The Joy Luck Club Amy Tan, 2006-09-21 "The Joy Luck Club is one of my favorite books. From the moment I first started reading it, I knew it was going to be incredible. For me, it was one of those once-in-a-lifetime reading experiences that you cherish forever. It inspired me as a writer and still remains hugely inspirational." —Kevin Kwan, author of *Crazy Rich Asians* Amy Tan's beloved, New York Times bestselling tale of mothers and daughters, now the focus of a new documentary *Amy Tan: Unintended Memoir* on Netflix Four mothers, four daughters, four families whose histories shift with the four winds depending on who's saying the stories. In 1949 four Chinese women, recent immigrants to San Francisco, begin meeting to eat dim sum, play mahjong, and talk. United in shared unspeakable loss and hope, they call themselves the Joy Luck Club. Rather than sink into tragedy, they choose to gather to raise their spirits and money. To despair was to wish back for something already lost. Or to prolong what was already unbearable. Forty years later the stories and history continue. With wit and sensitivity, Amy Tan examines the sometimes painful, often tender, and always deep connection between mothers and

daughters. As each woman reveals her secrets, trying to unravel the truth about her life, the strings become more tangled, more entwined. Mothers boast or despair over daughters, and daughters roll their eyes even as they feel the inextricable tightening of their matriarchal ties. Tan is an astute storyteller, enticing readers to immerse themselves into these lives of complexity and mystery.

The Saddest Words: William Faulkner's Civil War Michael

Gorra, 2020-08-25 A New York Times Notable Book of 2020 How do we read William Faulkner in the twenty-first century? asks Michael Gorra, in this reconsideration of Faulkner's life and legacy. William Faulkner, one of America's most iconic writers, is an author who defies easy interpretation. Born in 1897 in Mississippi, Faulkner wrote such classic novels as *Absalom, Absalom!* and *The Sound and The Fury*, creating in Yoknapatawpha county one of the most memorable gallery of characters ever assembled in American literature. Yet, as acclaimed literary critic Michael Gorra explains, Faulkner has sustained justified criticism for his failures of racial nuance—his ventriloquism of black characters and his rendering of race relations in a largely unreconstructed South—demanding that we reevaluate the Nobel laureate's life and legacy in the twenty-first century, as we reexamine the junctures of race and literature in works that once rested firmly in the American canon.

Interweaving biography, literary criticism, and rich travelogue, *The Saddest Words* argues that even despite these contradictions—and perhaps because of them—William Faulkner still needs to be read, and even more, remains central to understanding the contradictions inherent in the American experience itself. Evoking Faulkner's biography and his literary characters, Gorra illuminates what Faulkner maintained was “the South's curse and its separate destiny,” a class and racial system built on slavery that was devastated during the Civil War and was reimagined thereafter through the South's revanchism. Driven by currents of violence, a “Lost Cause” romanticism not only defined Faulkner's twentieth century but now even our own age. Through

Gorra's critical lens, Faulkner's mythic Yoknapatawpha County comes alive as his imagined land finds itself entwined in America's history, the characters wrestling with the ghosts of a past that refuses to stay buried, stuck in an unending cycle between those two saddest words, "was" and "again." Upending previous critical traditions, *The Saddest Words* returns Faulkner to his sociopolitical context, revealing the civil war within him and proving that "the real war lies not only in the physical combat, but also in the war after the war, the war over its memory and meaning." Filled with vignettes of Civil War battles and generals, vivid scenes from Gorra's travels through the South—including Faulkner's Oxford, Mississippi—and commentaries on Faulkner's fiction, *The Saddest Words* is a mesmerizing work of literary thought that recontextualizes Faulkner in light of the most plangent cultural issues facing America today.

Crooked Snake Lovejoy Boteler, 2019-02-19 In 1968, during Albert Lepard's fifth escape from a life sentence at Parchman Penitentiary, he kidnapped Lovejoy Boteler, then eighteen years old, from his family's farm in Grenada, Mississippi. Three decades later, still beset by half-buried memories of that time, Boteler began researching his kidnapper's nefarious, sordid life to discover how and why this terrifying abduction occurred. *Crooked Snake: The Life and Crimes of Albert Lepard* is the true story of Lepard, sentenced to life in Parchman for the murder of seventy-four-year-old Mary Young in 1959. During the course of his sentence, Lepard escaped from prison six times in fourteen years. In *Crooked Snake*, Boteler pieces together the story of this cold-blooded murderer's life using both historical records and personal interviews—over seventy in all—with ex-convicts who gravitated to and ran with Lepard, the family members who fed and sheltered the fugitive

during his escapes, the law officers who hunted him, and the regular folks who were victimized in his terrible wake. Throughout Crooked Snake, Boteler reveals his kidnapper's hardscrabble childhood and tracks his whereabouts before his incarceration and during his jailbreaks. Leopard's escapes take him to Florida, Michigan, Kansas, California, and Mexico. Crooked Snake captures a slice of history and a landscape that is fast disappearing. These vignettes describe Mississippi's countryside and spirit, ranging from sharecropper family gatherings in Attala County's Seneasha Valley to the twenty-thousand-acre Parchman farm and its borderlands teeming with alligator, panther, bear, and wild boar.

