Princess Coloring Book for Kids Kara Wise,2020-04-29 This coloring book about princess is going to be the one that your kids will always remember. Are you looking for an exciting book to teach your children to color and write? This 50 pictures coloring book for kids then is perfect for you! I have two kids, six and nine, and I have always had the passion for drawing. My professional career took my talents towards other tasks, but I never stopped exercising and fueling my passion whenever I got free time. Back when they grew up a bit and started to get interested in colors, pens and pencils, I started to draw basics forms, letting them express themselves in the most creative way possible. I do believe our children nowadays spend too much time with virtual entertaining rather than listening to stories, drawing and coloring books. Yes, from time to time letting them watch a Youtube video makes sense because they are happy and you can get some relax, but if we focus on what is really the best for developing their skills, there are no doubts that interactive entertainment should be preferred to the passive one. This is how this book has born. Coloring books is a basic and extremely educational activity. I am so glad I can share it, making sure boys and girls from all over the world can start learning, drawing, coloring and reading with my models. It will help your kids to

get smarter, training and teasing their brain since the very beginning of their lives. Do your children love the PRINCESS WORLD? The big pictures of the book are themed on the princess world and its magic, a journey between queens, knights, magic animals and much more to discover. In this book you will find 50 easy pictures to color, perfect for kids aged 2-4 and 4-8, many of them having different ways to interact with the final result. Your kids will be able to: color the pictures, deciding the right match for each section of the drawing name the subject as they please, exercising their writing skills fill the balloons, letting the characters speak out loud spend family quality time exercising their fantasy and minds I hope you as well as your children will enjoy this coloring book, spending quality time together and feeling proud of the result. An Amazing Coloring Book for Every Little Princess More Than Notebooks KIDS,2019-09 Have you ever wondered what the most iconic fairytale princesses could tell a real girl when they actually met her? They could surely teach her a lesson she would never forget... An amazing Coloring Book for every Little Princess is so much more than a simple coloring book! It is a game-changing activity book which brings important and even controversial subjects by... inviting girls to the world of fairytales! Snow White, Sleeping Beauty, Cinderella, The Little Mermaid, Thumbelina, Pocahontas and more! Quite a society, isn't it? These fairytale celebrities will tell your little ones: why it is better not to accept food from strangers, why some objects should be used by adults only, what makes us unique, why being sad or angry is not necessarily a bad thing... ..and many other things responsible mums, dads, aunts, uncles and grandparents would like them to know! WHAT DO WE HAVE HERE? well-thought and specially designed coloring pages to both entertain and educate girls, many possibilities to discuss important but sometimes difficult subjects, secret tasks which give you opportunity to spend more time (and have fun!) with your child, a perfect gift for any girl at the age of 3, 4, 5, 6, 7, 8 and 9. Do you want to learn more? Here are some details you may find interesting... WELL-ROUNDED, SURPRISING & FUN TO COLOR Children love to color! Transforming black-and-white line drawings into colorful images does have some magic in it, doesn't it? This unique coloring book features well-thought set of coloring pages which encourage girls'

creativity. Every layout is a composition of images designed in their own, one-off style. Some of them are bold and simple, some have a touch of vintage in them and some are a bit more intricate - quite challenging but still not too hard even for a preschooler! A CHILD-ADULT SPECIAL BONDING EXPERIENCE Coloring does not have to be an activity for one. Although your daughter may surely spend hours doing it, you are free to join her! Isn't it a perfect way of spending time together with your child? You may also read it together and then segue into different subjects, ask important questions and look for the right answers. Trust, reliability, self-esteem, confidence, good and bad, truthfulness, lies, caution, danger, tolerance, feelings, ecology, but also food, diet, time, numbers and counting, animals, technology, occupations... Every doodle has a meaning and there is a logical explanation for each symbol on every page, even though they may not always seem obvious. Isn't that intriguing? There are also secret tasks hidden inside the book to give you even more topics to talk about. Make learning fun - that is what this is all about! BASED ON EXPERIENCE Coloring has a positive impact on the way children see the world around them. Sometimes it is easier to say something using an image than using words. And there are days in every girl's life when she prefers listening to a princess over listening to her parents, isn't that true ;-)?
