Surrealism Nathalia Brodskaja,2012-05-08 Surrealists appeared in the aftermath of World War I with a bang: revolution of thought, creativity, and the wish to break away from the past and all that was left in ruins.This refusal to integrate into the bourgeois society was also a leitmotiv of Dada artists, and André Breton asserted that Dada does not produce perspective. Surrealism emerged amidst such feeling. Surrealists and Dada artists often changed from one movement to another.They were united by their superior intellectualism and the common goal to break free from the norm. Describing the Surrealists with their aversive resistance to the system, the author brings a new approach which strives to be relative and truthful. Provocation and cultural revolution: aren't Surrealists after all just a direct product of creative individualism in this unsettled period?

Close Writing Paula Bourque,2016 How closely do your students read their writing? What are the implications for those who do and those who don't? During her work in classrooms, literacy coach Paula Bourque noticed that students who read their own writing closely are engaged in their work, write fluently, are able to produce lengthy drafts, and incorporate teaching points from mini-lessons into the day's writing. In this comprehensive book, Paula shows you that no matter what structures or lessons you use in your writing classroom, the strategies in Close Writing will help you make these better by creating student writers who are more aware of what effective writing looks like, who care about what they write, and who take ownership and responsibility for their growth as writers. Paula argues that a key element in close writing is learning to look and looking to learn by closely reading our own writing. Instead of focusing on the mechanics of their writing, she encourages students to read their words for understanding, clarity, and the effect they will have on an audience. She urges them to recognize their habits and their approaches to writing and to build upon them. Close Writing is based on research and methods that are reliable and valid best practices, but it will not prescribe lessons or structures. It gives you a peek inside classrooms where teachers just like you are working with budding authors just like yours. Paula also provides considerations for ELL writers, as well as a section of interviews with authors. She shares an extensive reference/resource guide, and a companion website with

students' work samples, reproducibles and templates, and videos of classroom writing lessons round out this must-have resource.

Blackwork Mary Gostelow, 1998-01-01 Blackwork, or black-on-white embroidery, has long been a popular craft among needleworkers. Often referred to as Spanish work because of its association with Catherine of Aragon and its possible connection with Moorish Spain, blackwork has also been well-documented in portraits by Hans Holbein the Younger and other 16th-century artists. In the present carefully researched work, this beautiful, distinctive, and age-old craft receives a comprehensive treatment from veteran needlecrafter Mary Gostelow. She first offers a fascinating background history of blackwork, tracing its use in England, the United States, and other countries. Clear, concise descriptions of stitches and equipment — needles, ground fabric, embroidery thread, and more — accompany discussions of contemporary styles and suggestions for innovative patterns. Originally applied to clothing and household items, blackwork is still used today to embellish table linens, bedding, wearing apparel, pillows, wall hangings, and other domestic articles. Enhanced with 140 illustrations, including many close-up sketches of blackwork designs, this intriguing and valuable how-to book will

appeal to needlecrafters wanting to apply the time-honored techniques of blackwork to new projects in decorative embroidery.

Outreach for Music Librarians Scott Stone, 2019-01-01 Many music librarians are tasked with reaching out to their primary user groups, but don't know how to start this process, or need new ideas to spur them forward. *Outreach for Music Librarians* is a manual designed to provide immediate, practical help in the planning, implementation, and assessment of outreach projects. This manual is divided into three sections: (1) foundational principles to be kept in mind no matter the project; (2) an introduction to six different outreach projects with all the information needed to implement; and (3) case studies of outreach projects at four vastly different libraries. Walking with Our Savior Marv Knipfer,2018-11-05 What can

God do in a life totally devoted to walk in the footprints of our Savior? Marv Knipfer, just a simple concrete man, is a perfect example of what can happen when one is truly born again (John 3:3) and the transformation of a new heart and mind take place. I had the honor and privilege of being the wife of this wonderful man, full of love and generosity for fourteen years before God took him home. He truly was given a supernatural gift of writing, especially about the Word of God. He left behind many books he wrote just taking them to a printer in town and giving them out to family, friends, or anyone interested. The idea of sending them to a publisher never seemed to occur to him as he was just humbled to think anyone would like to read them. I personally have never seen anyone mature so rapidly in their faith, and I have been around lots of people who profess to be Christians. It was obvious it was because of his love for God and the time spent daily in the Word that caused this growth. He loved people of all ages, and they loved him back. He was always more than willing to give of his time, service, and finances to those in need. To know Grandpa Marv was to love him because just being around him brought one closer to Jesus who was the real One loving through him. Many lives have been touched for eternity because of this simple man, including mine! Heaven got sweeter on June 7, 2010, when he arrived home, and I am confident he heard the words he most wanted to hear: Well done, good and faithful servant. To God be the glory! Carolyn (Carol) Knipfer-Broome
