Muwatta Imam Malik (Urdu Hadith Book) Imam Malik,1953

Al-Muwatta of Imam Malik Ibn Anas Mālik ibn Anas,1989 First Published in 1989. Routledge is an imprint of Taylor & Francis, an informa company.

Al-Muwatta of Imam Malik Arabic-English Malik Ibn Anas,2014-11-18 It contains a record of the exemplification by the last Messenger of Allah, peace be upon him, of the message of the Qur'an, the practice ('amal) of the people of Madinah of the first generations, a transmission of the ethos that permeated the city, and Imam Malik's painstaking clarification of the Sunna, the hadiths, the practice and legal judgements. Ash-Shafi i' said, After the Book of Allah, there is no book on the face of the earth sounder than the book of Malik. 'Ala' ad-Daan Maghlatay al-Hanafi said, The first person to compile the sahih was Malik. Ibn Hajar said, The book of Malik is sound by all the criteria that are demanded as proofs in the mursals, munqati' and other types of transmission. As-Suyuti followed Ibn Hajar's judgement and said, It is absolutely correct to say that the Muwatta' is sound (sahih) without exception. Al-Bukhari and Muslim transmitted most of its hadiths and included them in their sahih collections. The authors of the rest of the six books, the Imam of the hadith scholars, Ahmad ibn Hanbal, and others did the same.

Muwatta' Imam Malik Mālik ibn Anas,2000

Early Islam in Medina Yasin Dutton,2021-10-07 This book considers the transmission of the Sunna through the lens of the great Madinan legal scholar, Imam Malik ibn Anas (d. 179 AH/795 CE), in his renowned book al-Muwatta', or 'The well-trodden path'. It considers not only the legal judgements preserved in this book, but also the key scholars involved in the transmission of these judgements, namely, Malik's teachers and students. These different transmissions provide very strong evidence for the reliability of Malik's transmission of the Sunna. Overriding these textual considerations is the concept of 'amal, or the Practice of the People of Medina. This is accepted as a prime source by Malik and those following him, but is effectively rejected by the other schools, who prefer hadith (textual reports) as an indication of Sunna. Given the contested nature of 'amal in both ancient and modern times, and the general unawareness of it in contemporary Islamic studies, this source receives extended treatment here. This allows for a deeper understanding of the nature of Islamic law and its development, and, by extension, of Islam itself.

Al-Muwatta of Imam Malik Malik Ibn Anas,2014-04-07 Al-Muwatta of Imam Malik Ash-Shafi' said, After the Book of Allah, there is no book on the face of the earth sounder than the book of Malik. 'Ala' ad-Dan Maghlatay al-Hanafi said, The first person to compile the a was Malik. Ibn Hajar said, The book of Malik is sound by all the criteria that are demanded as proofs in the mursals, munqati' and other types of transmission. As-Suyuti followed Ibn Hajar's judgement and said, It is absolutely correct to say that the Muwatta' is sound (sahih) without exception. Al-Bukhari and Muslim transmitted most of its hadiths and included them in their collections. The authors of the rest of the six books, the Imam of the hadith scholars, Ahmad ibn Hanbal, and others did the same. In addition, the Muwatta' contains a record of the practice ('amal) of the people of Madinah of the first generations, a transmission of the ethos that permeated the city, and Imam Malik's painstaking clarification of the Sunna, the hadiths, the practice and legal judgements. Imam Malik ibn Anas (93 AH/711 CE - 179 AH/795 CE) Imam Malik's full name is Malik ibn Anas ibn Malik ibn Abi Amir al-Azab and he was related to Dhakhan, a sub-tribe of Imyar. He was instructed in the learning and recitation of the Noble Qur'an by Imam Nafi' ibn Abd ar-Rahman ibn Abi Nu'aym, the Imam of the reciters of Madinah and one of the 'seven reciters'. Among the huge number of his teachers in hadith and fiqh were Nafi', the mawla of 'Abdullah ibn Umar, and Ibn Shihab az-Zuhri. He sat to give fatwa when he was seventeen years old after seventy Imams had testified that he was worthy to give fatwa and teach. His own students included Imam Ash-Shafi' and Imam Muhammad ibn al-Asan ash-Shaybani theanaf mujtahid, as well as a great number of Imams of hadith and fiqh, and thus he is known as Imam al-A'immah 'the Imam of the Imams'. He is recognised to be the subject of the hadith from Abi Hurayra: The Messenger of Allah @ said, 'There will come a time when the people will beat the livers of their camels in search of knowledge and they will not find an Imam with more knowledge than the Imam of Madinah.'

