Jonni Good

The Power of Symbols N. Ross Crumrine, Marjorie M. Halpin, 1983 This collection of papers, presented at the 42nd International Congress of Americanists, considers the interplay between the mask, the maskbearer, and the audience. The studies concentrate on the idea of masking as a transformational ritual in which the human actor is transformed into a being of another order. The authors use examples from various cultures and in their analyses argue for particular sets of relationships as being crucial to the understanding of the mask.

How to Make Masks! Easy New Way to Make a Mask for Masquerade, Halloween and Dress-Up Fun, With Just Two Layers of Fast-Setting Paper Mache Jonni Good, 2012 This book teaches new techniques that anyone can use to create fabulous masks easily and quickly. Make one of the 12 popular mask styles in the book with detailed instructions and over 300 step-by-step photos - or use these easy new methods to create your own unique designs. Jonni shows you exactly how to sculpt the features of your masks so they truly represent the character and expression you're looking for. Then capture that look permanently with just two layers of super-strong, fast-setting paper mache, using the recipes included in the book. Your finished masks can look like they were made from fur or feathers, antique gold, ancient bone, rusted iron, glazed porcelain, and even carved and highly polished African wood. The innovative methods in this book are easy, the materials cost just pennies per mask, and your new creations will be even more fun to make than they are to wear. This book takes the art of paper mache masks to a whole new level.

Masquerade and Identities Efrat Tseëlon, 2003-08-29 Masquerade, both literal and metaphorical, is now a central concept on many disciplines. This timely volume explores and revisits the role of disguise in constructing, expressing and representing marginalised identities, and in undermining easy distinctions between 'true' identity and artifice. The book is interdisciplinary in approach, spanning a diverse range of cultures and narrative voices. It provides provocative and nuanced ways of thinking about masquerade as a tool for construction, and a tool for critique. The essays interrogate such themes as: *mask and carnival *fetish fashion *stigma of illegitimacy *femininity as masquerade *lesbian masks *cross-dressing in Jewish folk theatre *the mask in seventeenth and eighteenth century London and nineteenth century France *the voice as mask.

Beyond the Masquerade Juli Slattey, 2012-10-17 Many Christian women today are wearing masks. From an early age, we are taught that to be valuable we need to do more, to be more. To feel worthy, we learn to hide behind the masks of our accomplishments, physical appearance, intelligence, education, relationships—even our work in the church. But those masks separate us from God, from other people, and from our true selves. Thankfully, there is hope. We can remove our masks and trust Christ to see us as we really are . . . but it takes humility. To examine our hearts, motives, and past experiences requires honesty and confession. But beyond the masquerade, Christ can heal and transform our lives, freeing us from bondage.

Refrain from the Identical Jodee Luna, 2011-12-13 In today's cultural revolution of creativity, author JoDee Luna asserts, Creativity extends beyond 'superstars' who receive fame and fortune for their specialized talents. Individuals like you and me who desire to explore the arts for personal expression can also find our artistic identities." She defines creative eclectics as artistic multi-taskers who enjoy dabbling in various art forms rather than specializing. Luna provides insights into the creative eclectic personality gleaned from retracing her creative history in an attempt to discover her own unique path of artistry, a journey that resulted in the pursuit of multiple art forms and diverse careers. She offers hope, encouragement, and advice for people who thrive on multiple artistic expressions. Luna believes creative discovery is available to everyone, and she provides inspiration and practical steps for the journey. *Refrain from the Identical* is a must-read for armchair artists and crafty dabblers. Readers will rediscover the childlike wonder of creating for the sheer joy of it.

Masquerade Deborah Bell, 2014-12-03 In its conventional meaning, masquerade refers to a festive gathering of people wearing masks and elegant costumes. But traditional forms of masquerade have evolved over the past century to include the representation of alternate identities in the media and venues of popular culture, including television, film, the internet, theater, museums, sports arenas, popular magazines and a range of community celebrations, reenactments and conventions. This collection of fresh essays examines the art and function of

masquerade from a broad range of perspectives. From African slave masquerade in New World iconography, to the familiar Guy Fawkes masks of the Occupy Wall Street movement, to the branded identities created by celebrities like Madonna, Beyoncé and Lady Gaga, the essays show how masquerade permeates modern life.

