Body of Evidence Rachel Grant, 2013-08-02 An exhilarating read that could easily be a blockbuster on the screen. - Kirkus Reviews And she thought facing a firing squad was bad... When archaeologist Mara Garrett traveled to North Korea to retrieve the remains of GIs lost in combat, she never imagined she'd be arrested, convicted of spying, and sentenced to death. Her only hope is Curt Dominick, the powerful, ambitious, and infuriatingly sexy US attorney prosecuting her uncle, a former vice president of the United States. What starts off as a rescue mission quickly morphs into a race across the Pacific. Someone is after Mara, and they'll risk everything to stop her from reaching Washington DC. With betrayal around every corner, Curt and Mara have little reason to trust each other and every reason to deny the sparks between them that blaze hotter than the Hawaiian sun. Still, desire clashes with loyalty when they discover a conspiracy that threatens not only their lives but the national security of the United States. Topics: military thriller, political thriller, political romance, contemporary romance, romantic suspense, thriller, mystery, legal thriller, hot romance, women's romance, action and adventure, mercenaries, alpha hero, strong heroine, scientist heroine, military archaeologist heroine, US Attorney hero, biological warfare, Washington DC, international, North Korea, enemies to lovers, love on the run, Rachel Grant, Evidence Series.

Evidence Series Box Set Volume 1 Rachel Grant, 2015-04-29 Archaeology, politics, and war collide in these steamy thrillers. Updated box set includes a new epilogue for Concrete Evidence and a new story - Night Owl. Concrete Evidence She wants revenge. He wants her. Erica Kesling is trying to track down stolen artifacts so she can clear her name. Lee Scott is searching for the stateside conspirator in an international artifact smuggling ring. She's hiding her past, while he hides his present. He pretends to be a clueless intern when really he's a genius hacker who is slowly uncovering all of her secrets, and with each reveal he finds himself falling harder for his prime suspect. Body of Evidence And she thought facing a firing squad was bad... When archaeologist Mara Garrett traveled to North Korea to retrieve the remains of GIs lost in combat, she never imagined she'd be arrested, convicted of spying, and sentenced to death. Her only hope is Curt Dominick, a powerful and ambitious US attorney who has his own reasons for wanting Mara back on US soil. What starts off as a rescue mission morphs into a race across the Pacific. Someone is after Mara, and they'll risk everything to stop her from reaching Washington, DC. Curt and Mara have little reason to trust each other and every reason to resist the heat that flares between them. Still, desire clashes with loyalty when they uncover a conspiracy that reaches the highest levels of government. Withholding Evidence Some secrets are worth dying for... Military historian Trina Sorensen has a nearly impossible task before her: get recalcitrant but tempting former Navy SEAL Keith Hatcher to reveal what happened during a top secret Somalia op five years ago. Recent history isn't usually her forte, but the navy wants an historian's perspective and has given her the high security clearance to get the job done. Keith isn't just refusing to tell Trina about the op, he's protecting a national secret that could destroy the lives of those he cares about the most. But not wanting to talk about a covert mission doesn't mean he isn't interested in spending time with the sexy historian, and the first time they kiss it's explosive. When the past comes pounding on Keith's door, he'll do anything to keep Trina safe... Anything, that is, except tell her the secret that could get them both killed. Night Owl Jenna O'Donnell wants three things: to live in Tamarack, Alaska for the rest of her life; for Ted Godfrey to fall into a glacial crevasse; and Brad Fraser. Brad Fraser also wants three things: to leave Tamarack and never return; for his coworker, Ted Godfrey, to be fired; and to never, ever fall in love... **Blindspot** Ilse Nusbaum, 2006-12-12 In this dark and gripping psychological tale, Ophelia, a woman whose identity was fractured into five separate personalities by her father's satanic rituals, seeks love, justice and unification. The road to hell is paved with gold, an illusion of the setting sun. The month is October. The year is 1946. The road is in Michigan, north of Detroit. The novel opens with the birth of the fourth alternate personality of a tormented child. Identity dissociation is the mind's defense against relentless childhood abuse. Multiple Personality Disorder is the extreme result. When the third alter, too frightened to cope, flees into temporary amnesia, the fourth girl emerges. The first sound she hears is a man's voice. He calls her Faith but she isn't Faith. Faith is the name of the first girl. She is Ophelia, the novel's narrator. Her journey through life begins as the unwilling witness to murder. Her father is the murderer. She falls into a state of oblivion, a black hole of the mind. The next time Ophelia opens her eyes she is inside a house filled with art and music and an aura of evil. The idyllic setting, the shores of a small lake north of Detroit, conceals a sinister reality. On these shores and in nearby woods, gods and demons compete for human souls. Good and evil, free will and fate, fidelity and fanaticism, sacred oaths and prophecies determine the outcome. Ophelia's mother is an artist. Her father, Max Mahler, is a brilliant, handsome, charismatic physician. He is also the prophet of a satanic cult, its god the master of the moon. He spins a web of myths and lies and fantasies to lure disciples. His daughter is the victim of sadistic rituals performed to appease the demon's lust. Fragmentation is her mind's defense. The alters survive by sharing the suffering. In this complex novel, nothing is what it first seems to be. Ophelia's first days in a hell of her father's creation are a jumble of confused activity. Sometimes she observes a red-haired girl who looks like her, an alter. Sometimes she takes her place. The five alters have separate memories, talents and identities. The descriptions of the bizarre rituals are disturbing, graphic and explicit. They leave no doubt that the girl whose identity splinters is smart and brave. Fragmentation is not an act of cowardice. Ophelia soon becomes the dominant personality. At nineteen, she plots her escape with courage and cunning. She leaves, taking her infant daughter with her. Max lets her go. He knows she'll return on a predetermined date. The story picks up 25 years later. Ophelia is a mother, a teacher of philosophy, and an artist who has found love, but she hasn't truly escaped. Her father has located her. Lured by the offer of her mother's art, she returns, her pagan faith intact. She is the princess in the tower who has to save herself in order to save others. When her father and half-brother snatch her young granddaughter, she stands in their way. Her courage when she faces two armed men grants the unity she both craves and fears, her god's gift to her. Her father's vengeful god takes what belongs to him in death and conflagration. Despite dark psychological undertones and pervasive religious satire, the novel is in essence a romance. The hero is noble. The heroine is beautiful, smart, and brave. *Blindspot* reads like a myth, a disturbing fantasy. The specific cult is fictional, but horrific acts in the name of religion are not. Memory is the key to identity. When identity is fractured, a question arises. Is the woman who survives parental molestation a reliable narrator, or does her road to hell begin with a single act of intolerable violence and end in a nightmare that unfolds in her mind?