The Past Is Never Tiffany Quay Tyson, 2018-03-20 Siblings Bert, Willet, and Pansy know better than to go swimming at the old rock quarry. According to their father, it's the Devil's place, a place that's been cursed and forgotten. But Mississippi Delta summer days are scorching hot and they can't resist cooling off in the dark, bottomless water. Until the day six-year-old Pansy disappears. Not drowned, not lost . . . simply gone. After years with no sign, no hope of ever finding Pansy alive, Bert and Willet have tried to move on. But as surely as their mother died of a broken heart, they can't let go. So when clues surface drawing them to the remote tip of Florida, they drop everything and drive south. Deep in the murky depths of the Florida Everglades they may find the answer to Pansy's mysterious disappearance . . . but truth, like the past, is sometimes better left where it lies. Perfect for fans of Flannery O'Connor and Dorothy Allison, *The Past Is Never* is an atmospheric, haunting story of myths, legends, and the good and evil we carry in our hearts.

Warren Zevon George Plasketes, 2016-06-02 Warren Zevon: Desperado of Los Angeles is the first book-length, critical exploration of one of popular music's most talented and tormented antiheroes. George Plasketes provides a comprehensive chronicle of Zevon's 40-year, 20-record career and his enduring cultural significance. Beginning with Zevon's classical training and

encounters as a youth with composers Robert Craft and Igor Stravinsky, Plasketes surveys Zevon's initiation into the 1960s through the Everly Brothers, the Turtles, and the film *Midnight Cowboy*. Plasketes then follows Zevon from his debut album with Asylum Records in 1976, produced by mentor Jackson Browne, through his successes and struggles from a Top Ten album to record label limbo during the 1980s, through a variety of music projects in the 1990s, including soundtracks and scores, culminating with a striking trio of albums in the early 2000s. Despite his reckless lifestyle and personal demons, Zevon made friends and alliances with talk show host David Letterman and such literary figures as Hunter S. Thompson and Carl Hiaasen. It was only after his death in 2003 that Zevon received Grammy recognition for his work. Throughout this book, Plasketes explores the musical, cinematic, and literary influences that shaped Zevon's distinctive style and songwriting themes and continue to make Zevon's work a telling portrait of Los Angeles and American culture.

Buyology Martin Lindstrom, 2010-02-02 NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers perceive logos, ads, commercials, brands, and products."—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can "cool" brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a

fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

An Unforeseen Life Mary Ann Connell, 2016-09-13

Unblocked Margaret Lynch Raniere, David Raniere, PhD, 2022-04-12 A practical, step-by-step program for healing the four lower chakras—the empowerment chakras—using EFT/tapping. Noted empowerment coach Margaret Lynch Raniere introduces the hidden power of the four lower “empowerment” chakras—root, sacral, solar plexus, heart—and the groundbreaking healing techniques she created to heal them using Emotional Freedom Technique (EFT), also known as “tapping.” These four chakras are the source of the exact rising empowerment energy you need to feel, speak, and act with confidence, courage, and deeply felt belief in yourself and your value. However, these are the chakras that get blocked with long-buried fears and pain that create self-doubt, procrastination, playing small, and years of trying to prove you’re good enough. Healing these lower chakras will help you reclaim your inner power so you can stop proving and start being your most powerful, passionate, and authentic self.

The Power of Tiananmen Dingxin Zhao, 2008-12-05 In the spring of 1989 over 100,000 students in Beijing initiated the largest student revolt in human history. Television screens across the world filled with searing images from Tiananmen Square of protesters thronging the streets, massive hunger strikes, tanks set ablaze, and survivors tending to the dead and wounded after a swift and brutal government crackdown. Dingxin Zhao's award-winning *The Power of Tiananmen* is the definitive treatment of these historic events. Along with grassroots tales and interviews with the young men and women who launched the demonstrations, Zhao carries out a penetrating analysis of the many parallel changes in China's state-society relations during the 1980s. Such changes prepared an alienated academy, gave rise to

ecology-based student mobilization, restricted government policy choices, and shaped student emotions and public opinion, all of which, Zhao argues, account for the tragic events in Tiananmen.

Confessions of an Undercover Agent Charlie

Spillers, 2016-03-24 This true story of an ex-Marine who fought crime as an undercover cop, a narcotics agent, and finally a federal prosecutor spans a decade of crime fighting and narrow escapes. Charlie Spillers dealt with a remarkable variety of career criminals, including heroin traffickers, safecrackers, burglars, auto thieves, and members of Mafia and Mexican drug smuggling operations. In this riveting tale, the author recounts fascinating experiences and the creative methods he used to succeed and survive in a difficult and sometimes extremely dangerous underworld life. As a young officer with the Baton Rouge Police Department, ex-Marine Charlie Spillers first went undercover to infiltrate criminal groups to gather intelligence. Working alone and often unarmed, he constantly attempted to walk the thin line between triumph and disaster. When on the hunt, his closest associates were safecrackers, prostitutes, and burglars. His abilities propelled him into years of undercover work inside drug trafficking rings. But the longer he worked, the greater the risks. His final and perhaps most significant action in Baton Rouge was leading a battle against corruption in the police department itself. After Baton Rouge, he joined the Mississippi Bureau of Narcotics and for the next five years continued working undercover, from the Gulf Coast to Memphis; and from New Orleans to Houston, Texas. He capped off a unique career by becoming a federal prosecutor and the justice attaché for Iraq. In this book, he shares his most intriguing exploits and exciting undercover stings, putting readers in the middle of the action.
