What We Saw Aaron Hartzler,2015-09-22 “A smart, sensitive, and gripping story about the courage it takes to do what’s right.” —Deb Caletti, National Book Award finalist Critically acclaimed memoirist Aaron Hartzler, author of *Rapture Practice*, takes an unflinching look at what happens to a small town when some of its residents commit a terrible crime. The party at John Doone's last Saturday night is a bit of a blur. Kate Weston can piece together most of the details: Stacey Stallard handing her shots, Ben Cody taking her keys and getting her home early... But when a picture of Stacey passed out over Deacon Mills's shoulder appears online the next morning, Kate suspects she doesn't have all the details. When Stacey levels charges against four of Kate's classmates, the whole town erupts into controversy. Facts that can't be ignored begin to surface, and every answer Kate finds leads back to the same questions: Who witnessed what happened to Stacey? And what responsibility do they have to speak up about what they saw? This honest, authentic debut novel—inspired by the events in the Steubenville rape case—will resonate with readers who've ever walked that razor-thin line between guilt and innocence that so often gets blurred, one text at a time.

Yes, she did imprison him for all eternity, but come on. Rival Penelope Douglas,2014-08-26 From the BookTok sensation and New York Times

bestselling author of *Bully* and *Falls Boys* comes the third novel in the *Fall Away* series. Two estranged teenagers play games that push the boundaries between love and war.... For the two years she was away at boarding school, Madoc had no word from Fallon. Back when they lived in the same house, she used to cut him down during the day and then leave her door open for him at night. Now he's ready to beat her at her own game.... Fallon can tell that Madoc still wants her, even if he acts like he's better than her. But she won't be scared away. Or pushed down. She'll call his bluff and fight back. That's what he wants right? As long as she keeps her guard up, he'll never know how much he affects her....

Louder Than Love Jessica Topper, 2013-09-17 In this powerful debut novel, a young librarian grieves the loss of her husband...and discovers a love that defies classification. It's been over three years since a train accident made a widow of Katrina Lewis, sending her and her young daughter Abbey back to the suburban town of her youth...the only place that still makes sense. Lauder Lake is the perfect place to hide and heal. Recluse rocker Adrian Digger Graves survived the implosion of his music career, but his muse has long lain dormant. Until Kat hires him to play at her library—not on the basis of his hard rock credentials but rather, because of the obscure kids' TV jingle he wrote years ago. In a case of mistaken identity, Adrian stumbles into the lives of Kat and her comically lovable daughter. Using tattoos as a timeline, Adrian unfurls his life for Kat. But as the courtship intensifies, it's unclear whose past looms larger: the widow's or the rocker's. Will their demons ever rest, or will they break these soul mates apart?

Married by Morning Lisa Kleypas, 2010-05-25 *Married by Morning* continues Lisa Kleypas's Hathaways beloved series set in Victorian London. For two years, Catherine Marks has been a paid companion to the Hathaway sisters—a pleasant position, with one caveat. Her charges' older brother, Leo Hathaway, is thoroughly exasperating. Cat can hardly believe that their constant arguing could mask a mutual attraction. But when one quarrel ends in a sudden kiss, Cat is shocked at her powerful response—and even more so when Leo proposes a dangerous liaison. Leo must marry and produce an heir within a year to save his family home. Catherine's respectable demeanor hides a secret that would utterly destroy her. But to Leo, Cat is intriguing and infernally tempting, even to a man resolved never to love again. The danger Cat tried to outrun is about to separate them forever—unless two wary lovers can find a way to banish the shadows and give in to their desires...

Collaboration Michelle Lynn, Nevaeh Lee, 2014-03-04 This is not your typical rock star romance. For one, the rock star is a rapper. And not just any rapper. Trace is the hottest ticket in the music industry right now, regardless of which definition of 'hot' you choose. Taryn Starr is not the girl-next-door who unknowingly meets a celebrity. Known as America's Sweetheart, the reigning country music princess and world-renowned superstar knows exactly who Trace is...or does she? Their worlds collide when the musicians whose paths were never destined to cross are forced by their joint record label to collaborate on a song. The sparks fly and ignite a fire that blazes hotter with every minute they spend together—for better or worse. One thing's for certain, the two media magnets can't deny their explosive chemistry, but will life in the spotlight ultimately bring Trace and Taryn together or force them apart? ***This contemporary romance new adult novel is for mature audiences. The language alone would make a sailor blush (the guy's a rapper, remember?) so 18+ only, please

Fighting Redemption Kate McCarthy, 2013 Ryan Kendall is broken. He understands pain. He knows the hand of violence and the ache of loss. He knows what it means to fail those who need you. Being broken doesn't stop him wanting the one thing he can't have; Finlay Tanner. Her smile is sweet and her future bright. She's the girl he grew up with, the girl he loves, the girl he protects from the world, and from himself. At nineteen, Ryan leaves to join the Australian Army. After years of training he becomes an elite SAS soldier and deploys to the Afghanistan war. His patrol undertakes the most dangerous missions a soldier can face. But no matter how far he runs, or how hard he fights, his need for Finlay won't let go. Returning home after six years, one look is all it takes to know he can't live without her. But sometimes love isn't enough to heal what hurts. Sometimes people like him can't be fixed, and sometimes people like Finlay deserve more than what's left. This is a story about war and the cost of sacrifice. Where bonds are formed, and friendships found. Where those who are strong, fall hard. Where love is let go, heartache is born, and heroes are made. Where one man learns that the hardest fight of all, is the fight to save himself. This book is recommended for 18+ due to adult language and themes. Please note: K McCarthy is an Australian author and Australian spelling, language and slang has been used in this book.