**Bat Island** Rachel A. Page, Dina K. N. Dechmann, M. Teague O'Mara, Marco Tschapka, The Smithsonian Tropical Research Institute, 2023-11-21 Featuring

incredible photography and insight from an international team with long-term ties to the Smithsonian Tropical Research Institute, *Bat Island* spotlights the unique beauty and environmental importance of the seventy-six species of bats on Panama's Barro Colorado Island. For decades, scientists at the Smithsonian Tropical Research Institute have studied the remarkable biodiversity of bats on Barro Colorado Island in Panama, where an astonishing seventy-six species coexist. Now, for the first time, Smithsonian scientists' expertise pairs with the stunning photography of National Geographic contributor Christian Ziegler for a captivating visual journey into the fascinating world of these elusive night creatures. Bats are unique among mammals: they have acquired true flight, provide essential ecosystem services, and represent the ecologically most diverse group of mammals worldwide. Synthesizing decades-worth of intensive study, Drs. Rachel Page, Dina Dechmann, Teague O'Mara, and Marco Tschapka provide authoritative insight alongside 150 photographs that showcase bats' extraordinary environmental adaptations and rich natural history. **OVER 150 STUNNING PHOTOGRAPHS:** National Geographic photographer and contributor Christian Ziegler has captured over a decade's worth of images of the myriad of bat species living on Barro Colorado Island that capture these elusive animals in a variety of settings, from night shots of flight through the tropical rainforest to closeups of their remarkable wings and feeding patterns. **WRITTEN BY SMITHSONIAN SCIENTISTS:** All chapters of *Bat Island* are written by scientists long affiliated with the Smithsonian Tropical Research Institute, one of the world's leading tropical research organizations that spans a century. Topics include bats' diverse sensory abilities, foraging strategies, roosting ecologies, and social systems. **DECADES OF CUTTING-EDGE RESEARCH:** *Bat Island*, published in partnership with the Smithsonian, presents fascinating insights from scientists working at the Smithsonian Tropical Research Institute, which boasts decades of study of the hyperdiverse bat population on Barro Colorado Island in addition to the most comprehensive and long-term datasets on tropical bats. **CALL FOR CONSERVATION:** Drs. Page, Dechmann, O'Mara, and Tschapka highlight how bats are threatened by habitat fragmentation and land degradation, and communicate the initiatives needed to ensure the survival of these animals, which are critical to maintaining healthy, balanced ecosystems. **RARE BEAUTY:** Award-winning photojournalist Christian Ziegler's photography illuminates the unique beauty and allure of bats and the tropical rainforest in Panama.

The Mara Anup Shah, 2016 This is the visual story of life in Maasai Mara, Kenya, wild home of African big game and one of the world's most famous wildlife reserves. Anup Shah's distinctive style of photography propels the reader into the middle of this evocative land and its resident animals, immediately and intimately. The Mara reveals a magnificent stage for the performance of life. The drama is driven by the rhythm of the seasons, from the start of new life at the end of the rainy season, through to the hardships endured during the long, dry season. The images capture anger, death, hope, arrivals, and departures, and provide a startlingly fresh and rarely seen view of life in this popular reserve. The images are accompanied

by thought-provoking captions which describe the breathtaking land that Anup experienced first-hand during trips to the Mara between 2011 and 2015. Now the reader can experience the essence and wonder of Mara life with this astounding volume.
