☐ THE 5 HABITS TO MINE YOUR GOLD MATT ANDERSON, 2023-05-11 Most people do not have a big knowing problem, they have a big consistent doing problem. Whether you are new on your journey or have been trying to change and grow all your life, The 5 Habits to Mine Your Gold addresses how to move through your obstacles to a clear process full of practical action steps, habits, and mindset shifts. In this book, international business coach Matt Anderson lays out how you can address the obstinate and imposing obstacle (YOU!) with an achievable, customizable, step-by-step guide. If it were easy, everyone would have addressed it. It's based on developing sustained drive, making love your purpose, knowing how to filter your thinking ever better, focus on the specific areas you can control, shift how you see yourself and create consistent power habits. You can become free to do what you want when you want. You can live a purposeful life, be loving, bold, learn and grow. You can spend your life serving and inspiring. This book shows you how.

☐ THE UNDERDOG EDGE AMY SHOWALTER, 2011-08-01 A prominent consultant reveals secrets to help you influence and persuade others—even when you aren't in a position of power. We all have occasions in which we want or need to persuade someone of greater clout, prestige, or authority to see things our way. There are books that show how to effect change from a leadership position or how to work with peers within your own organization—but what can you do when you need to exert “upward influence” with decision makers who can help you achieve your goals? In this book, a popular speaker and successful consultant with expertise in grassroots efforts shows which tactics are most successful when you're the underdog. She also shares real-world stories of everyday people who have achieved persuasion success in politics and business with someone up the food chain, the peer-reviewed science behind their success—as well as insights from those whose minds they changed.
