Cynthia M. Stonnington, Julia A Files

Can I Talk to You Nicole Jackson, 2016-05-31 There's a new era in the dating scene. People no longer have to leave the comfort of their homes to find their next Boo. Internet and chat line dating has taken over, and single-handedly redefines what it truly means to get to know someone. Keirah is a thick, young, vibrant woman, who's been unlucky in love. For the life of her she can't resist a man with a little thug in him, despite all the times she finds herself in the exact same predicament--alone. After boredom consumes her, she does the unthinkable. She calls a local chat line, and encounters a whole slew of men. From the poor hustlers, to the weak busters, they're all online seeking the next conquest. A hot Keirah is immediately sucked into the allure of new men being just a dial away. Everything is lovely, until she realizes that everything that glitters ain't gold. This gives her a rude awakening, and the once optimistic girl stops believing in love. So, even if it's slapped into her face she wouldn't recognize it. Now the chat line takes on a new meaning to her; it fills a void...one new face after another. Heading down a slippery slope, Keirah is lost. Using the chat line becomes her crutch and the quest of real love gets lost in translation. Will she ever be able to pull herself out of the hole she digs? Or will her life forever be filled with one empty shell of a relationship after another?

Dating, Mating, Relating Pamela Anne Quiroz, 2022-06-21 To fit a changing society, the conventional ways we date and mate have given way to brand new methods. People nowadays marry later in life, choose not to marry at all, seek partners after divorce, outlive spouses, relocate to new areas and even endure pandemics. This signifies that we are moving toward larger dating pools, something made possible through public personal advertising. This text details personal advertising in print and digital media, as well as online dating services, speed dating, the use of mobile dating apps and other topics. Interviews reveal the appeal and limitations of personal advertising for meeting people. This book offers a window into the development of trust and relationships, as well as the increasing role technology plays in shaping how people meet and mate in the modern world.

A Million First Dates Dan Slater, 2014-01-28 ** Previously published in hardcover as *Love in the Time of Algorithms* ** Once considered the realm of the lonely and desperate, sites like eHarmony, Match, OkCupid, and Plenty of Fish have been embraced by pretty much every demographic. Dating has been transformed from a daunting transaction based on scarcity to one in which the possibilities are almost endless. Now anyone can search for exactly what they want, connect with more people, and get more information about those people than ever before. As journalist Dan Slater shows, online dating is changing society in more profound ways than we imagine. He explores how these new technologies, by altering our perception of what's possible, are reconditioning our feelings about commitment and challenging the traditional paradigm of adult life. Slater takes readers behind the scenes of a fascinating business. Dating sites capitalize on our quest for love, but how do their creators' ideas about profits, morality, and the nature of desire

shape the virtual worlds they've created for us?

Flirtexting Debra Goldstein, Olivia Baniuszewicz, 2012-11 Flirtexting (flûrteksting) 1. Any text message sent between you and a boy you would like to date or are currently dating (i.e., someone you would like to make out with or are currently making out with). These texts normally contain flirty, witty banter that typically leads to a date and, if you play your cards right, much, much more. 2. The new first step in dating. It's official. Boys text, therefore girls must learn how to flirtext! Like it or not, we live in a culture that accepts dates, heart-to-heart talks, and late-night invites via text. Embrace it—flirtexting is the way to his heart! Get the inside scoop on: • What he really means by that text • Using the art of the BPT (best possible text) to get exactly what you want • Avoiding TUI (texting under the influence) • What your response time says about you (yikes!) Recently updated by the flirtexting ladies, this handy guide now includes the art of using Facebook and Twitter, as well as properly using BBM or iMessage. By following these handy hints, you will have your latest prospect in the palm of your hand—literally!

Love at First Click Laurie Davis, 2013-01-08 One in five relationships starts on an online dating site, but little straightforward guidance exists for users. Enter digital dating whisperer Laurie Davis . . . In a world where we communicate as much via texts as we do through body language, this book empowers readers to log on and double click for love, taking them through the journey all online daters face—from choosing the right site, creating a profile, and navigating dates, to logging off with their perfect match. Love @ First Click is every online dater's guide to exploring the web with no-fail techniques. For example, uploading the right photos can attract someone who

might otherwise pass you over. Setting a time limit on the first meet-up can leave your date excited to see you again. And the phrasing in your date's thank-you text after dinner can uncover how your click mate really feels about you. Whether you're a digital dating vet or virgin, this is the ultimate guide to online dating that will take your online crush to offline love.

