Apps rEvolution Erika Olimpiew,Vivek Srinivasan,2013-10-21 Apps are like valets, expected to serve people whenever and wherever they are, on whatever device they have. They represent the future of how enterprises interact with customers, employees, partners and machines, as we increasingly access the Internet and control our world from the palms of our hands. From a technology perspective, the apps revolution is redefining how applications are created, distributed and consumed. It is upending the traditional client-server, browser-centric web model and breaking up monolithic applications. The revolution can be viewed through five lenses: apps experience, apps everywhere, apps DNA, apps platforms and apps economy. Business people and consumers will want to read about the value this revolution is ushering in as our enterprises continue to embrace the consumerization of IT. The apps economy is worth billions today and growing; this economy did not exist five years ago. Learn how context, new modes of interaction such as eye gaze and haptics, connected things, application programming interfaces, DIY development, and an outside-in approach to IT are driving the revolution. Simply put, the Apps rEvolution is about business change – creating new experiences, inventing new products and services, and redefining customer service while improving productivity and efficiency.

Profit from the Core Chris Zook,James Allen,2010-02-05 When Profit from the Core was published in 2001, it became an international bestseller, helping hundreds of companies find their way back to profitable growth after the bursting of the Internet bubble. The 2007 global financial meltdown reaffirmed the perils of pursuing heady growth through untested strategies, as firms in industries from finance to retailing to automobiles strayed too far from their core businesses and suffered the consequences. In this updated edition of Profit from the Core, authors Chris Zook and James Allen show that a renewed focus on the core is more critical than ever as firms seek to rebuild their competitive advantage coming out of the downturn—and that a strong core will be the foundation for successful expansion as the economy recovers. Based on more than ten years of Bain & Company research and analysis and fresh examples from firms responding to the current downturn, the book outlines what today's executives and managers need to do now to revitalize their core, identify the next wave of profitable growth, and build on it successfully. Zook and Allen explain how companies can:

- Develop a strong, well-defined core and use it to establish a leadership position
- Follow the golden rule of strategy: discourage competitors from investing in your core
- Assess whether your core is operating at its full potential
- Uncover hidden assets in your core that provide the seeds for new growth
- Find a repeatable formula to apply core business strengths in adjacent markets

Building on powerful and proven ideas to meet today's formidable business challenges, Profit from the Core is the back-to-basics strategy field guide no manager should be without.

Tony 10 Tony O'Reilly,Declan Lynch,2018-03-02 Tony 10 was the online betting username of Tony O'Reilly, the postman who became front-page news in 2011 after he stole €1.75 million from An Post while he was a branch manager in Gorey. He used the money to fund a gambling addiction that began with a bet of €1 and eventually rose to €10 million, leading to the loss of his job, his family, his home – and winning him a prison sentence. From the heart-stopping moments in a hotel room in Cyprus with his wedding money riding on the Epsom Derby, to the euphoria of winning half a million over a weekend, to the late goals and the horses falling at the last fence, Tony 10 is the story of an ordinary man's journey from normality to catastrophe. At times, he vowed to get out while he was ahead, only to be taken by another surge of adrenaline, falling deeper and deeper into a compulsion that consumed his life. His disappearance on the morning the fraud was discovered led to a surreal three days on the run in Northern Ireland, and ultimately his arrest, conviction and sentencing to four years in jail. Tony 10 is the mesmerising story of

the secret life of a pathological gambler – as well as the most compelling account yet of the damage wrought by the online gambling industry.

Amp It Up Frank Sloatman,2022-01-13 Wall Street Journal, USA Today, and Publishers Weekly Bestseller The secret to leading growth is your mindset Snowflake CEO Frank Sloatman is one of the tech world's most accomplished executives in enterprise growth, having led Snowflake to the largest software IPO ever after leading ServiceNow and Data Domain to exponential growth and the public market before that. In *Amp It Up: Leading for Hypergrowth by Raising Expectations, Increasing Urgency, and Elevating Intensity*, he shares his leadership approach for the first time. *Amp It Up* delivers an authoritative look at what it takes to transform an organization for maximum growth and scale. Sloatman shows that most leaders have significant room to improve their organization's performance without making expensive changes to their talent, structure, or fundamental business model—and they don't need to bring in an army of consultants to do it. What they do need is to align people around what matters and execute with urgency and intensity every day. Leading for unprecedented growth means declaring war on mediocrity, breaking the status quo, and making conflicted choices daily, all with a relentless focus on the mission. *Amp It Up* provides the first principles to guide that change, and the tactical advice for organizing a company around them. Perfect for executives, entrepreneurs, founders, managers, and leaders of all kinds, *Amp It Up* is a must-read resource for anyone who seeks to unleash the growth potential of a company and scale it to heights they never thought possible.

