Guitar Chord Master 1 Christian J. Triola, Master the skills you need to strum your favorite songs. When we first begin playing guitar, most of us

start out fussing around with chord charts and chord books. But chord charts don't show you how to make music. And most chord books are only reference guides. Other methods either teach too many chords at once or don't teach them systematically, leaving us scratching our heads as we try to figure out how to make the music happen. Guitar Chord Master 1 has everything you need to play hundreds of songs. With step-by-step lessons and practice exercises, you'll master chords in a progressive manner, starting with the easiest and most common. Along the way, you'll build finger strength and dexterity to grab those chords with increasing confidence. Plus, you'll learn common chord progressions and strum patterns that will prepare you to play the songs you love. A Unique Approach that Builds Rhythm Guitar Skills Faster Guitar Chord Master is the only method book series dedicated to mastering rhythm guitar. This means that it focuses exclusively on chords and strum patterns, and it can be used to teach yourself or along with an instructor. And when we say mastery, we mean it. There are ample practice exercises and review sections throughout the book so you'll never be left scratching your head or feeling rushed along. Great for adult beginners and teens Whether you're just starting out on guitar or have been noodling around for years, Guitar Chord Master 1 will give you the foundation you need to strum the songs you love. Let's get started! Click to order your copy and let's start strumming!

Rhythmic Lead Guitar – Solo Phrasing, Groove and Timing for All Styles Barrett Tagliarino,2013-04-01 (Musicians Institute Press). The notes of any

solo are only half the story; the other, equally crucial element is the rhythm. Though there are leagues of books teaching you the scales, modes, and arpeggios that are used when soloing, there's been a great void in the available material with regards to teaching the concept of rhythm. We don't instinctually possess knowledge of which notes to use, so why would we instinctually know which rhythms to use when playing these notes? This is where Rhythmic Guitar comes into play. In this book, you'll learn the timing of notes from the ground up, helping you to develop a solid, internal sense of rhythm that will stick with you throughout your career. You'll be armed with an intimate knowledge of a beat's anatomy, and you'll possess the tools necessary to manipulate the timing of any phrase as you see fit. With a strong command of rhythm, your solos will sound more authoritative, unique and memorable.
