Reflecting on and with the 'More-than-Human' in Education

Fred Dervin, Mei Yuan, 2022-11-10 This book examines today's central and yet often misunderstood and misconstrued notion of interculturality. It specifically focuses on one aspect of intercultural awareness that has been ignored in research and education: the presence and influence of things on the way we experience, do, and reflect on interculturality. This book provides the readers with opportunities to engage with interculturality by reflecting on how our lives are full of things and entangled with them. It urges teachers, teacher educators, scholars, and students to open their eyes to the richness that the more-than-human, with which we can reflect, has to offer for intercultural communication education.

Mah Jongg: The Art of the Game Ann Israel, Gregg

Swain, 2014-11-18 I thoroughly enjoyed this book. Whether used as a reference or a beautiful keepsake, it’s a very worthy addition to the world of Mah Jongg. —Ruth Unger, President, National Mah Jongg League This is the first book to fully capture the story of the exotic

and exciting game of Mahjong or Mah Jongg, offering an intimate look at the history of the game as well as the visual beauty of the tiles. When authors Ann Israel and Gregg Swain began playing Mahjong, they were unaware of the vintage collections that existed not only in the United States but also across the globe. Slowly, they started to collect their own sets of Mahjong and as their collections grew, so did their appreciation of the history of, and interest in, the game. Finding few references, Israel and Swain set out to create a book that chronicles the early beginnings of the game and documents Mahjong sets from the most basic, made simply of paper, to the most precious materials such as ivory and mother-of-pearl. Recognized and respected scholars and game experts have collaborated with Israel and Swain, contributing important chapters on the game's history and its pieces as well as technical information on the tiles. Lastly, great collectors from around the globe have shared their incredible sets and memories for the first time in one book for everyone to enjoy. With hundreds of beautiful new images by renowned photographer Michel Arnaud, and including historical documentation and ephemera, Mah Jongg: The Art of the Game fills the void between the past's and today's game, providing vision, inspiration and resources. Anyone who has ever been intrigued by a Mahjong tile will find in these pages visually stunning photographs that will entice them into becoming an enthusiast of the timeless game of Mahjong.