Venice Incognito James H. Johnson, 2017-01-10 The entire town is disguised, declared a French tourist of eighteenth-century Venice. And, indeed, maskers of all ranks—nobles, clergy, imposters, seducers, con men—could be found mixing at every level of Venetian society. Even a pious nun donned a mask and male attire for her liaison with the libertine Casanova. In *Venice Incognito*, James H. Johnson offers a spirited analysis of masking in this carnival-loving city. He draws on a wealth of material to explore the world view of maskers, both during and outside of carnival, and reconstructs their logic: covering the face in public was a uniquely Venetian response to one of the most rigid class hierarchies in European history. This vivid account goes beyond common views that masking was about forgetting the past and minding the muse of pleasure to offer fresh insight into the historical construction of identity.

The Victim and Its Masks Abdellah Hammoudi, 1993-11 Each year, in a solemn Sunni Muslim feast, the Ait Mizane of southern Morocco reenact the story of Abraham as a ritual sacrifice, a symbolic observance of their submission to the divine. After this sober ceremony comes a bacchanalian masquerade which seems to violate every principle the sacrifice affirmed. Because of the apparent contradiction between sacrifice and masquerade, observers have described the two as entirely separate events. This book reunites them as a single ritual process within Islamic tradition.

Dressed for Thrills Mark Alice Durant, 2002-10 A Whimsical array of ghosts and goblins, spooks and skeletons, animals and nursery-room characters parade through this unparalleled collection of more than one hundred years of American Halloween costumes and masquerade. Photographer Phyllis Galembo approaches her subjects with the delight and wonder of one who has discovered an entire cast of characters backstage in an abandoned theater. Through her lens, the costumes rise from the dead to once again dance, play, and amuse. Ranging from handmade to store-bought, satin to polyester, the masks, wigs, and costumes, whether recognizable figures or obscure, pique our childhood memories. In her celebration of Halloween revelry, Galembo never settles for the ordinary; instead she creates evocative scenes of dressed-to-scare young trick-or-treaters modeling their disguises and of undead spirits haunting their surroundings. The costumes, which span over a century, take on magical qualities through fanciful sets and specialized lighting effects. Accompanying the costumes is a history of this always-popular holiday and

essays discussing Galembo's inspirations and techniques. Through her art, Galembo allows us to act out our youthful fantasies of transformation -- to become, or at least observe, what we most want to be: free of inhibitions, of fixed notions of identity. Her images make us laugh and dream and maybe even believe in ghosts. Book jacket.

Modernist Disguise Ron J. Popenhagen, 2022-11-19 This book highlights that masquerade can be regarded as a distinct genre of performance activity that employs elements of the carnivalesque, circus, dance, gestural theatre and theatre of objects.

A Lovely Masquerade Nate Groshan, 2013-10 When fortunes fail, and feelings fade; when life's once-bright wonders turn to shades of gray, and your most precious treasures start to decay-what do you turn to then? Sandrone Pavironica, better known as the Spice King, was the second wealthiest man in the exceedingly wealthy City of Masks, until the day his greatest triumph turned into his most devastating tragedy. As his estate crumbles around him and the weight of illusion becomes too much to bear, Sandrone is forced to question the existence of dark nights alongside sunny days, and what has been gained from a life of chasing after pleasure and gold. However, in a city where the inhabitants hide their true selves behind perfectly painted porcelain masks, where can he turn to find the answers he seeks? A private feud reveals a silent war being waged against the city's unwitting residents, and with help from some unlikely friends, Sandrone comes to see the truth behind the idyllic façades cast in the lovely City of Masks: Welcome to the Masquerade!
