Dirt Road James Kelman,2017-07-11 Booker Prize winner James Kelman's new novel, Dirt Road, tells the story of a teenage boy who travels with his father from Scotland to Alabama to visit with relatives after the death of his mother. In the American South, he becomes swept up into the world of zydeco and blues. A powerful meditation on loss, life, death, and the bond between father and son. . . . Kelman has created a fully-realized, relatable voice that reveals a young man's urgent need for connection in a time of grief. —Publishers Weekly (starred review) After his mother's recent death, sixteen-year-old Murdo and his father travel from their home in rural Scotland to Alabama to be with his émigré uncle and American aunt. Stopping at a small town on their way from the airport, Murdo happens upon a family playing zydeco music and joins them, leaving with a gift of two CDs of Southern American songs. On this first visit to the States, Murdo notices racial tension, religious fundamentalism, the threat of severe weather, guns, and aggressive behavior, all unfamiliar to him. Yet his connection to the place strengthens by way of its musical culture. Murdo may be young but he is already a musician. While at their relatives' home, the grieving father and son experience kindness and kinship but share few words of comfort with each other, Murdo losing himself in music and his reticent and protective dad in books. The aunt, "the very very best," Murdo calls her, provides whatever solace he receives, until his father comes around in a scene of great emotional release. As James Wood has written of this brilliant writer's previous work in The New Yorker, "The pleasure, as always in Kelman, is being allowed to inhabit mental meandering and half-finished thoughts, digressions and wayward jokes, so that we are present" with his characters. Dirt Road is a powerful story about the strength of family ties, the consolation of music, and one unforgettable journey from darkness to light.

Pioneering Cartoonists of Color Tim Jackson,2016-04-21 Syndicated cartoonist and illustrator Tim Jackson offers an unprecedented look at the rich yet largely untold story of African American cartoon artists. This book provides a historical record of the men and women who created seventy-plus comic strips, many editorial cartoons, and illustrations for articles. The volume covers the mid-1880s, the early years of the self-proclaimed black press, to 1968, when African American cartoon artists were accepted in the so-

called mainstream. When the cartoon world was preparing to celebrate the one hundredth anniversary of the American comic strip, Jackson anticipated that books and articles published upon the anniversary would either exclude African American artists or feature only the three whose work appeared in mainstream newspapers after Dr. Martin Luther King Jr.'s assassination in 1968. Jackson was determined to make it impossible for critics and scholars to plead an ignorance of black cartoonists or to claim that there is no information on them. He began in 1997 cataloging biographies of African American cartoonists, illustrators, and graphic designers, and showing samples of their work. His research involved searching historic newspapers and magazines as well as books and "Who's Who" directories. This project strives not only to record the contributions of African American artists, but also to place them in full historical context. Revealed chronologically, these cartoons offer an invaluable perspective on American history of the black community during pivotal moments, including the Great Migration, race riots, the Great Depression, and both World Wars. Many of the greatest creators have already died, so Jackson recognizes the stakes in remembering them before this hidden yet vivid history is irretrievably lost.
