He's survived all the weird stuff that happened last year when his favorite author, Lance Cummins visited his school. And now Cummins's bestselling book Zombie Squad has been turned into a hit TV show. Brian knows the monsters on the show aren't real, but before he knows it, he has to save his little brother from flesh-eating zombies, rollerblade off a ramp 17,000,000,000 miles high, and most terrifying of all, kiss a girl. **Flesh Eaters** Mark L'Estrange,2021-12-19 Thorndike is just like any other quaint Cornish village. Everyone knows everyone, and families have lived there for generations. The village inn boasts the finest food and warmest welcome, and visitors and locals alike agree that old Thad Beanie makes the most delicious meat pies they have ever tasted. Like most proud chefs, Thad refuses to divulge the secret to his family recipe. The secret, which stretches back hundreds of years, is not how you cook the meat, but where the meat comes from. This book contains graphic sex and violence, and is not suitable for readers under the age of 18.

**Break On Through** Jill Murray,2010-05-07 Welcome to the worst day of Nadine Lady Six Sky Durant's life. Just as she's getting used to the idea of a new baby sister squeezing her out of her family, her parents drop the REAL bomb--they're moving out of Parkdale, the downtown neighborhood they've always called home, to cheesy Rivercrest, a million miles away in the middle of nowhere. Is this a conspiracy to keep her from breakdancing? Are they trying to force her to break up with her boyfriend Sean, aka Ruckus, aka the leader of their crew, Tha Rackit Klub, aka the sickest crew in all of Toronto? And just when they finally had a shot at the Hogtown Showdown, the biggest b-boy battle in town! How's she going to get any respect in Rivercrest, when everywhere she turns another hater is waiting to smack her down, her parents only want her to focus on her grades, and her old friends back home won't even give her the time of day? But b-girling is hers. And with the Showdown just months away, nobody is going to keep her from dancing, no matter how hard anyone tries.

*The Unnameable Monster in Literature and Film* Maria Beville,2013-10-30 This book visits the 'Thing' in its various manifestations as an unnameable monster in literature and film, reinforcing the idea that the very essence of the monster is its excess and its indeterminacy. Tied primarily to the artistic modes of the gothic, science fiction, and horror, the unnameable monster retains a persistent presence in literary forms as a reminder of the sublime object that exceeds our worst fears. Beville examines various representations of this elusive monster and argues that we must look at the monster, rather than through it, at ourselves. As such, this book responds to the obsessive manner in which the monsters of literature and culture are 'managed' in processes of classification and in claims that they serve a social function by embodying all that is horrible in the human imagination. The book primarily considers literature from the Romantic period to the present, and film that leans toward postmodernism. Incorporating disciplines such as cultural theory, film theory, literary criticism, and continental philosophy, it focuses on that most difficult but interesting quality of the monster, its unnameability, in order to transform and accelerate current readings of not only the monsters of literature and film, but also those that are the focus of contemporary theoretical discussion.

Untimely Demise is a daily exploration of the most fascinating ways people have offed one another since the beginning of time. From ninja swords to cyanide, poisons to pistols, the deadly details of 365 dastardly, mundane, ritualistic and just plain bizarre ways people have murdered one another are revealed in this darkly humorous - and suprisingly informative - cautionary collection. Whether you love a good whodunit or solve real-life murders for a living, this daily dose of deadly weapons will shock and amaze you! Or, at least, remind you to lock your doors at night.--Back cover.

*Daddy's Home* Paul Dale Anderson,2015-01-16 Terror gripped the streets of Willow Woods as the grisly deaths increased. The killer struck in isolated areas, slashing young women into bloody ribbons of flesh with the precision of a surgeon. The experts knew he used a razor-sharp butcher's knife, but only the dead knew his face.... The bad dreams started when Danny's real dad disappeared. Weird, scary dreams about a strange man with a long, shiny knife, standing over Danny's mother covered in blood on their kitchen floor. His mom told him to forget about the dreams and stop watching the TV news reports about the Mad Slasher. She said they were safe, especially with their new friend Michael, his pretend daddy, to protect them. But Danny was afraid of Michael. Michael

looked too much like the monster in his dreams....

**The Dread of Difference** Barry Keith Grant,2015-04-01 The Dread of Difference is a classic. Few film studies texts have been so widely read and so influential. It's rarely on the shelf at my university library, so continuously does it circulate. Now this new edition expands the already comprehensive coverage of gender in the horror film with new essays on recent developments such as the Hostel series and torture porn. Informative and enlightening, this updated classic is an essential reference for fans and students of horror movies.—Stephen Prince, editor of The Horror Film and author of Digital Visual Effects in Cinema: The Seduction of Reality An impressive array of distinguished scholars . . . gazes deeply into the darkness and then forms a Dionysian chorus reaffirming that sexuality and the monstrous are indeed mated in many horror films.—Choice An extremely useful introduction to recent thinking about gender issues within this genre.—Film Theory

Horror Film and Otherness Adam Lowenstein,2022-07-19 What do horror films reveal about social difference in the everyday world? Criticism of the genre often relies on a dichotomy between monstrosity and normality, in which unearthly creatures and deranged killers are metaphors for society’s fear of the “others” that threaten the “normal.” The monstrous other might represent women, Jews, or Blacks, as well as Indigenous, queer, poor, elderly, or disabled people. The horror film’s depiction of such minorities can be sympathetic to their exclusion or complicit in their oppression, but ultimately, these images are understood to stand in for the others that the majority dreads and marginalizes. Adam Lowenstein offers a new account of horror and why it matters for understanding social otherness. He argues that horror films reveal how the category of the other is not fixed. Instead, the genre captures ongoing metamorphoses across “normal” self and “monstrous” other. This “transformative otherness” confronts viewers with the other’s experience—and challenges us to recognize that we are all vulnerable to becoming or being seen as the other. Instead of settling into comforting certainties regarding monstrosity and normality, horror exposes the ongoing struggle to acknowledge self and other as fundamentally intertwined. Horror Film and Otherness features new interpretations of landmark films by directors including Tobe Hooper, George A. Romero, John Carpenter, David Cronenberg, Stephanie Rothman, Jennifer Kent, Marina de Van, and Jordan Peele. Through close analysis of their engagement with different forms of otherness, this book provides new perspectives on horror’s significance for culture, politics, and art.

My Heart Is a Chainsaw Stephen Graham Jones,2022-03-29 Protected by horror movies -- especially the ones where the masked killer seeks revenge on a world that wronged them, Jade Daniels, an angry, half-Indian outcast, pulls us into her dark mind when blood actually starts to spill into the waters of Indian lake--