The Muwatta of Imam Muhammad Mālik ibn Anas,Muhammad ibn al-Hasan Shaybānī,2004

Rijal Muhammad 'Abd al-Hayy,2004 Rijal is a biography of the narrators of the Muwatta of Imam Muhammad, most particularly their standing as scholars of hadith. Since the majority of narrators here are among the great authorities of the Companions, the Followers, and Followers of the Followers later confirmed by al-Bukhari and Muslim and the rest of the major hadith scholars, this work will prove indispensable for the serious student of the sciences of the narrators of hadith.

The Origins of Islamic Law Yasin Dutton,2013-09-05 If the Qur'an is the first written formulation of Islam in general, Malik's Muwatta' is arguably the first written formulation of the Islam-in-practice that becomes Islamic law. This book considers the methods used by Malik in the Muwatta' to derive the judgements of the law from the Qur'an and is thus concerned on one level with the finer details of Qur'anic interpretation. However, since any discussion of the Qur'an in this context must also include considerations of the other main source of Islamic law, namely the sunna, or normative practice, of the Prophet, this latter concept, especially its relationship to the terms of hadith and amal (traditions and living tradition), also receives considerable attention, and in many respects, this book is more about the history and development of Islamic law than it is about the science of Qur'anic interpretation. This is the first book to question the hitherto accepted frameworks of both the classical Muslim view and the current revisionist western view on the development of Islamic law. It is also the first study in a European language to deal specifically with the early development of the Madinan, later Malik, school of jurisprudence, as it is also the first to demonstrate in detail the various methods used, both linguistic and otherwise, in interpreting the legal verses of the Qur'an. It will be of interest to all those interested in the underlying bases of Islamic law and culture, and of particular interest to those involved in studying and teaching Islamic studies, both at undergraduate and research level. It will also be of interest to those studying the relationship between orality and literacy in ancient societies and the writing down of ancient law.

Al-Muwatta Imam Malik Ibn Anas,2021-02-07 Compiled during the reign of Mansur, the second Abbasid Caliph, Muwatta' of Imam Malik passed his entire life in Medina and, therefore, had direct access to the most reliable authorities on hadith because most of the leading Companions and their Successors lived and died there and narrated traditions. The Muwatta' is based on the traditions narrated by them and the juristic verdicts given by them, and thus it deals only with such ahadith as have a bearing on juristic verdicts.

Al-Muwatta of Imam Malik Ibn Anas Mālik ibn Anas,1997

The Hadith Volume 2 Muhammad al-Bukhari,2016-01-12 Volume 2The entire collection of the Hadith by Sahih Al-Bukhari. The Hadith are sayings of the Prophet Muhammad; this is one of the six major collections. Sunni Muslims view this as one of the three most trusted collections of hadith along with Sahih Muslim and Muwatta Imam Malik. In some circles, it is considered the most authentic book after the Quran. The book was compiled around 200 years after the death of Muhammad.

Original Islam Yasin Dutton, 2012-10-02 Original Islam investigates the primacy of Madinan Islam and the madhhab (school of law) of its main exponent, Malik ibn Anas. It contains an annotated translation of Intisar al-faqir al-salik li-tarjih madhhab al-Imam al-kabir Malik, which was written by al-Ra'i, a fifteenth-century Andalusian scholar resident in Cairo. This book includes: a comprehensive section on the scholarly credentials of the great eighth-century Madinan jurist Malik ibn Anas a detailed examination of a number of theoretical and practical disputed legal issues examples of the inter-madhhab rivalry and prejudice prevalent in fifteenth-century Cairo an extensive introduction giving background information on al-Ra'i and his life and times. It also highlights the significance of the text for contemporary Muslim discourse, in which both modernist and fundamentalist elements often equate the concept of madhhab with an outmoded tradition which must be rejected as irrelevant to the practice of Islam in a globalized world. This book aims to put this ongoing controversy about madhhab, particularly the Maliki madhhab and its pre-madhhab Madinan origins, on a surer footing. Original Islam provides access to a hitherto little known area of Islamic law and is essential reading for those with interests in this area.
