Lights, Camera...Nap! Joey Marie wears many hats (or, rather, wigs): she's dressed up as Inigo Montoya, Britney Spears, Beyoncé, Pikachu, Anna Wintour, Moana, and Barb from Stranger Things. She's taken trips to Hawaii, baked croissants, and blasted off to the moon as an astronaut (at least, in her dreams). She's held occupations such as pizza chef, aerobics instructor, and handy-dandy-fixer-upper (figuratively, of course). She's inspired a parenting blog, been the face of her mom Laura Izumikawa's Instagram account—and for the first time, she's taken the leap from the ranks of internet-baby-snoredom to the pages of a book. Naptime with Joey is chockablock full of over a hundred deliciously adorable photos of Joey dressed up as various pop culture characters, movie stars, musicians, vacationers, and holiday-goers, making this the most fun, festive, and downright delightful gift under the sun!

**Photographing Newborns** ,2014-08-18 In this comprehensive book, Cooney touches on each facet of being a successful newborn portrait photographer. She begins by outlining the foundation of her business model and provides insight for the reader to establish something similar for their business. Defining your target market and ideal customer profile are essential to guiding your business in the right direction. Cooney focuses her business, and this book, on what she calls a 'boutique' brand. These are pricier photo shoots and packages, which require more time and care. Working with clients at this level often creates a lasting relationship and hopefully, repeat business. This is where the branding of your business is so important. Not only can it deliver regular clients, but can also inspire important word-of-mouth references. Emphasizing how important it is for a photography studio to have structure and direction to become and remain successful, Cooney walks the reader through many scenarios that have helped form her business. A strong social media presence, creative marketing & promotions and repeat customers are the key to standing apart from the competition, therefor remaining vital.

*Faces of Hope* Christine Pisera Naman,2002-09 In this book, Christine Pisera Naman, whose son Trevor was born on September 11, 2001, has gathered together striking black-and-white photos of her child and forty-nine other babies who share the same birthday. Gathered from each of the fifty states in the union, these shining faces give hope to our nation as its citizens reflect on the anniversary of September 11. With simple eloquence, the author shares two wishes that she has for each little one, such as: I hope that you find good in all people. I hope you catch snowflakes on your tongue. I hope you always have more than you need and share your plenty. I hope you are someone's dream come true.

The Front Steps Project Kristen Collins,Cara Soulia,2020-11-24 People magazine's top reason for Hope in America. Curated from a grassroots social movement, The Front Steps Project is an inspiring, uplifting portrait series capturing how people coped with living in isolation during the COVID-19 pandemic. The Front Steps Project™ demonstrates that even in the most challenging of circumstances, kindness, love, courage, and hope exist to build, bind, and connect communities around the globe. Created on March 18, 2020, The Front Steps Project™ began when friends Kristen Collins and Cara Soulia sought out to unite their neighbors through photographs of life in quarantine. In addition to incorporating work from other local photographers, the women traveled to neighborhoods around Needham, Massachusetts to photograph residents in front of their homes in exchange for donations to their local food pantry. Within days, #TheFrontStepsProject became a grassroots social mission, connecting thousands of people across the globe and raising over \$3,250,000 for vital non-profit organizations and local businesses including food pantries, frontline workers, homeless and animal shelters, hospitals and so much more. Through their noble efforts, hundreds of thousands of images and stories of love, sacrifice, compassion, kindness, perseverance, and – ultimately hope – flooded social media. Featured on Good Morning America, The Today Show, People Magazine, The Wall Street Journal, The Boston Globe and more, The Front Steps Project brings communities together virtually, despite being – and maybe feeling – isolated. The Front Steps Project contains over 400 photographs and dozens of stories of families during the COVID-19 pandemic. This heartwarming keepsake commemorates a massive effort of courage, unity, and goodwill. As a tribute to the good work of The Front Steps Project, a portion of book sales will be donated to The United Way to help people impacted by the pandemic.

**House of Hollow** Krystal Sutherland,2022-03-01 A New York Times Bestseller! An Instant Indie Bestseller! A dark, twisty modern fairytale where three sisters discover they are not exactly all that they seem and evil things really do go bump in the night. Iris Hollow and her two older sisters are unquestionably strange. Ever since they disappeared on a suburban street in Scotland as children only to return a month later with no memory of what happened to them, odd, eerie occurrences seem to follow in their wake. And they're changing. First, their dark hair turned white. Then, their blue eyes slowly turned black. They have insatiable appetites yet never gain weight. People find them disturbingly intoxicating, unbearably beautiful, and inexplicably dangerous. But now, ten years later, seventeen-year-old Iris Hollow is doing all she can to fit in and graduate high school on time--something her two famously glamorous globe-trotting older sisters, Grey and Vivi, never managed to do. But when Grey goes missing without a trace, leaving behind bizarre clues as to what might have happened, Iris and Vivi are left to trace her last few days. They aren't the only ones looking for her though. As they brush against the supernatural they realize that the story they've been told about their past is unraveling and the world that returned them seemingly unharmed ten years ago, might just be calling them home.

**Home Truths** Susan Bright,2013 Published to coincide with an exhibition held at the Photographers' Gallery and Foundling Museum in London and touring to Chicago's Museum of Contemporary Photography, this beautiful and striking book examines contemporary interpretations of one of the most enduring subjects in the history of picture-making: the image of the mother. Focusing on the work of twelve international photographic artists, the publication challenges the stereotypical or sentimental views of motherhood handed down by traditional depictions, and explores how photography can be used to address changing conditions of power, gender, domesticity, the maternal body, and female identity. The work featured here is highly personal, often documentary in approach and with the individual subject at its centre, reflecting photography itself in the twenty-first century. The featured artists offer very different views of contemporary motherhood, from the devoted to the dysfunctional, representing the myriad ways that becoming - or even trying to become - a mother can radically alter a woman's sense of self and how others perceive her. The book's essays, illustrated with dozens of comparative images from antiquity to the present day, present the historical and contemporary context of the mother figure. Curator of the exhibitions and volume editor Susan Bright traces the history of photographs of motherhood from the nineteenth century to our 'postfeminist' age. Simon Watney weaves a fascinating narrative of the Madonna figure through the centuries. Nick Johnstone looks at the presentation of the mother from the perspective of the father, and considers how images of fatherhood compare, while Stephanie Chapman lays out the moving history of London's Foundling Museum through photographs and repositions the mother in a story of loss where she is strangely absent. Presenting contemporary thinking on motherhood through an exploration of its changing representation in photography, Home Truths provides a fresh and unique insight into one of the most universal and well documented of experiences.