The Oxford Handbook of Virtuality Mark Grimshaw, 2014-02 The book is a compendium of thinking on virtuality and its relationship to reality from the perspective of a variety of philosophical and applied fields of study. Topics covered include presence, immersion, emotion, ethics, utopias and dystopias, image, sound, literature, AI, law, economics, medical and military applications, religion, and sex.

Tinder Nightmares Unspirational, 2017-01-21 "Will have you in hysterics over truly epic Tinder fails . . . it captures real life conversations potential couples have exchanged over the app." -Spy Tinder Nightmares is a hilarious look at some of the most epic fails of the often racy, always ridiculous, "romantic" exchanges on Tinder. The Instagram account of the same name has skyrocketed to popularity for its captivating-and sometimes titillating-ability to capture the real-life conversations between people who are looking to connect with that special someone. Tinder Nightmares is organized by theme, with chapters such as Bad English, Broetry, Strange Requests, Sneak Attacks, and more. This book explores everything from pickup lines to breakups, and all the moments that come in between. It's the perfect gift for anyone who has ever suffered through online dating. Praise for the Tinder Nightmares Instagram account "Taking submissions from womankind worldwide, the account posts the funniest and most tragic lines, which serve

to make us simultaneously jubilant with comfort that others out there are enduring the same terror, and weepy at our complete loss of faith in humanity.” –Cosmopolitan “So, for anyone who has ever had a nightmarish experience on Tinder, Tinder Nightmares is here to remind you that you’re not alone. Because when life gives you innocuously bizarre Tinder messages, make jokes.” –HuffPost

Intimate Intrusions (Routledge Revivals) Elizabeth Stanko, 2013-10-08 First published in 1985, this book looks at the victimisation of women, focusing on the four main areas of incest, rape, physical violence, and sexual harassment. Elizabeth Stanko’s work is based on original research and interviews with police forces, victims and others involved. It examines women’s experiences of male violence and looks at the reactions of those to whom women complain, including police officers, judges and union officials. The book analyses the decision making process of the criminal justice system and of administrative personnel at the time of publication, and Stanko shows how such institutions can be carriers of a male point of view.

Exploring Digital Design Ina Wagner, Tone Bratteteig, Dagny Stuedahl, 2010-08-12 Exploring Digital Design takes a multi-disciplinary look at digital design research where digital design is embedded in a larger socio-cultural context. Working from socio-technical research areas such as Participatory Design (PD), Computer Supported Cooperative Work (CSCW) and Human-Computer Interaction (HCI), the book explores how humanities offer new insights into digital design, and discusses a variety of digital design research practices, methods, and theoretical approaches spanning established disciplinary borders. The aim of the book is to explore the diversity of contemporary digital design practices in which commonly shared aspects are

interpreted and integrated into different disciplinary and interdisciplinary conversations. It is the conversations and explorations with humanities that further distinguish this book within digital design research. Illustrated with real examples from digital design research practices from a variety of research projects and from a broad range of contexts Exploring Digital Design offers a basis for understanding the disciplinary roots as well as the interdisciplinary dialogues in digital design research, providing theoretical, empirical, and methodological sources for understanding digital design research. The first half of the book Exploring Digital Design is authored as a multi-disciplinary approach to digital design research, and represents novel perspectives and analyses in this research. The contributors are Gunnar Liestøl, Andrew Morrison and Christina Mörtberg in addition to the editors. Although primarily written for researchers and graduate students, digital design practitioners will also find the book useful. Overall, Exploring Digital Design provides an excellent introduction to, and resource for, research into digital design.

Handbook of Relationship Initiation Susan Sprecher, Amy Wenzel, John Harvey, 2018-09-05 The Handbook of Relationship Initiation is the first volume to focus specifically on the very beginning stage of relationships - their origin. In this Handbook, leading scholars on relationships review the literature on various processes related to the initiation of relationships: how people meet, communicate for the first time, and begin to define themselves as being in a relationship. Topics include attraction, mate selection, influence of social networks on relationship initiation, initiation over the internet, hook-ups among young adults, and flirting and opening gambits. In addition, the dark side of relationship initiation is

considered, including unwanted relationship pursuit and barriers to relationship initiation including social anxiety. This volume provides an overdue synthesis of the literature on this topic. It is especially timely in view of the growing prevalence on relationship initiation online, through matchmaking and other social networking sites, which has increased awareness that science can be used to understand, create, and facilitate compatible matching. This Handbook provides an essential resource for an interdisciplinary range of researchers and students who study relationships, including social psychologists, communication scientists and scholars of marriage and the family.

