Dancing Boys Zihao Li, 2016-11-14 The challenges that young women go through in order to be successful in the world of dance are well known. However, little is known about the experiences of young men who choose to take dance classes in non-professional settings. *Dancing Boys* is one of the first scholarly works to demystify the largely unknown challenges of adolescent males in dance. Through an ethnographic study of sixty-two adolescent male students, Zihao Li captures the authentic stories and experiences of boys participating in dance classes in a public high school in Toronto. Accompanied by the boys' artwork and photographs and supported by a documentary-style video, the study explores their motivations for dancing, their reflections on masculinity and gender, and the internal and external factors that impact their decisions to continue to dance professionally or in informal settings. With the author's reflections on his own journey as a professional dancer woven throughout, *Dancing Boys* will spark discussion on how and why educators can engage adolescent males in dance.

**Border Dance** Jimi Calhoun, 2023-10-11 Every culture on earth has at one time or another danced. From tribal times forward people have danced to socialize, express themselves creatively, and promote societal unity. The borders that separate us came much later in human development. It is time to return to our roots and dance, dance, dance. That is because dance has the unique ability to unite a person's mind, body, and soul. In his capacity as a touring bassist, Jimi Calhoun witnessed thousands upon thousands of people lose themselves in dance. Suddenly, ethnic, racial, and religious differences disappear. Borders, on the other hand, divide religious communities, races, and nations. Human conflict is perpetuated by these boundaries. What is written within these pages will show you ways to dance across divisions by means of a choreography of altruism. This is a book that invites you to dance to the rhythms of grace that result in true harmony and unity.

**In This House, We Will Giggle** Courtney DeFeo, 2014-10-07 What do indoor picnics and funny face contests have to do with loving Jesus? More than you realize! As a mom in the throes of parenting, Courtney DeFeo believes that instilling virtues in children starts with laughter, not lecture. That perspective propelled her to create this idea-packed book, in which she offers motivating reflections, real-life stories, and a sandbox full of inventive ways to help you turn your kids' hearts toward God. Each chapter focuses on one virtue that is key for developing your child's character. Along with insights into how this virtue plays out in the nitty-gritty of life, Courtney includes a memory verse, activity ideas, and discussion questions to reinforce that virtue throughout the month. Here you'll find a full year of ways to draw your children closer to God through delightful antics like Family Olympics, One Fancy Feast, and Light 'Em Up. In This House, We Will Giggle shows you how to capture the hearts of your children through fun—so that they experience the goodness of Christ, the joy of following Him, and the difference they can make in the lives of others. (Water balloons not included!)

**English Made Easy : Guide & Practice for Learners** Banojyotsna Ganguli, Ms. Shwetha Vaidyanathan, 2021-08-11 English Made Easy, is not a run-of-the-mill grammar book. Grammar is one of the most important parts of learning any language. It's only with a proper understanding of grammar that we can move forward in our personal and professional life. Most of the time, grammar books are too complicated, and they do not provide the help that the student needs. This is where English Made Easy comes into the picture. English Made Easy is easy to read, and we believe in giving simple explanations to maximize student learning. Each chapter has two levels of exercises- Starter and Advanced. Starter exercises are useful for students who need some guidance on the topic and have ample hints to solve. Advanced exercises- will test students to apply the topic into action in the form of writing their thoughts in a logical manner. Each chapter ends with a marvelous mind map which gives a fun component to understand grammatical rules. We have taken excerpts from great poetry, novels, and short stories to also add a literary element to help in understanding grammar. Take a break with the fun crosswords, and word games to help

students appreciate the beauty of the English language. English Made Easy is a one-time purchase, to benefit the entire family. It is written to appeal to students, professionals, and homemakers. Anyone and everyone can advance their language skills with this incredible book. The journey doesn't end with a purchase, Let'stute will ensure some amazing payoffs. Sessions with the author and expert faculty solve doubts and gain clarity on difficult areas. Extra material will be sent to readers on a fortnightly basis to add value to their learning. Readers can email us with their queries and will get a personalized response. Readers can also submit their suggestions, which will feature in the upcoming editions of English Made Easy. English Made Easy is our humble effort to bring simplicity and transparency to the learning process.
