**Magic Fingers** Lucille Mulcahy,2012-03-01

*The Magic Finger* Roald Dahl,2013-05-30 What happens when the hunter becomes the hunted? To the Gregg family, hunting is just plain fun. To the girl who lives next door, it's just plain horrible. She tries to be polite. She tries to talk them out of it, but the Greggs only laugh at her. Then one day the Greggs go too far, and the little girl turns her Magic Finger on them. When she's very, very angry, the little girl's Magic Finger takes over. She really can't control it, and now it's turned the Greggs into birds! Before they know it, the Greggs are living in a nest, and that's just the beginning of their problems....

*The Magic Finger* Roald Dahl,2001 Have you ever been angry with someone? I don't suppose you ever turned them into something! When the girl in this story gets really angry, she zaps people with her magic finger, with alarming results. Her teacher grows whiskers and a tail, and you won't believe what happens to the Greggs...they'll never be able to look at a duck in the same way again.

*What Is the Magic of the Magic Fingers?* Michael Lambert,2017-03-14 Parents often know just when to yell at their children, but it is difficult to know exactly when to sit and speak quietly. And if you do, what should you say in those rare moments that could help positively shape the child's future? This book brings each finger to life as it becomes a king, knight or other colorful character that exemplifies honesty, tolerance and other attributes necessary for a well adjusted child. The intention of this book is for a parent and their child to enjoy the adventure and beautiful scenery before bed, and introduce the concepts of good character to the child in a fun way, and at a time when the child is most receptive to such information. But the most valuable thing is for the parent to commit to spending

a certain amount of private and quiet time with their child. Perhaps even holding each one of the child's fingers while reading about that finger's character within the book.

**The Boy with Magic Fingers** Manuel Martins,2012-10-01 The Boy With Magic Fingers is a book that demonstrates the power of a great imagination. Logan is a boy that dreams big, and his magic fingers help him make them come true. Join Logan on his mini-adventures as he travels around the world, even into outer space, with much more in between. Read this to your child and see where their imagination leads.

**Abiola** Simone Callender,2007-11 Abiola's having a tough time. First, all the children tease him because his fingers look weird. His friend Leroy eventually came up with the idea that Abiola should rub an herbal concoction of engine oil, peanut butter, cloves, bay leaves, candle wax and other unknown ingredients on his fingers. He got it from Mazie Charles, an old lady who lived in Silver Sands down on the beach. Abiola was almost lured into his friend's plans but his brother, St. Claire, told him that old wives remedies were usually a waste of time. So what the heck does Abiola do? Don't miss the next Abiola book-Abiola Goes to England on a Banana Boat.
