The Jumper Chronicles W. C. Peever, 2010-07-23

Six thousand years ago the Norse Gods were forced to leave their creations on Earth to fight an epic civil war. They charged the Druids of Britton with the protection of the human race while they were away, imbuing them with all of their abilities. The Gods never returned, and their abilities were passed down through the ages. Twelve year old Charlie Burrows is one of the most powerful of these descendants; he just does not realize it. That is, until today. The fate of humanity and the life of the father he never knew lie in the balance as he and his new friends struggle to discover the truth about the object that Merlin hid in both space and time--P. Flying Home Angie Moses, 2012-11-15 1 MOM2.5

KIDSZER0 ACHIEVEMENTSAn upcoming high school reunion provokes Holly Reese to reconnect with the person she used to be, the artist formerly known as Holly Dover. At the same time she reconnects with former boyfriend Alex Meyers. As the reunion e-mails mount, Holly regrets the person she's become: a boring housewife with boring hair who yells at her preschool kids, falls short of her husband's American dream, and lacks any personal achievements that she might casually mention to her former classmates. An age-old battle begins between Holly's long-forgotten dreams and her duty

to her family. Flying versus Nesting. As with any battle, there will be winners and losers, and there will be casualties. But will there, in the end, be peace?

Mapping Reality Willie Maartens, 2006-06 We must clearly distinguish between reality (the territory), and what we perceive to be reality (the map of the territory)! In our journey through life, we need something to guide us, to give us reassurance that we are on the right track. Modern science has done its best to take that reassurance away from us, telling us that there is no destination, no purpose, in life, and that in effect our lives are an accident of 'Nature'. Religion, too, has become equally unhelpful: it has become dogmatic, sectarian, and self-serving. We have lost the core, the real message, of religion, but we still need true spirituality. Indeed, we need a map to the Truth.

For Julia Bishop is the partner of his best friend and fellow "smoke jumper," Ed Tully. Julia loves them both--until a fiery tragedy on Montana's Snake Mountain forces her to choose between them, and burns a brand on all their hearts. In the wake of the fire, Connor embarks on a harrowing journey to the edge of human

experience, traveling the world's worst wars and disasters to take photographs that find him fame but never happiness. Reckless of a life he no longer wants, again and again he dares death to take him, until another fateful day on another continent, he must walk through fire once more...

The Resurrection of the Shroud Mark

Antonacci, 2001-08-30 August 2000 marked an unusual event in history: the new millennium's first public exhibition of the Holy Shroud of Turin. Only the fifth exhibition since 1898 and commemorating the Jubilee anniversary of the birth of Jesus, the event in Italy attracted millions of people world-wide. In this book Mark Antonacci scientifically challenges earlier radiocarbon testing and presents new evidence in determining the Shroud's true age. In addition, he provides the first scientific explanation and demonstration of the cause of the image of the man on the Shroud. Despite centuries of efforts from people of different backgrounds throughout the world, this extraordinary image has never been adequately explained -- until now. Based on extensive research of both the author's twenty years of analysis and the findings of scientists commissioned by the author, this work provides scientific and concrete evidence that The Shroud of Turin was indeed used to wrap the body of the historical Jesus Christ.
