Rethinking Prestige Branding Wolfgang Schaefer,JP Kuehlwein,2015-05-03 What makes someone covet a Kelly bag? Why are Cirque Du Soleil or Grey Goose so successful despite breaking all the conventions of their categories? What does Gucci's approach to marketing have in common with Nespresso's? And why do some people pay a relative fortune for Renova toilet paper or Aesop detergent even though they hardly ever 'advertise' and seem to have none of the 'functional performance advantages' conventional marketers would seek to demonstrate? Prestige brand experts JP Kuehlwein and Wolfgang Schaefer have dedicated themselves to studying what drives the success of prestige brands. *Rethinking Prestige Branding* collects their insights. Uncovering the secrets of why and how some brands are created more equal than others, *Rethinking Prestige Branding* includes over 100 case studies from Apple and Abercrombie & Fitch to Tate Modern and Tesla. Rather than re-telling brand success stories or re-hashing long-standing marketing principles, it takes readers on a colourful journey behind the scenes of today's marketing pros. This book will fascinate marketing professional just as much as those who are simply curious as to how premium brands tick.

Brand Enigma Duncan Bruce,David Harvey,2010-12-03 Brand Enigma provides a refreshing antidote to tired, conventional approaches to business development, marketing and innovation. The premise for this book is that the brand embodies the spirit of the business and, properly understood, can enable the enterprise to raise innovation, business development and performance to new levels. Based on a proven method for deconstructing and rebuilding brands, the book outlines an alternative but stimulating, and highly effective method of putting the brand at the centre of the business. At the heart of this approach is the Brand Dream Model. Developed and perfected over several years, the model has helped to generate breakthroughs for many of the world's leading brands and corporations. It has also been applied to educational establishments and as part of a strategy development programme for a government department. Using deceptively simple methods based on experiential, as opposed to analytical, techniques, the Brand Dream Process reveals the past strengths of the brand, its current characteristics and future potential. When the process involves everyone from the board to the marketing department and front line staff, it also generates a shared understanding of the business, its values and goals. Brand Enigma gives you the tools to put your brand and business in a class apart from the competition. ... for breaking the norm and looking at a brand from a team perspective, this is one of the best. There's no breakthrough point with more conventional approaches to brand development. This immerses you. It's a still-hidden gem that many other companies should try. --Chris Priest, VP Marketing Europe Digital Appliances, LG What an extraordinary learning experience for our company. The Brand Dream let us express ourselves and get to a meaningful result unlike any other event that I have ever been a part of. --Kenny Kahn, Chief Strategic Officer, Iverify We have never done anything like this before! We found the experience enlightening, our objective was our brand image, which we feel we achieved admirably. However the unexpected benefit was an emotional and adrenalin-filled roller coaster of a team-building exercise. --Andrew Jankel, Managing Director, Jankel Armouring It brought people together in a way that other brand development approaches would not ... If you have a brand in the doldrums, it's an outstanding tool to reinvigorate it. --Nick Shepherd, former senior marketing executive, Kraft Foods When you give anyone a mechanism for analysing the world, you empower them. It's partly because the model is so simple that it is blindingly successful. --David Bott, Director of Innovation Platforms, the Technology Strategy Board
