A Man of Shadows Jeff Noon, 2017-08-01 A private eye stalks a serial killer through the streets of a permanently dark world in this mind-bending sci-fi thriller from one of the genre's most visionary authors Below the neon skies of Dayzone—where the lights never go out, and night has been banished—lowly private eye John Nyquist takes on a teenage runaway case. His quest takes him from Dayzone into the permanent dark of Nocturna. As the vicious, seemingly invisible serial killer known only as Quicksilver haunts the streets, Nyquist starts to suspect that the runaway girl holds within her the key to the city's fate. In the end, there's only one place left to search: the shadow-choked zone known as Dusk.

The Shadows Alex North, 2020-07-07 This is absorbing, headlong reading, a play on classic horror with an inventiveness of its own... As with all the best illusions, you are left feeling not tricked, but full of wonder. – The New York Times The haunting new thriller from Alex North, author of the New York Times bestseller *The Whisper Man* You knew a teenager like Charlie Crabtree. A dark imagination, a sinister smile--always on the outside of the group. Some part of you suspected he might be capable of doing something awful. Twenty-five years ago, Crabtree did just that, committing a murder so shocking that it's attracted that strange kind of infamy that only exists on the darkest corners of the internet--and inspired more than one copycat. Paul Adams remembers the case all too well: Crabtree--and his victim--were Paul's friends. Paul has slowly put his life back together. But now his mother, old and suffering from dementia, has taken a turn for the worse. Though every inch of him resists, it is time to come home. It's not long before things start to go wrong. Paul learns that Detective Amanda

Beck is investigating another copycat that has struck in the nearby town of Featherbank. His mother is distressed, insistent that there's something in the house. And someone is following him. Which reminds him of the most unsettling thing about that awful day twenty-five years ago. It wasn't just the murder. It was the fact that afterward, Charlie Crabtree was never seen again...

Out of the Shadows Walt Odets, 2019-06-04 A moving exploration of how gay men construct their identities, fight to be themselves, and live authentically. It goes without saying that even today, it's not easy to be gay in America. While young gay men often come out more readily, even those from the most progressive of backgrounds still struggle with the legacy of early-life stigma and a deficit of self-acceptance, which can fuel doubt, regret, and, at worst, self-loathing. And this is to say nothing of the ongoing trauma wrought by AIDS, which is all too often relegated to history. Drawing on his work as a clinical psychologist during and in the aftermath of the epidemic, Walt Odets reflects on what it means to survive and figure out a way to live in a new, uncompromising future, both for the men who endured the upheaval of those years and for the younger men who have come of age since then, at a time when an HIV epidemic is still ravaging the gay community, especially among the most marginalized. Through moving stories—of friends and patients, and his own—Odets considers how experiences early in life launch men on trajectories aimed at futures that are not authentically theirs. He writes to help reconstruct how we think about gay life by considering everything from the misleading idea of “the homosexual,” to the diversity and richness of gay relationships, to the historical role of stigma and shame and the significance of youth and of aging. Crawling out from under the trauma of destructive early-life experience and the two epidemics, and into a century of shifting social values, provides an opportunity to explore possibilities rather than live with limitations imposed by others. Though it is drawn from decades of private practice, activism, and life in the gay

community, Odets's work achieves remarkable universality. At its core, *Out of the Shadows* is driven by his belief that it is time that we act based on who we are and not who others are or who they would want us to be. We—particularly the young—must construct our own paths through life. *Out of the Shadows* is a necessary, impassioned argument for how and why we must all take hold of our futures.

Genius in the Shadows William Lanouette, 2013-09-01 Well-known names such as Albert Einstein, Enrico Fermi, J. Robert Oppenheimer, and Edward Teller are usually those that surround the creation of the atom bomb. One name that is rarely mentioned is Leo Szilard, known in scientific circles as “father of the atom bomb.” The man who first developed the idea of harnessing energy from nuclear chain reactions, he is curiously buried with barely a trace in the history of this well-known and controversial topic. Born in Hungary and educated in Berlin, he escaped Hitler's Germany in 1933 and that first year developed his concept of nuclear chain reactions. In order to prevent Nazi scientists from stealing his ideas, he kept his theories secret, until he and Albert Einstein pressed the US government to research atomic reactions and designed the first nuclear reactor. Though he started his career out lobbying for civilian control of atomic energy, he concluded it with founding, in 1962, the first political action committee for arms control, the Council for a Livable World. Besides his career in atomic energy, he also studied biology and sparked ideas that won others the Nobel Prize. The Salk Institute for Biological Studies in La Jolla, California, where Szilard spent his final days, was developed from his concepts to blend science and social issues.

