Legal Food for Thought Daniel Kornstein,2023-10-31 Legal Food for Thought is both an entertaining and provocative collection of non-technical essays written by an experienced, literate lawyer with an eye for unusual topics and a gift for language. Combining original insights with probing commentary, these sparkling essays light up the page as they illuminate a wide range of subjects more or less in some way, often unexpected, linked to law. As the title foreshadows, the book is creatively organized in the form of a meal, with its delicacies spread over a menu covering a drink, appetizers, entrees, sides, and dessert. Among other surprises, the author reminds us of poet John Milton's appeal for freedom to read what we want, describes two comic book lawyer superheroes, suggests ways to improve our democracy, finds new legal themes in the lives of various well-known creative artists, and even tells us which are his favorite books about law and why. It is a tour de force sure to fascinate any thinking person, lawyer or not

Master Key System - Law of Attraction Charles F. Haanel,Dr. Robert C. Worstell,2017-05-21 The Master Key is here given to the world as a means of tapping the great cosmic intelligence and attracting from it that which corresponds to the ambitions, and aspirations of each reader. Every thing and institution we see around us, created by human agency, had first to exist as a thought in some human mind. Thought therefore is constructive. Human thought is the spiritual power of the cosmos operating through its creature man. The Master Key instructs the reader how to use that power, and use it both constructively and creatively. The things and conditions we desire to become realities we must first create in thought. The Master Key explains and guides the process... Used as thus instructed The Master Key will make of the reader a greater, better personality, and equipped with a new power to achieve any worthy personal purpose and a new ability to enjoy life's beauty and wonder.
