Patterns of India Christine Chitnis, 2020-03-03 It's the trip of a lifetime—a textile-based tour of colorful Rajasthan, India featuring more than 200 lush photographs depicting everyday life in one of the most vibrant regions in the world. "Get lost in the beauty of the photographs in Patterns of India, a striking journey through the colorful Indian state of Rajasthan."—BuzzFeed Patterns of India is a visual experience that offers intimate insights into the diverse and richly hued Western Indian culture. Color is the thread that binds the vast country together, defining every aspect of life from religion and politics to food and dress. Organized by the five dominant colors royal blue, sandstone, marigold, ivory, and rose, this book explores how deeply color and pattern exist in a symbiotic relationship and are woven into every part of the culture. For instance, the fuchsia found in the draping fabric of a sari is matched by the vibrant chains of roses offered at temple, and the burnt orange spices in the marketplaces are reflected in the henna tattoos given to brides and wedding guests. While every color is imbued with meaning, it is often within the details of patterns that the full story comes to light. Photographer and writer Christine Chitnis spent over a decade traveling through, getting to know, and falling in love with the intricate patterns of everyday Rajasthani life. With history and culture-based essays woven throughout the more than 200 stunning photographs of architecture, markets, cuisine, art, textiles, and everyday goings-on, Patterns of India captures the beauty and essence of this unique part of the world.

Dear Highlights Christine French Cully,2021-08-10 A unique, inside look at American childhood through the conversations between Highlights magazine and its young readers and a call to grown-

ups to make time to actively listen to the children in their lives. Every year, tens of thousands of children write to Highlights magazine, sharing their hopes and dreams, worries and concerns, as if they were writing to a trusted friend. From the beginning, the editors at Highlights have answered every child individually. Longtime editor in chief Christine French Cully has curated a collection of this remarkable correspondence (letters, emails, drawings, and poems) in *Dear Highlights*--revealing an intimate and inspiring 75-year conversation between America's children and its leading children's magazine. From the timeless, everyday concerns of friendship, family, and school, to the deeper issues of identity, sexuality, divorce, and grief, here is a unique time capsule of American childhood in the voices--and the very handwriting--of children themselves. The book captures a child's-eye view of some of the most important events of the past 75 years: the COVID-19 pandemic, 9/11, the Challenger Disaster, and the assassination of John F. Kennedy. Cully's insightful narrative becomes a call to action for adults to lean in and listen to children, to make sure our kids know that they matter and what they think matters, and to assure them that they have the power to become people who change the world. By turns funny, heartbreaking, moving, and enlightening, *Dear Highlights* will cause readers to reflect, to listen, and to embrace the children in their lives. From the foreword by nationally syndicated columnist Amy Dickinson: "In times of great stress or trouble, Mr. Rogers advised children: 'Look for the helpers. You will always find people who are helping.' That's exactly what children writing to 'Dear Highlights' find when they put pen to paper: helpers whose open-minded trust and kindness surely has made our world a better place."