Burnout in Women Physicians Cynthia M. Stonnington, Julia A Files, 2020-06-15

This book is the first to dissect the factors contributing to burnout that impact women physicians and seeks to appropriately address these issues. The book begins by establishing the differences in epidemiology between female physicians and their male counterparts, including rates of burnout, depression and suicide, chosen fields, caregiving responsibilities at home, career tradeoffs in dual physician marriages, patient satisfaction and outcomes, academic rank, leadership positions, salary, and turnover. The second part of the book explores the drivers of physician burnout that disproportionately affect women, each chapter beginning with a case vignette. This section covers many issues that often go unrecognized including unconscious bias, sexual harassment, gender role conflicts, domestic responsibilities, depression, addiction, financial stress, and the impact related to reproductive health such as pregnancy and breastfeeding. The book concludes by focusing on strategies to prevent and/or mitigate burnout among

individual women physicians across the career lifespan. This section also includes recommendations to change the culture of medicine and the systems that contribute to burnout. *Burnout in Women Physicians* is an excellent resource for physicians across all specialties who are concerned with physician wellness and burnout, including students, residents, fellows, and attending physicians.

Status Update Alice E. Marwick, 2013-11-26 Presents an analysis of social media, discussing how a technology which was once heralded as democratic, has evolved into one which promotes elitism and inequality and provides companies with the means of invading privacy in search of profits.

Cultural Technologies Göran Bolin, 2012-09-10 The essays in this volume discuss both the culture of technology that we live in today, and culture as technology. Within the chapters of the book cultures of technology and cultural technologies are discussed, focussing on a variety of examples, from varied national contexts. The book brings together internationally recognised scholars from the social sciences and humanities, covering diverse themes such as intellectual property, server farms and search engines, cultural technologies and epistemology, virtual embassies, surveillance, peer-to-peer file-sharing, sound media and nostalgia and much more. It contains both historical and contemporary analyses of technological phenomena as well as epistemological discussions on the uses of technology.

Networking for People Who Hate Networking Devora Zack, 2010-07-27 Networking is the art of building and maintaining connections for shared positive outcomes. This field guide begins by politely examining, and then shattering to pieces, traditional networking truisms.

The SAGE Handbook of Social Media Jean Burgess, Alice Marwick, Thomas

Poell,2017-03-30 The world is in the midst of a social media paradigm. Once viewed as trivial and peripheral, social media platforms like Twitter, Facebook and WeChat have become an important part of the information and communication infrastructure of society. They are bound up with business and politics as well as everyday life, work, and personal relationships. This international Handbook addresses the most significant research themes, methodological approaches and debates in the study of social media. It contains substantial chapters written especially for this book by leading scholars from a range of disciplinary perspectives, covering everything from computational social science to sexual self-expression. Part 1: Histories And Pre-Histories Part 2: Approaches And Methods Part 3: Platforms, Technologies And Business Models Part 4: Cultures And Practices Part 5: Social And Economic Domains

Men, Masculinity and Contemporary Dating Chris Haywood,2018-05-02 At a time when traditional dating practices are being replaced with new ways to meet potential partners, this book provides fresh insights into how are men responding to new ways of dating. Drawing upon original research, this book examines a wide range of contemporary dating practices that includes speed dating, holiday romances, use of dating apps, online sex seeking and dogging. It reveals the ways in which men draw upon traditional models of masculinity to negotiate these changes; but also, the extent to which men are responding by elaborating new masculinities. Through an investigation of the dynamics of heterosexuality and masculinity, this book highlights the importance attached to authenticity, and the increasing marketization and commodification of dating. It argues that in a post-truth world, men must also come to terms with a post-trust dating landscape. Combining rich empirical material with

keen theoretical analysis, this innovative work will have interdisciplinary appeal for students and scholars of sociology, media studies, cultural studies, and gender studies.

Classified H G Cocks, 2009-02-05 'Lonely Young Officer, up to his neck in Flanders mud, would like to correspond with young lady (age 18-20), cheery and good looking.' 1916 'Discreet, attractive couple 21 and 25 wish to meet couples and singles 21-35 for exciting and fun-loving adult relationships. Open-minded but not way out. No prejudices. Full length photo, address, and detailed letter assures same.' 1969 From the 'sporty' girls and 'artistic' boys of the Edwardian era to the 'lonely' soldiers of the Great War, the marriage bureaux of the fifties, and on to the internet dating sites of today, *Classified* tells the story of those who used personal ads to search for love, friendship, marriage and adventure.

The Handbook of Human Symbolic Evolution Andrew Lock, Charles R. Peters, 1999-12-03 Explanations and accounts of our own origins have become one of the most popular of all the areas in science that are now regularly brought into the public arena via television, lavishly illustrated books, and even cartoons.