Finding Dandelion Lex Martin, 2016-05-27 When soccer all-star Jax Avery collides with Dani Hart on his twenty-first birthday, their connection is instantaneous and explosive. For the first time in years, Jax isn't interested in his usual hit-it and quit-it approach. But Dani knows better. Allowing herself a night to be carefree and feel the intensity of their attraction won't change anything when it comes to dealing with a player. So when Jax doesn't recognize Dani the next time he sees her, it shouldn't be a total shock. The fact that he's her new roommate's brother? That's a shock. Dani doesn't regret that night with Jax, just the need to lie about it. Since her roommate has made it clear what she thinks about her brother's "type" of girl, the last thing Dani wants is to admit what happened. Jax knows he's walking a fine line on the soccer team. One more misstep and he's off the roster, his plans to go pro be damned. Except he can't seem to care. About anything... except for the one girl who keeps invading his dreams. Despite Jax's fuzzy memory of his hot hookup with his sister's friend, he can't stay away from her, even if that means breaking his own rules. But there are bigger forces at work-realities that can end Dani's college career and lies that can tear them apart. Jax realizes what he's losing if Dani walks away, but will he sacrifice his future to be with her? And will she let him if he does?

William Osler Michael Bliss, 2002-04-01 In his time the most famous physician in the world, Canadian-born William Osler (1849-1919) is still the best-known figure in the history of medicine. This new, definitive biography by Michael Bliss is the first full-scale life of Osler to appear since 1925. An award-winning medical historian, Bliss draws on many untapped sources to recreate Osler's life and medical times for a new generation of readers. Born at Bond Head, north of Toronto, Osler rose from obscurity to become the greatest medical teacher and writer in three countries. At Canada's McGill University, America's Johns Hopkins University, and finally as regius professor at Oxford, Osler was idolized by two generations of medical students and practitioners, for whom he came to

personify the ideal doctor. His quest was to bring high standards and scientific methods into general practice in the medical world and to give teaching hospitals a solid place in the education of doctors. The publication of his book, *The Principles and Practice of Medicine* (1892), established him as the authority of modern medicine, a position he held well into the new century. Osler was revered as the high priest of the advent of twentieth-century medicine. In this fine biography, Michael Bliss animates the epic quality of Osler's life - not only in telling his personal story, but in setting that story against the dramatic backdrop of the coming of modern medicine. Winner of the Jason A. Hannah Medal, awarded by the Royal Society of Canada and the Hannah Institute for the History of Medicine

Shame in the Therapy Hour Ronda L. Dearing, June Price Tangney, 2011 Excessive shame can be associated with poor psychological adjustment, interpersonal difficulties, and overall poor life functioning. Consequently, shame is prevalent among individuals undergoing psychotherapy. Yet, there is limited guidance for clinicians trying to help their clients deal with shame-related concerns. This book explores the manifestations of shame and presents several approaches for treatment. It brings together the insights of master clinicians from different theoretical and practice orientations, such as psychodynamics, object relations, emotion-focused therapy, functional analysis, group therapy, family therapy, and couples therapy. The chapters address all aspects of shame, including how it develops, how it relates to psychological difficulties, how to recognize it, and how to help clients resolve it. Strategies for dealing with therapist shame are also provided, since therapist shame can be triggered during sessions and can complicate the therapeutic alliance. With rich, detailed case studies in almost every chapter, this book will be a practical resource for clinicians working with a broad range of populations and clinical problems.

Intel Inside New Mexico SouthWest Organizing Project, 1995 INTEL INSIDE documents the growth of the electronics industry in New Mexico & focuses on the growth of computer chip giant Intel Corporation & its largest & most profitable chip factory near Albuquerque. Attracted to this southwestern desert state by low wages, weak regulatory enforcement, generous public subsidy, & -- amazingly -- cheap water, high-tech companies have left sick workers & contaminated air & water in their wake. INTEL INSIDE tells the story of the siting of Intel's FAB 11 Pentium chip plant in New Mexico & the company's instigation of a bidding war for the new facility between New Mexico & the other states. The book is highly critical of economic development decision making in this era of free trade -- including the inability of local & state governments to look at long term environmental & economic implications of their decisions. A final section of INTEL INSIDE speaks to the need for communities to define for ourselves what development is sustainable, & lists recommendations for governments, communities & the industry. Order from: SouthWest Organizing Project, 211 10th St., SW, Albuquerque, NM 87102, FAX: 505-247-9972.
