Matisse on Art, Revised Edition Henri Matisse, Jack D. Flam, 1995-07-24 Ed : Brooklyn College and City University of New York, Revised edition, Includes new texts, introduction, biography, overview.

**Chatting with Henri Matisse** Henri Matisse, 2013-08-15 In 1941 the Swiss art critic Pierre Courthion interviewed Henri Matisse while the artist was in bed recovering from a serious operation. It was an extensive interview, seen at the time as a vital assessment of Matisse's career and set to be published by Albert Skira's then newly established Swiss press. After months of complicated discussions between Courthion and Matisse, and just weeks before the book was to come out--the artist even had approved the cover design--Matisse suddenly refused its publication. A typescript of the interview now resides in Courthion's papers at the Getty Research Institute. This rich conversation, conducted during the Nazi occupation of France, is published for the first time in this volume, where it appears both in English translation and in the original French version. Matisse unravels memories of his youth and his life as a bohemian student in Gustave Moreau's atelier. He recounts his experience with collectors, including Albert C. Barnes. He discusses fame, writers, musicians, politicians, and, most fascinatingly, his travels. *Chatting with Henri Matisse*, introduced by Serge Guilbaut, contains a preface by Claude Duthuit, Matisse's grandson, and essays by Yve-Alain Bois and Laurence Bertrand Dorléac. The book includes unpublished correspondence and other original documents related to Courthion's interview and abounds with details about avant-garde life, tactics, and artistic creativity in the first half of the twentieth century.

*Henri Matisse* Carolyn Lanchner, 2008-06-30 Henri Matisse was a founding figure of modern painting and one of the most celebrated artists of the twentieth century. This book, part of the MoMA Artist Series, features eleven paintings, sculptures, and

works on paper by Matisse selected from The Museum of Modern Art's substantial collection of his work. His breakthrough Fauvist painting *La Japonaise* is here, along with such well-known works as *Dance (I)*, *The Red Studio*, and *The Piano Lesson*. Important examples of Matisse's sculpture are included among the paintings, leading to the paper cutouts of his final years. Vivid images and a lively essay accompany each work, illuminating its significance and placing it in its historical moment and in the development of modern art and in Matisse's own life.

*Matisse the Master* Hilary Spurling, 2005 With unprecedented and unrestricted access to his family correspondence, and other new material in private archives, Spurling documents a lifetime of desperation and self-doubt exacerbated by Matisse's attempts to counteract the violence of the 20th century in paintings.

**The Cut-outs of Henri Matisse** Henri Matisse, John Elderfield, 1978 A study of the art form developed by Matisse after an operation drained him of the strength to continue his oil painting, focusing on the elements of color and design that characterize his prints, paper cut-outs, and paper cut-out maquettes.

Henri Matisse Henri Matisse, 2013-04 The Museum Of Modern Art, November 13, 1951 To January 13, 1952; The Cleveland Museum Of Art, February 5 To March 16, 1952; The Art Institute Of Chicago, April 1 To May 4, 1952; The San Francisco Museum Of Art, May 22 To July 6, 1952.

*Matisse* Rebecca A. Rabinow, Dorthe Aagesen, Metropolitan Museum of Art (New York, N.Y.), 2012 Throughout his long career, Henri Matisse (1869-1954) continually expanded the boundaries of his art. By repeating images in pairs, trios, and series, he conducted an ongoing dialogue with his earlier works in order to, as he put it, push further and deeper into true painting. In this fresh approach to a much-studied artist, prominent scholars from the United States and Europe examine more than sixty works in concise chapters that focus on this aspect of Matisse's working

process. From early pairs such as *Young Sailor I* and *II* (1906) and *Le Lexe I* and *II* (1907-8) through a series of late studio scenes from *Vence* (1946-48), Matisse is shown revisiting a given theme with the aim of devising innovative, often radical, solutions to such problems as how to portray light, handle paint, select colors, and manipulate perspective. New technical studies of the early paired works and photographs documenting the evolution of his later paintings help to elucidate Matisse's complex evolution. In numerous excerpts from letters and interviews, he is revealed as an artist who regularly questioned himself and his methods, a man of powerful intellect who regarded each new painting as an adventure. A significant addition to art historical literature, *Matisse: In Search of True Painting* is a revelatory study of a seminal figure in 20th-century modernism.--Page 4 of cover.

