Diana) and even the digital star (Lara Croft) have captured the cultural imagination and have come to attain qualities as star-like as those of the silver screen.

*The Best I Recall* Gary Cartwright, 2015-06-01 Gary Cartwright is one of Texas's legendary writers. In a career spanning nearly six decades, he has been a newspaper reporter, Senior Editor of Texas Monthly, and author of several acclaimed books, including *Blood Will Tell*, *Confessions of a Washed-up Sportswriter*, and *Dirty Dealing*. Cartwright was a finalist for a National Magazine Award for reporting excellence, and he has won several awards from the Texas Institute of Letters, including its most prestigious—the Lon Tinkle Award for lifetime achievement. His personal life has been as colorful and occasionally outrageous as any story he reported, and in this vivid, often hilarious, and sometimes deeply moving memoir, Cartwright tells the story of his writing career, tangled like a runaway vine with great friendships, love affairs, four marriages, four or five great dogs . . . looking always to explain, at least to himself, how the pattern probably makes a kind of perverted sense. Cartwright's career began at the Fort Worth Star-Telegram and Fort Worth Press, among kindred spirits and fellow pranksters Edwin Bud Shrake and Dan Jenkins. He describes how the three rookie writers followed their mentor Blackie Sherrod to the Dallas Times Herald and the Dallas Morning News, becoming the best staff of sportswriters anywhere, ever and creating a new kind of sportswriting that swept the country and became standard. Cartwright recalls his twenty-five years at Texas Monthly, where he covered everything from true crime to notable Texans to Texas's cultural oddities. Along the way, he tells lively stories about rebelling against sobriety in many forms, with friends and co-conspirators that included Willie Nelson, Ann Richards, Dennis Hopper, Willie Morris, Don Meredith, Jack Ruby, and countless others. A remarkable portrait of the writing life and Austin's counterculture, *The Best I Recall* may skirt the line between fact and fiction, but it always tells the truth.
