Huju Jonathan P. J. Stock, 2003-04-10 China has over three hundred distinct styles of music drama, from exorcism theatre to farce, historical romance, and shadow puppetry. This study considers one of the newer operatic forms. Established just two centuries ago, huju (Shanghai opera), is renowned for its portrayal of ordinary people, not the emperors, courtesans, and heroes of older forms. Acting and make-up aim for realism rather than symbolism, and stories deal with contemporaneous themes: the struggles of lovers to marry, women's rights after the Communist revolution (1949), and life under the new social order established by Deng Xiaoping's reforms in the 1980s. Music ranges from local folksong to syncretic adoptions of Western popular music. Jonathan Stock is an authority on Chinese music, with previous books on Chinese flute and violin solos and Abing, a twentieth-century composer. Adding to his extensive research on Chinese music, Stock's eighteen months of fieldwork in Shanghai allows him to interweave material from historical reports, sound recordings, live performance, and the first-hand accounts of three generations of singers into a study of a unique Chinese opera form seen equally as historical tradition, venue for social action, and forum for musical creativity. Assessing first the roots of huju in local folksong and ballad, he looks at the enduring role of emotional expressivity. He next focuses on the rise of actresses, laying out a specially 'musical' reading of gendered performance. Further chapters reverse conventional ethnomusicological arguments that music constructs place by looking at how Shanghai's institutions before 1949 shaped the environment within which troupes developed new dramatic materials and competed for work. In considering reforms post-1949, the author shows how the infusion of explicit political content actually weakened the expressive impact of these dramas. Finally, developments since 1980 are reviewed. The book includes songs and illustrations of performance styles. An innovative combination of urban and historical ethnomusicology, the book's findings will engage the historian of China and general scholar of music alike.

Historical Dictionary of Chinese Culture Lawrence R. Sullivan, Nancy Y. Liu-Sullivan, 2021-02-25 Covering wide-ranging topics from the arts and entertainment to customs and traditions from the ancient imperial and modern eras, *Historical Dictionary of Chinese Culture* provides more than 300 separate entries along with a comprehensive chronology, glossary of Chinese cultural terms, and an extensive bibliography of Western and Chinese-language sources. Dictionary entries of the decorative and fine arts include ceramics and porcelains, handicrafts, jade and seal carving, jewelry, and painting. The literary subjects range from fiction to non-fiction, but especially poetry. Major entertainment venues of cinema and film, classical puppetry, and theater, both ancient and modern are also covered. In addition to the arts, the authors include major customary practices from childbirth and childrearing to marriage and weddings to funerals and burial practices. Other aspects of the culture are also examined, including crime, foot-binding, pornography, and prostitution, and the government policies aimed at their eradication. Throughout the text, Chinese-language translations of key terms are presented in italics and parenthesis, along with biographies of figures central to the creation of China's magnificent cultural heritage.

Dual Learning Tao Qin, 2020-11-13 Many AI (and machine learning) tasks present in dual forms, e.g., English-to-Chinese translation vs. Chinese-to-English translation, speech recognition vs. speech synthesis, question answering vs. question generation, and image classification vs. image generation. Dual learning is a new learning framework that leverages the primal-dual structure of AI tasks to obtain effective feedback or regularization signals in order to enhance the learning/inference process. Since it was first introduced four years ago, the concept has attracted considerable attention in multiple fields, and been proven effective in numerous applications, such as machine translation, image-to-image

translation, speech synthesis and recognition, (visual) question answering and generation, image captioning and generation, and code summarization and generation. Offering a systematic and comprehensive overview of dual learning, this book enables interested researchers (both established and newcomers) and practitioners to gain a better understanding of the state of the art in the field. It also provides suggestions for further reading and tools to help readers advance the area. The book is divided into five parts. The first part gives a brief introduction to machine learning and deep learning. The second part introduces the algorithms based on the dual reconstruction principle using machine translation, image translation, speech processing and other NLP/CV tasks as the demo applications. It covers algorithms, such as dual semi-supervised learning, dual unsupervised learning and multi-agent dual learning. In the context of image translation, it introduces algorithms including CycleGAN, DualGAN, DiscoGAN, cdGAN and more recent techniques/applications. The third part presents various work based on the probability principle, including dual supervised learning and dual inference based on the joint-probability principle and dual semi-supervised learning based on the marginal-probability principle. The fourth part reviews various theoretical studies on dual learning and discusses its connections to other learning paradigms. The fifth part provides a summary and suggests future research directions.