**Matisse, Lithographs** Susan Lambert, Henri Matisse, 1982

Matisse Henri Matisse, José María Faerna, 1995 While focusing primarily on color reproductions of Matisse's most famous paintings, this book also gives a biographical sketch of the famous French artist.

*Matisse* Henri Matisse, 2005 This catalogue devoted to Matisse's late work--a period he described as his 'second life'--sheds exceptional new light on the artist through his correspondence with the writer André Rouveyre. Beginning with Matisse's serious operation in 1941 and ending with his death in 1954, these last years saw an extraordinary blossoming of his art. His correspondence with André Rouveyre--a novelist and artist dreaded for his cruel portraits, who was also Matisse's old friend from their student days at Gustave Moreau's studio--testifies almost daily to this autumn triumph. The voluminous written exchange (nearly 1,200 letters, many of which are covered with drawings or decorations by the artist), with its wealth of fertile observation, offers a unique look at Matisse's creative process and aspirations during a period when he was redefining his modes of artistic expression. For the first time, this catalogue, like the

exhibition it accompanies, relates a selection of these letters and their drawings to works produced during the same years: oils on canvas, drawings, illustrated books along with their studies, tapestries, stained-glass window maquettes, preparatory studies for the wall decorations of the chapel at Vence and a number of dazzling large and small paper cut outs, representing the culmination of a half-century's work and Matisse's radical creative renewal.--Book jacket.

**Henri Matisse Exhibition** Henri Matisse, Montross Gallery, 1915

**Matisse in Nice, 1917-1954** Xavier Girard, Henri Matisse, 1996 For Matisse, Nice was more a state of mind than a place. At his happiest and most creative in this warm, light-filled environment, he produced there some of his most beautiful works: luminous vistas; sensuous models in bright, flower-filled interiors; open windows looking out onto dazzling blue seas. From 1917 until 1954, the influence of Nice pervades Matisse's paintings and sculptures. The colours of his radiant masterpieces are represented in the plates contained in this work, while a text explores the depth of his artistic vision and the influences of the South of France.

**Henri Matisse** Kathryn Brown, 2021-03-08 Henri Matisse's experiments with form and color revolutionized the twentieth-century art world. In this concise critical biography, Kathryn Brown explores Matisse's long career, beginning with his struggles as a student in Paris and culminating in his celebrated use of paper cutouts and stained glass in the last decade of his life. The book challenges various myths about Matisse and offers a fresh perspective on his creativity and legacy. Chapters explore the

artist's enthusiasm for fashion and cinema, his travels, personal ties, interest in African art, love of literature, and willingness to challenge audience expectations. Through close readings of Matisse's works, Brown offers new insight into the artist's friendships and battles with dealers, critics, collectors, and fellow artists.

*Henri Matisse, Drawings 1936* Henri Matisse, Christian Zervos, Tristan Tzara, 1936 In 1926, French publisher Christian Zervos founded Cahiers d'Art, a journal on contemporary art that soon gained wide recognition in Europe. Originally conceived as a review of modern art, these Art Notebooks eventually expanded to include topics relating to architecture, poetry and literature as well. In 1936, Zervos devoted Cahiers d'art 3-5 to the drawings of Henri Matisse. The collections was published in three editions that year and reprinted by Cahiers d'Art in 1992. This facsimile edition, based on the 1936 original, includes each of Matisse's thirty-nine drawings. It also includes a preface by Christian Zervos and a poem by Tristan Tzara dedicated to Matisse.--BOOK JACKET.

**Henri Matisse** Catherine Bock-Weiss, Henri Matisse, 2009 A series of linked essays that considers different aspects of Matisse's life and work, revealing how the artist worked against many of the main tenets of modernism--Provided by publisher.

**Matisse in the Collection of the Museum of Modern Art, Including Remainder-interest and Promised Gifts** John Elderfield, Henri Matisse, William Slattery Lieberman, Riva Castleman, Museum of Modern Art (New York, N.Y.), 1978 Includes list of Matisse exhibitions at MoMA, publications on Matisse issued by MoMA, donors of works by Matisse in the MoMA collection; and detailed catalog notes.
