Joe Rhatigan

Meet Robert E Lee George W.S. Trow,2011-11-30

Meet ROBERT E. LEE is the story of a great American leader forced to make a terrible decision. Robert E. Lee the Virginian, son of a Revolutionary hero, served in the U.S. Army as America moved towards Civil War. Loving his country, he hated to see the Union split, but he could not fight against the South. His agonizing decision, his brilliant military leadership, and the fine example he set when the battle was done, are all recounted in this thoroughly researched and richly illustrated book.

Decide and Conquer David Siegel,2022-03-08 Success boils down to one thing: making good decisions. Learn the right framework now that can make all the difference later when faced with terrible options, deep anxiety and fear of failure. Access the decision framework David Siegel used when he took over as CEO of Meetup, the world's leading platform for making connections and finding your community. Let David's success during one of the most tumultuous times in his company's history help guide you on your own path. Decide and Conquer helps all leaders navigate the big decisions that will impact their future and make their organizations a success. David outlines the 44 challenges leaders face when starting a new position, then shows you the decision framework he applied to overcome challenges in his own role. David takes you on an epic journey of corporate and personal survival that includes industry titans like Adam Neumann, Barry Diller, Jack Welch, Bill Ackman, and other leaders. In Decide and Conquer, you will learn to: Apply principles like open communication, transparency, and kindness to inform great decision making. Set yourself up to succeed, even before you start, by removing potential roadblocks before they become a problem. Be a bold and decisive leader and

not succumb to fear. By applying the principles he had learned in previous leadership positions, David was able to make the many critical decisions that would mean life or death for Meetup when WeWork decided to sell the company. From deciding to accept the position and negotiating terms to managing a seemingly endless series of crises during the sale and global pandemic, *Decide and Conquer* walks readers through the key decisions they will face with invaluable advice for each one.

Presentations of the 2010 Upstate Steampunk Extravaganza and Meetup Gypsy Elaine Teague, 2011-05-25 In November 2010, a small but growing group of Victorian Alternate Historians, often referred to as Steampunk, met for the first conference of its kind. There was music, fashion, merchants, and all the other

trappings of the Victorian time period set in a venue of “what if.” What set this conference apart was the academic nature of the presentations. Utilizing the internet and scholarly publications, a call for papers was sent out and the response was impressive. Faculty, graduate students, specialists, and general interest writers wrote, prepared, and presented on a wide array of subject matters. This publication is the culmination of those presentations. Before, during, and after the conference, Steampunk became a much debated and discussed subject on our list servers and emails. While some had no idea what Steampunk was and others had an idea that they thought was correct, there was no “one size fits all” definition to this new genre. It was at that point that a number of us that had been at the conference sat down and tried to describe the phenomenon. This is what we came up with: Steampunk is a juxtaposition of science fiction, fantasy, and Victorian alternate history. Its roots are in the literature and architecture of the late 19th century while having its branches reach into the future. It is The League of Extraordinary Gentlemen, the music of Abney Park, the engineering of Nikola Tesla, and the aviation of helium and hot air. In the 1980s a subculture of science fiction found a foothold in literature and science fiction conventions. These “paths not taken” alternative histories gave the cyberpunk and Goth followers at the conventions a new path to follow. There were the works of H. G. Wells, the undersea submersible of Captain Nemo in Verne’s 20,000 Leagues Under the Sea, and the Victorian work of Mary Shelley’s Frankenstein to start with. Add to that the architecture of the Victorian age as a gentrification in many of the inner cities of America and England, and you have a breeding ground for something not quite realized but possibly attainable.

Thanks for Watching Patricia G. Lange, 2019-11-15
YouTube hosts one billion visitors monthly and sees more than 400 hours of video uploaded every minute. In her award winning book, *Thanks for Watching*, Patricia G. Lange offers an anthropological perspective on this heavily mediated social environment by analyzing videos and the emotions that motivate sharing them. She demonstrates how core concepts from anthropology—participant-observation, reciprocity, and community—apply to sociality on YouTube. Lange's book reconceptualizes and updates these concepts for video-sharing cultures. Lange draws on 152 interviews with YouTube participants at gatherings throughout the United States, content analyses of more than 300 videos, observations of interactions on and off the site, and participant-observation. She documents how the introduction of monetization options impacted perceived opportunities for open sharing and creative exploration of personal and social messages. Lange's book provides new insight into patterns of digital migration, YouTube's influence on off-site interactions, and the emotional impact of losing control over images. The book also debunks traditional myths about online interaction, such as the supposed online/offline binary, the notion that anonymity always degrades public discourse, and the popular characterization of online participants as over-sharing narcissists. YouTubers' experiences illustrate fascinating hybrid forms of contemporary sociality that are neither purely mediated nor sufficient when conducted only in

person. Combining intensive ethnography, analysis of video artifacts, and Lange's personal vlogging experiences, the book explores how YouTubers are creating a posthuman collective characterized by interaction, support, and controversy. In analyzing the tensions between YouTubers' idealistic goals of sociality and the site's need for monetization, *Thanks for Watching* makes crucial contributions to cultural anthropology, digital ethnography, science and technology studies, new media studies, communication, interaction design, and posthumanism. For its perceptive analysis of video blogging for self-expression and sociality, *Thanks for Watching* received the Franklyn S. Haiman Award for Distinguished Scholarship in Freedom of Expression (2020), from the National Communication Association.