Old Man in the Shadows Linda Branch, 2008-07 Emmett: a small town in western Idaho, a place similar to every other small town in rural America. It's a place where everyone seems familiar and a

place where everyone feels safe, until one dark summer night when someone forces everything to change. It seemed liked from the moment she said she would marry him, Summer and Troy had everything going for them. They were two young people in love, two people with their whole lives ahead of them, until one night when their lives would be changed forever. Kiel had always lived his life one beer at a time. With dozens of good friends and an appetite for attention, it seemed like his college party would never have to end, until one night when he was suddenly forced to grow up. It was a night he had never expected, but had always secretly wished for. It was a night that would thrust him into a series of events that would force him to realize that like everything, summer must end.

The Man with Two Shadows Tristan Black Wolf,2012-03 Have you ever felt uncomfortable in your own skin? Maybe there's a reason... Jeremiah Pym is a private detective – not the flashy gun-toting gumshoe of old, but a quiet, respectable shamus of modern day who earns a modest living on domestic intrigues and background checks. After being hired for what should be a routine surveillance job, Jeremiah witnesses a kidnapping, barely escaping with his life. The next day, however, not a trace remains of any kidnapping... or anything else that he saw. Trying to put the puzzle pieces together leads the detective on a convoluted chase that brings into question everything that he's ever known about himself. With the help of his Native American mentor, Edgard Moon Bear, Jeremiah discovers that the key to the mystery may be found in another world – a world where therianthropes (human/animal hybrids) are the sentient beings, and where hundreds of years of slow change has allowed some of these beings to wield magical powers. As Jeremiah learns the secrets of his own past,

he comes to learn who and what he is... and why his existence is central to the continued survival of two worlds.

The Shadows Between Us Tricia Levenseller,2020-02-25 Tricia Levenseller, author of *Daughter of the Pirate King*, is back with an epic YA tale of ambition and love in *The Shadows Between Us*...

"They've never found the body of the first and only boy who broke my heart. And they never will." Alessandra is tired of being overlooked, but she has a plan to gain power: 1) Woo the Shadow King. 2) Marry him. 3) Kill him and take his kingdom for herself. No one knows the extent of the freshly crowned Shadow King's power. Some say he can command the shadows that swirl around him to do his bidding. Others say they speak to him, whispering the thoughts of his enemies. Regardless, Alessandra knows what she deserves, and she's going to do everything within her power to get it. But Alessandra's not the only one trying to kill the king. As attempts on his life are made, she finds herself trying to keep him alive long enough for him to make her his queen—all while struggling not to lose her heart. After all, who better for a Shadow King than a cunning, villainous queen? "Tricia Levenseller's latest, *The Shadows Between Us*, is a decadent and wickedly addictive fantasy, full of schemes and court intrigue, and delightful descriptions of food, which I am always a fan of."

The Hyborian Age Robert Ervin Howard,2022-06-13 *The Hyborian Age* is an essay by Robert E.

Howard pertaining to the Hyborian Age, the fictional setting of his stories about Conan the Cimmerian. The essay sets out in detail the major events of Howard's pseudohistorical prehistory, both period before and after the time of the Conan stories. In describing the cataclysmic end of the Thurian Age, the period described in his Kull stories, Howard links both sequences of stories into one shared universe. The names he gives his various nations and peoples of the age borrow liberally from actual history and myth. The essay also sets out the racial and geographical heritage of these fictional entities, making them progenitors of modern nations. For example, Howard makes the Gaels descendants of his own Cimmerians.

Master of Shadows Mark Lamster, 2010-10-05 Although his popularity is eclipsed by Rembrandt today, Peter Paul Rubens was revered by his contemporaries as the greatest painter of his era, if not of all history. His undeniable artistic genius, bolstered by a modest disposition and a reputation as a man of tact and discretion, made him a favorite among monarchs and political leaders across Europe—and gave him the perfect cover for the clandestine activities that shaped the landscape of seventeenth-century politics. In *Master of Shadows*, Mark Lamster brilliantly recreates the culture, religious conflicts, and political intrigues of Rubens's time, following the painter from Antwerp to London, Madrid, Paris, and Rome and providing an insightful exploration of Rubens's art as well as the private passions that influenced it.
