**Brown Bear's Big Day Out** Paul Noël,2018-05-20 Basil the brown bear has a dream; he wants to go Dizzyland, an amusement park that he has read about in the newspaper. Getting there will be difficult as getting out of the zoo will not be the easiest of things to do. What he needs is a disguise so that people do not recognise him as a bear but as a person. An idea springs to mind one day when a hat is blown into his cage. All he needs are some other items and what comes along next is just what he needs. It is the face mask of a famous person. The only problem is that he has to cut the nose of the mask off; otherwise it will not fit over his big nose. All set, one day he borrows his keeper's coat and makes his way out into the world beyond the zoo. It is a strange place, made even more so by the fact that most of the people do not seem to understand his English which he has practised speaking for many years. And the fact that people keep recognising him as someone famous, but keep thinking that the nose is wrong. Some of them find his paws hairy but this does not stop him from searching for the magical Dizzyland. This book is meant to be read to the younger reader and for somebody to sometimes help the more advanced reader. This print on demand version of the story has all the illustrations repeated at the end of the story for children to colour in.

**Goldilocks and the Three Bears** Pat-a-Cake,Ronne Randall,2017-06-01 Goldilocks and the Three Bears is a story full of excitement, surprises and satisfying repetition. Children will love to join in with the bears' questioning cries of Who's been sleeping in my bed? Along the way they learn to differentiate between big, medium and small, hot and cold, and discuss comparisons. It's never too early to introduce children to the magic and wonder of fairy tales. Classic characters are brought to life at each turn of the page with spellbinding artwork and lyrical writing. A visual glossary at the beginning introduces new vocabulary and promotes understanding. A lively activity at the end invites discussion and will make even the very youngest children want to return to these story books again and again. In this book, they are invited to choose elements from the story by size, match the bear to the bed and follow the path through the woodland maze. Fairy tales are a vital introduction to the basics of storytelling like setting, characters and plot. They boost a child's imagination and also teach valuable life lessons about good overcoming evil, the difference between right and wrong and the importance of rising to a challenge. **The Magic Pudding** Norman Lindsay,2012-09-25 The Magic Pudding describes the adventures of a koala bear, named Bunyip Bluegum - the kind of koala who wears a high collar and spats - who falls in with a crazy cowboy sort of fellow named Bill Barnacle and a penguin named Sam Sawnoff. Bill and Sam are possessed of a magic pudding (named Albert, if you can believe this), who regenerates every time you take a bite of him and changes into whatever flavor you like. Albert the pudding is much coveted by two evil villains who are constantly tricking our Heroes into giving up the Pudding, whereupon they must go and re-re-re-rescue it. The characters and style are very reminiscent of Alice in Wonderland, with Bunyip seeming a little White-rabbitish to me, and Bill and Sam sort of Mad Hatter and Dormouse-y. The effect is somewhere in between Alice and an old Loony Tunes in which Bugs Bunny constantly bewilders Elmer Fudd. The whole narrative is punctuated with many whimsical song lyrics, like the poetry in Carroll's book. The lyrics make it a great read-aloud for the younger set, although older kids might be a bit puzzled by its style. However, everyone will be charmed by the Pudding himself and want one of their very own. This edition is amply illustrated. This is the funniest children's book ever written. It is a pleasure to publish this new, high quality, and affordable edition of this timeless story.

Mike and the Magic Cookies Jon Buller,Susan Schade,1992 This is the kind of book that . . . kids will eat right up--which is exactly what you want in an easy-reader. Cartoon illustrations reminiscent of Syd Hoff join right in with the suburban lunacy.--Bulletin of the Center for Children's Books.