Don't Cry, Tai Lake Qiu Xiaolong, 2012-05-08 Dark, gorgeous...feels authentically Chinese and it works like a charm. --Washington Post Book World on A Case of Two Cities Chief Inspector Chen Cao of the Shanghai Police Department is offered a bit of luxury by friends and supporters within the Party – a week's vacation at a luxurious resort near Lake Tai, a week where he can relax, and recover, undisturbed by outside demands or disruptions. Unfortunately, the once beautiful Lake Tai, renowned for its clear waters, is now covered by fetid algae, its waters polluted by toxic runoff from local manufacturing plants. Then the director of one of the manufacturing plants responsible for the pollution is murdered and the leader of the local ecological group is the primary suspect of the local police. Now Inspector Chen must tread carefully if he is to uncover the truth behind the brutal murder and find a measure of justice for both the victim and the accused.

Mah Jongg: The Art of the Game Ann Israel, Gregg Swain, 2014-11-18 I thoroughly enjoyed this book. Whether used as a reference or a beautiful keepsake, it's a very worthy addition to the world of Mah Jongg. —Ruth Unger, President, National Mah Jongg League This is the first book to fully capture the story of the exotic and exciting game of Mahjong or Mah Jongg, offering an intimate look at the history of the game as well as the visual beauty of the tiles. When authors Ann Israel and Gregg Swain began playing Mahjong, they were unaware of the vintage collections that existed not only in the United States but also across the globe. Slowly, they started to collect their own sets of Mahjong and as their collections grew, so did their appreciation of the history of, and interest in, the game. Finding few references, Israel and Swain set out to create a book that chronicles the early beginnings of the game and documents Mahjong sets from the most basic, made simply of paper, to the most precious materials such as ivory and mother-of-pearl. Recognized and respected scholars and game experts have collaborated with Israel and Swain, contributing important chapters on the game's history and its pieces as well as technical information on the tiles. Lastly, great collectors from around the globe have shared their incredible sets and memories for the first time in one book for everyone to enjoy. With hundreds of beautiful new images by renowned photographer Michel Arnaud, and including historical documentation and ephemera, Mah Jongg: The Art of the Game fills the void between the past's and today's game, providing vision, inspiration and resources. Anyone who has ever been intrigued by a Mahjong tile will find in these pages visually stunning photographs that will entice them into becoming an enthusiast of the timeless game of Mahjong.

Chasing the Chinese Dream William N. Brown, 2021-06-01 This open access book explores the historical, cultural and philosophical contexts that have made anti-poverty the core of Chinese society since Liberation in 1949, and why poverty alleviation measures evolved from the simplistic

aid of the 1950s to Xi Jinping's precision poverty alleviation and its goal of eliminating absolute poverty by 2020. The book also addresses the implications of China's experience for other developing nations tackling not only poverty but such issues as pandemics, rampant urbanization and desertification exacerbated by global warming. The first of three parts draws upon interviews of rural and urban Chinese from diverse backgrounds and local and national leaders. These interviews, conducted in even the remotest areas of the country, offer candid insights into the challenges that have forced China to continually evolve its programs to resolve even the most intractable cases of poverty. The second part explores the historic, cultural and philosophical roots of old China's meritocratic government and how its ancient Chinese ethics have led to modern Chinese socialism's stance that "poverty amidst plenty is immoral". Dr. Huang Chengwei, one of China's foremost anti-poverty experts, explains the challenges faced at each stage as China's anti-poverty measures evolved over 70 years to emphasize "enablement" over "aid" and to foster bottom-up initiative and entrepreneurialism, culminating in Xi Jinping's precision poverty alleviation. The book also addresses why national economic development alone cannot reduce poverty; poverty alleviation programs must be people-centered, with measurable and accountable practices that reach even to household level, which China has done with its "First Secretary" program. The third part explores the potential for adopting China's practices in other nations, including the potential for replicating China's successes in developing countries through such measures as the Belt and Road Initiative. This book also addresses prevalent misperceptions about China's growing global presence and why other developing nations must address historic, systemic causes of poverty and inequity before they can undertake sustainable poverty alleviation measures of their own.

