Metropolis Elizabeth Gaffney,2006-02-14 On a freezing night in the middle of a New York winter, a young immigrant is suddenly awakened by a fire in P. T. Barnum's stable, where he works and sleeps, and soon finds himself at the center of a citywide arson investigation. Determined to clear his name and realize the dreams that inspired his hazardous voyage to America, he will change his identity many times, find himself mixed up with one of the city's toughest and most enterprising gangs, and fall in love with a smart, headstrong, and beautiful woman. Buffeted by the forces of fate, hate, luck, and passion, our hero struggles to build a life-and just to stay alive-on an epic journey that is at once unique and poignantly emblematic of the American experience.

Metropolis Thea von Harbou,2023-11-29T17:17:47Z Set in a futuristic dystopian city, Metropolis revolves around the stark divide between the affluent ruling class, who reside in luxurious skyscrapers above ground, and the oppressed working class laboring in dismal conditions below. The city is run by the powerful Joh Fredersen, who oversees the vast industrial complex that sustains the city. The plot takes a dramatic turn when Joh Fredersen's son, Freder, discovers the harsh reality of the workers' plight and becomes determined to bridge the gap between the two classes. As Freder delves deeper into the city's secrets, he encounters Maria, a compassionate woman advocating for workers' rights. The plot thickens as the city faces the impending threat of rebellion from the oppressed laborers. Joh Fredersen, driven by his desire to maintain control, enlists the help of the brilliant scientist Rotwang to develop a humanoid robot with Maria's likeness. The robot is intended to manipulate and control the workers, escalating tensions and leading to a dramatic climax that explores themes of class struggle, technology, and the consequences of unchecked industrialization.

Metropolis was first serialized in the German magazine *Das illustrierte Blatt* in 1926 and published as a book by August Scherl Verlag that same year. Von Harbau also wrote the screenplay for the groundbreaking film of the same name directed by her husband, Fritz Lang. Both the novel and the film were developed simultaneously, with the screenplay closely following the narrative of the novel. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Metropolis Thea von Harbou, 2021-08-13 *Metropolis* - Thea von Harbou - The classic twentieth-century science fiction novel by the screenwriter of the Fritz Lang film, the famed director's wife and collaborator. A divided twenty-first-century city sets the stage for this novel of a future dystopia. While the wealthy live in a decadent playground of sex and drugs, workers toil underground operating the machines that keep the city running. When Freder, the son of the leader of Metropolis, sees the horrific conditions the workers are exposed to, he becomes disillusioned with his father's vision and captivated by a woman named Maria who is fighting for unity among the classes. Desperate to maintain the status quo, Freder's father unleashes a robot that looks like Maria to wreak suspicion and doubt and crush the rebellion, a move that puts Freder and the real Maria's love—and lives—at risk. The language of the novel is sometimes as thesauric as Shiel, as kaleidoscopic as Merritt, as bone-spare as Ray Bradbury, as poetic as Poe, as macabre as Machen. . . . You will have an experience in reading that will last you all the rest of your life. —Forrest J. Ackerman, editor of *Spacemen* magazine The movie's status as one of the great dystopian science fiction tales is secure. Thea von Harbou's novel deserves to be recognized as an important work of science fiction in its own right. It's also a relatively rare and therefore interesting example of

German science fiction. —Vintage Pop Fictions The latent power of the story seems clearer in prose. You can see more clearly the contrast of past and present, of magic and technology, of gods and gadgetry. —Black Gate

Metropolis Thea von Harbou, Sheba Blake, 2017-04-24 Metropolis is a novel by the German writer Thea von Harbou. The story is set in 2026 in a technologically advanced city, which is sustained by the existence of an underground society of labourers. The son of one of the city's founders falls in love with a girl from the underground society, as the two societies begin to clash due to the lack of a unifying force. The novel was the basis for Fritz Lang's 1927 film Metropolis. The novel was serialised in the magazine *Illustriertes Blatt* in 1925, accompanied by screenshots from the upcoming film adaptation. It was published in book form in 1926 by August Scherl. An English translation was published in 1927. Michael Joseph of *The Bookman* wrote about the novel: It is a remarkable piece of work, skilfully reproducing the atmosphere one has come to associate with the most ambitious German film productions. Suggestive in many respects of the dramatic work of Karel Capek and of the earlier fantastic romances of H. G. Wells, in treatment it is an interesting example of expressionist literature. ... Metropolis is one of the most powerful novels I have read and one which may capture a large public both in America and England if it does not prove too bewildering to the plain reader.

The Metropolis Upton Sinclair, 2014-01-01 Deals with New York as unsparingly as *The Jungle* dealt with Chicago. To expose the vice and extravagance of the New York rich has been Mr. Sinclair's purpose in writing this story. Two brothers, one the antithesis of the other, are the mouthpieces which Mr. Sinclair uses respectively to shout forth the demagogue's selfish creed and to denounce it.

The Metropolis Upton Sinclair, 1908 Return at ten-thirty, the General said to his chauffeur, and then they entered the corridor of the hotel. Montague gazed about him, and found himself trembling just a little with anticipation. It was not the magnificence of the place. The quiet uptown hotel would have seemed magnificent to him, fresh as he was from the country; but, he did not see the marble columns and the gilded carvings—he was thinking of the men he was to meet. It seemed too much to crowd into one day—first the vision of the whirling, seething city, the centre of all his hopes of the future; and then, at night, this meeting, overwhelming him with the crowded memories of everything that he held precious in the past. There were groups of men in faded uniforms standing about in the corridors. General Prentice bowed here and there as they retired and took the elevator to the reception-rooms. In the doorway they passed a stout little man with stubby white moustaches, and the General stopped, exclaiming, Hello, Major! Then he added: Let me introduce Mr. Allan Montague. Montague, this is Major Thorne.

The Metropolis Upton Sinclair,2015-02-05 [...]were in their mighty youth-heroes, transfigured and radiant, not subject to the power of time. Life on the big plantation had been a lonely one, especially for a Southern-born man who had fought in the Union army. General Montague had been a person of quiet tastes, and his greatest pleasure had been to sit with his two boys on his knees and fight his battles o'er again. He had collected all the literature of the corps which he had commanded--a whole library of it, in which Allan had learned to find his way as soon as he could read. He had literally been brought up on the war--for hours he would lie buried in some big illustrated history, until people came and called him away.
