Mediterranean France and Corsica Pilot Rod and Lucinda Heikell, This is a comprehensive companion to the long coastline which ranges from Spain and the edge of the Pyrenees to the Alpes Maritimes and Italy. It covers the flat country of Languedoc-Roussillon, the coast of the Golfe du Lion, the Rhône delta and the Camargue, the industrial Golfe de Fos, the Côte d'Azur and the French Riviera and Monaco. The island of Corsica and the waterways that run behind the coast linking the Canal du Midi and the étangs to the Rhône are covered in separate chapters. The authors spent the summer and autumn of 2016 cruising in Corsica and then across to the Golfe du Fos where they left Skylax for the winter. During their travels they visited a large number of harbours and anchorages, collecting the latest information and taking new photographs. There are new aerial photos for many places and in particular for ports and harbours in Languedoc – Roussillon. This major 2017 edition contains substantial change to the content. ‘A new Mediterranean France pilot from Rod and Lu Heikell is now available from Imray and, needless to say, if you have not got one and plan to cruise this coast and inevitably Corsica, then rush out and buy it!’ Royal Cruising Club.

Mediterranean Spain Steve Pickard, The second edition of this well-received title from the Royal Cruising Club Pilotage Foundation covers the entire Mediterranean mainland coast of Spain from Gibraltar to the French border. This is the only detailed pilot for the Spanish Mediterranean coast running up from Gibraltar to the border with France. It covers a varied cruising area that includes the mountain-backed Costas del and Sol and Blanca, the expansive lagoon of the Mar Menor, the low-lying Ebro delta and the rugged Costa Brava. In between are several great cities including Malaga, Valencia, Tarragona and Barcelona, the Catalan capital. The volume opens with Gibraltar and La Línea. With Imray charts for the same coast, Mediterranean Spain provides all the data necessary for anyone based in Spain, transitting to and from areas further East or the Balearics, or just exploring this rich and varied coast and its hinterland. The coverage has been revised with the text updated, new plans added and other plan updates based on the latest information. This edition has been enhanced by the addition of over 100 aerial photographs showing coastline and harbour approaches.