The Hong Kong Filmography, 1977-1997 John Charles, 2009-04-16 Thanks to the successes of directors and actors like John Woo, Jackie Chan, and Chow Yun-Fat, the cinema of Hong Kong is wildly popular worldwide, and there is much more to this diverse film culture than most

Western audiences realize. Beyond martial arts and comedy, Hong Kong films are a celebration of the grand diversity and pageantry of moviemaking—covering action, comedy, horror, eroticism, mythology, historical drama, modern romances, and experimental films. Information on 1,100 films produced in British Hong Kong from 1977 to 1997 is included here.

Sojourners and Settlers Clarence E. Glick, 2017-04-30 Among the many groups of Chinese who migrated from their ancestral homeland in the nineteenth century, none found a more favorable situation than those who came to Hawaii. Coming from South China, largely as laborers for sugar plantations and Chinese rice plantations but also as independent merchants and craftsmen, they arrived at a time when the tiny Polynesian kingdom was being drawn into an international economic, political, and cultural world. *Sojourners and Settlers* traces the waves of Chinese immigration, the plantation experience, and movement into urban occupations. Important for the migrants were their close ties with indigenous Hawaiians, hundreds establishing families with Hawaiian wives. Other migrants brought Chinese wives to the islands. Though many early Chinese families lived in the section of Honolulu called Chinatown, this was never an exclusively Chinese place of residence, and under Hawaii's relatively open pattern of ethnic relations Chinese families rapidly became dispersed throughout Honolulu. Chinatown was, however, a nucleus for Chinese business, cultural, and organizational activities. More than two hundred organizations were formed by the migrants to provide mutual aid, to respond to discrimination under the monarchy and later under American laws, and to establish their status among other Chinese and Hawaii's multiethnic community. Professor Glick skillfully describes the organizational network in all its subtlety. He also examines the social apparatus of migrant existence: families, celebrations, newspapers, schools—in short, the way of life. Using a sociological framework, the author provides a fascinating account of the migrant settlers' transformation from villagers bound by ancestral clan and tradition into participants in a mobile, largely Westernized social order.

Time Out Film Guide John Pym, 1998 This annual edition of the *Time Out Film Guide*, now updated to include over 12,000 films, covers every area of world cinema: classic silents and thirties comedies, documentaries and the avant-garde, French and Japanese cinema, Hollywood mainstream and B-rated horror films. *Time Out's* extraordinarily strong international coverage includes award listings for the Berlin, Venice, and Cannes festivals as well as the Oscar winners since 1927. Fully cross-referenced with extensive indexes covering films by country, genre, subject, director, and actor, this is the ultimate guide for movie lovers of all inclinations. Combining a wealth of practical information -- director, cast, alternative titles, running time, release date -- with thirty years of authoritative analyses from 207 *Time Out* reviewers, this A-to-Z directory delivers honest, incisive, informed, and contentious criticism. The seventh edition includes 700 new reviews from every genre of world cinema and, for the first time, a readers' poll of all-time top-ten films.

Aspects of Urbanization in China Gregory Bracken, 2012 China's opkomst als wereldmacht is een van de ingrijpendste gebeurtenissen van deze tijd. Honderden miljoenen mensen zijn de armoede ontvluht dankzij de snelle industrialisatie van het land. De wonderbaarlijke economische groei van China heeft zijn nadelen, iets wat vaak het meest pijnlijk duidelijk wordt in de steden. Deze studie is geschreven door wetenschappers uit verschillende disciplines, waaronder architectuur, stedenbouw, sociale wetenschappen, aardrijkskunde en antropologie. Een deel van de auteurs behandelt de mondiale ambities van de steden, terwijl andere hun culturele en architecturale uitingen onderzoeken.

Lust, Caution Eileen Chang, Wang Hui Ling, 2008-12-10 A major motion picture (2007) from Oscar-winning director Ang Lee (*Crouching Tiger, Hidden Dragon*; *Brokeback Mountain*): an intensely passionate story of love and espionage, set in Shanghai during World War II. In the midst of the Japanese occupation of China and Hong Kong, two lives become intertwined: Wong Chia Chi, a young student active in the resistance, and Mr. Yee, a powerful political figure who works for the Japanese occupational government. As these two move deftly between Shanghai's tea parties and secret

interrogations, they become embroiled in the complicated politics of wartime—and in a mutual attraction that may be more than what they expected. Written in lush, lavish prose, and with the tension of a political thriller, *Lust, Caution* brings 1940s Shanghai artfully to life even as it limns the erotic pulse of a doomed love affair.