People You Gotta Meet Before You Grow Up Joe Rhatigan, 2014-02-25 It doesn't have to be a celebrity, it doesn't have to be a big-name athlete: some of the most important and exciting people a kid can meet live right nearby, in his or her own hometown! These are the folks who quietly help keep us safe, grow our food, and motivate us with their success. And this engaging book explains who these world-changers are, what they do, why they're important, and how to make contact. Using a fun and appealing notebook-style format filled with lighthearted illustrations, it identifies individuals who might be cool to meet—from farmers and travelers to local entrepreneurs, politicians, and artists. Plus, it gives inquisitive strategies, interview questions, and research ideas, along with plenty of interesting tidbits, great quotes, intriguing profiles, blogs to check out, and Q&As. Every child will find something life-changing in these pages as they explore the lives of animal rescuers, scientists, writers, crafters, chefs, engineers, and so many more. They'll even learn about the

teens and tweens who take an active role in making their communities better places—like Maya Shea Penn, a thirteen-year-old entrepreneur, philanthropist, designer, artist, animator, illustrator, and writer who started her own company when she was only eight! Who knows where it will inspire a kid to go?

The Test T. S. Eire, 2017-11-03 It is morning. The sun is shining through your bedroom window. You hear the alarm clock ringing, and the birds are chirping outside. You try with all of your strength to move, but you are held in place upon your bed by a force you cannot explain. A voice is speaking to you in a faintly audible sound. You are terrified by what is happening, but you cannot move. The voice becomes louder until it is the only sound you can hear in the room. And then, suddenly, everything is swept away into blackness, and you can no longer see anything. You hear the voice again saying, You have been assigned to take The Test.

City Folk and Country Folk Sofia

Khvoshchinskaya,2017-08-15 “This scathingly funny comedy of manners” by the rediscovered female Russian novelist “will deeply satisfy fans of 19th-century Russian literature” (Publishers Weekly, starred review). *City Folk and Country Folk* is a seemingly gentle yet devastating satire of the aristocratic and pseudo-intellectual elites of 1860s Russia. Translated into English for the first time, the novel weaves a tale of manipulation, infatuation, and female assertiveness that takes place one year after the liberation of the empire's serfs. Upending Russian literary clichés of female passivity and rural gentry benightedness, Sofia Khvoshchinskaya centers her story on a common-sense, hardworking noblewoman and her self-assured daughter living on their small rural estate. Throwing off the imposed sense of duty toward their betters, these two women ultimately triumph over the urbanites' financial, amorous, and matrimonial machinations. Sofia Khvoshchinskaya and her writer sisters closely mirror Britain's Brontës, yet Khvoshchinskaya's work contains more of Jane Austen's wit and social repartee, as well as an intellectual engagement reminiscent of Elizabeth Gaskell's condition-of-England novels. Written by a woman under a male pseudonym, this exploration of gender dynamics in post-emancipation Russia offers a new and vital point of comparison with the better-known classics of nineteenth-century world literature.

Spaces of Vernacular Creativity Tim

A New World Begins Jeremy Popkin,2019-12-10 From an award-winning historian, a “vivid” (Wall Street Journal)

account of the revolution that created the modern world. The French Revolution's principles of liberty and equality still shape our ideas of a just society—even if, after more than two hundred years, their meaning is more contested than ever before. In *A New World Begins*, Jeremy D. Popkin offers a riveting account of the revolution that puts the reader in the thick of the debates and the violence that led to the overthrow of the monarchy and the establishment of a new society. We meet Mirabeau, Robespierre, and Danton, in all their brilliance and vengefulness; we witness the failed escape and execution of Louis XVI; we see women demanding equal rights and Black slaves wresting freedom from revolutionaries who hesitated to act on their own principles; and we follow the rise of Napoleon out of the ashes of the Reign of Terror. Based on decades of scholarship, *A New World Begins* will stand as the definitive treatment of the French Revolution.

Nineteen Eighty-Four George Orwell, 2021-01-09

Nineteen Eighty-Four: A Novel, often published as 1984, is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, *Nineteen Eighty-Four* centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to

power.

Under Her Thumb Candice CHRISTIAN, 2018-07-08

Lada and Anna run into each other, thousands of miles from their homeland. Lada works in Hawaii and Anna has come to the islands on business. Anna and Lada were lovers in Russia and worked as high priced session wrestlers for wealthy clients. Anna tries to talk Lada into doing it again, once more. Lada is hesitant, she left that life, meet Geof her fiance, and plans to buy a house on the island. But they come up short on funds for the down payment and Anna's offer looms large for Lada. Lada makes the money needed for the house, and then quit again. But the money is enticing and a challenge is presented to her, she can't avoid. Giving herself over to her former life, Lada has reevaluated her goals in life, plans that don't include Geof.

Nod Adrian Barnes, 2015-09-01 Dawn breaks over

Vancouver and no one in the world has slept the night before, or almost no one. A few people, perhaps one in ten thousand, can still sleep, and they've all shared the same golden dream. After six days of absolute sleep deprivation, psychosis will set in. After four weeks, the body will die. In the interim, panic ensues and a bizarre new world arises in which those previously on the fringes of society take the lead. Paul, a writer, continues to sleep while his partner Tanya disintegrates before his eyes, and the new world swallows the old one whole.
