Proud to Be a Marine C. Brian Kelly,2017-05-02 Behind one of the most celebrated military branches in America are the often little-known actions of its brave warriors. Proud to be a Marine amplifies the human voices amidst the cannon blasts and gun fire — from the American Revolution to modern day — and provides fresh insight that will inspire and excite those interested in the proud legacy of the Marines . . . This one of a kind collection includes: • Union Corporal John Mackie's historic rallying cry as he earned the first ever Medal of Honor for a Marine • The daring actions of Captain Bill Hawkins, the first Marine to step foot on Guadalcanal • ROTC Cadet Vernice Armour's inspiring rise from police officer to first African-American female combat pilot in the history of the United States Marines From the shores of Tripoli to the careful action against deadly IEDs in the Middle East, the anecdotal back stories of these upstanding Marines are proof they have always been ready, and always the First to Fight.

Hill of Angels Joseph C. Long,2016 This monograph examines U.S. Marine and North Vietnamese Army (NVA) actions throughout much of the northern half of a region that became known as Leatherneck Square, an area bounded by Con Thien and Gio Linh

to the north--just below the demilitarized zone (DMZ)--and Cam Lo and Dong Ha to the south. The Battle of Con Thien also included activities within the DMZ north and west of Con Thien as far as the Ben Hai River. More than a dozen Marine operations were involved in varying degrees with the Battle of Con Thien. This account deals with the battle's most significant and costly operations: Operation Hickory (18-28 May 1967), Operation Buffalo (2-14 July 1967), Operation Kingfisher (16 July-31 October 1967), and Operation Kentucky (1 November 1967-28 February 1968). This text is appropriate for military historians, scholarly professionals, and military science students as well as veterans. Why Marines Fight James Brady, 2007-10-30 In their own brutally candid, often moving words, Marines tell why they are Marines, what inspires them to fight so fiercely, and why some grow to love battle.

The Marines in World War II Michael E. Haskew, 2016-12-06 2016 will mark the 75th anniversary of the attack on Pearl Harbor that pushed the United States into World War II and sent thousands of US Marines to fight and die on tiny islands half a world away. Today, Iwo Jima, Okinawa, and Tarawa are household names that hold legendary status on the Marines' roll of honor. But in 1941, the Marine Corps was a small expeditionary force with outdated equipment and an unproven new mission—amphibious assault. Michael E. Haskew's *The Marines in World War II* charts the rapid development of this famous fighting force from two brigades, totaling fewer than 20,000 servicemen, to two full corps with six divisions, five air wings, 21 battalions and as many as 475,000 Marines. In addition to chronicling the hard fought battles at places like Midway, Guadalcanal and Guam, the book also addresses the important role played by Navajo code talkers during combat, as well as the changes that took place within the Marines during the war, such as the admission of its first black members

and the gradual desegregation of the Corps.

Desert Dogs ,2004-06-05 For six weeks in 2003, Russ Bryant used his camera to chronicle every aspect of daily life for Marines in Iraq and Kuwait: blinding sandstorms threatening to topple tents and men alike; Scud missile attacks sending them scrambling to their bunkers; sniper fire crisscrossing convoys into Iraq; shelled-out tanks, armored vehicles, and buses littering the road to Baghdad; medical personnel attending to the next wave of injured; and chaplains leading congregations in song and prayer in makeshift desert chapels. These are the Desert Dogs, the Marines of Operation Iraqi Freedom--Cover flap.

Always Faithful Eric Hammel,2011-10-18 A picture is worth a thousand words. In his latest book, Marine Corps historian and author of over 40 books, Eric Hammel, has assembled one hundred combat photos from the Pacific Theater of Operations of the Second World War. Together these tell the story of the Marines' costly victory over the Japanese. Over the years, historians, novelists, film makers and artists, have attempted to capture what it was like to fight in the Pacific. In *Always Faithful*, readers are invited to take in the combat slowly, as it unfolds, image by image. Arranged by theme-from dramatic images of beach assaults to heartbreaking photographs of the injured and killed-in-action-*Always Faithful* seeks to depict the essence of the War in the Pacific and the core of what it means to be a Marine.

Dispatches from the Pacific Ray E. Boomhower,2017-06-16 In the fall of 1943, armed with only his notebooks and pencils, Time and Life correspondent Robert L. Sherrod leapt from the safety of a landing craft and waded through neck-deep water and a hail of bullets to reach the shores of the Tarawa Atoll with the US Marine

Corps. Living shoulder to shoulder with the marines, Sherrod chronicled combat and the marines' day-to-day struggles as they leapfrogged across the Central Pacific, battling the Japanese on Tarawa, Saipan, Iwo Jima, and Okinawa. While the marines courageously and doggedly confronted an enemy that at times seemed invincible, those left behind on the American home front desperately scanned Sherrod's columns for news of their loved ones. Following his death in 1994, the Washington Post heralded Sherrod's reporting as some of the most vivid accounts of men at war ever produced by an American journalist. Now, for the first time, author Ray E. Boomhower tells the story of the journalist in *Dispatches from the Pacific: The World War II Reporting of Robert L. Sherrod*, an intimate account of the war efforts on the Pacific front.