Music Talent & Performance Henry Kingsbury,2010-06-17 An anthropologist's unusual ethnography of an American conservatory.

Heartland Excursions Bruno Nettl,1995 In *Heartland Excursions*, a legendary ethnomusicologist takes the reader along for a delightful, wide-ranging tour of his workplace. Bruno Nettl provides an insightful, sometimes tongue-in-cheek, always pithy ethnography of midwestern university schools of music from a different perspective in each of four chapters, alternating among three distinct voices: the longtime professor, the native informant, and the outside observer, an ethnomusicologist from Mars. If you've ever been to a concert or been connected to a university with a school of music, you'll discover yourself--or someone you know--in these pages. In the music building you can't tell the quick from the dead without a program.--Chapter 1, In the Service of the Masters The great ability of a violin student whom I observed was established when his dean was persuaded to accompany him.--Chapter 2, Society of Musicians Some teachers of music history would accuse students who listen to Elvis Presley not only of taking time away from hearing Brahms, but also of polluting themselves.--Chapter 3, A Place for All Musics? At commencement, the graduates were perhaps not aware that they had just participated in an event in which the principal values of the Western musical world . . . had been taken out of storage bins for annual exercise.--Chapter 4, Forays into the Repertory

The Addiction Inoculation Jessica Lahey,2021-04-06 “The *Addiction Inoculation* is a vital look into best practices parenting. Writing as a teacher, a mother, and, as it happens, a recovering alcoholic, Lahey's stance is so compassionate, her advice so smart, any and all parents will benefit from her hard-won wisdom.” —Peggy Orenstein, author of *Girls & Sex* and *Boys & Sex* In this supportive, life-saving resource, the New York Times bestselling author of *The Gift of Failure* helps parents and educators understand the roots of substance abuse and identify who is most at risk for addiction, and offers practical steps for prevention. Jessica Lahey was born into a family with a long history of alcoholism and drug abuse. Despite her desire to

thwart her genetic legacy, she became an alcoholic and didn't find her way out until her early forties. Jessica has worked as a teacher in substance abuse programs for teens, and was determined to inoculate her two adolescent sons against their most dangerous inheritance. All children, regardless of their genetics, are at some risk for substance abuse. According to the National Center on Addiction and Substance Abuse, teen drug addiction is the nation's largest preventable and costly health problem. Despite the existence of proven preventive strategies, nine out of ten adults with substance use disorder report they began drinking and taking drugs before age eighteen. The Addiction Inoculation is a comprehensive resource parents and educators can use to prevent substance abuse in children. Based on research in child welfare, psychology, substance abuse, and developmental neuroscience, this essential guide provides evidence-based strategies and practical tools adults need to understand, support, and educate resilient, addiction-resistant children. The guidelines are age-appropriate and actionable—from navigating a child's risk for addiction, to interpreting signs of early abuse, to advice for broaching difficult conversations with children. The Addiction Inoculation is an empathetic, accessible resource for anyone who plays a vital role in children's lives—parents, teachers, coaches, or pediatricians—to help them raise kids who will grow up healthy, happy, and addiction-free.

The Go-Giver Marriage John David Mann, Ana Gabriel Mann, 2022-03-08 “To say love is what makes a marriage work is like saying it takes oxygen to climb a mountain. Yes, oxygen is necessary. But not sufficient.” From the author of the bestselling Go-Giver series and his wife, a clinically trained therapist, this one-of-a-kind relationship guide shows readers how to unlock a deeply satisfying, abundant relationship based on simple, everyday acts of generosity. In this new narrative, a position has opened up at the top of the multinational giant Rachel's Famous Coffee, and Tom desperately wants the job. To gain the position, he must first go through a series of interviews with the company's top executives, including its eccentric CFO, Jeremiah. Tom's wife, Tess, is facing her own challenges. The couple first met on the job, where Tess was a rising star—until her career was put on hold by the birth of a son with special needs. The trauma and heartbreak of the past six years has put tremendous stress on their marriage. Now, Tess has learned that her best friend Amy is getting a divorce. Could she and Tom be drifting in the same direction? The thought leaves her stomach in knots. But Tom and Tess are about to have a transformational day. Over the next few hours, they will each learn from a wise cast of characters (including some surprise guests from previous Go-Giver stories) about five powerful secrets to building a love that lasts. Over the years since the original book's publication, the term “go-giver” has become shorthand for a defining set of values that has helped hundreds of thousands of people around the world find greater professional success. Now, with its charming fable-within-a-parable, followed by an in-depth practical guide, The Go-Giver Marriage brings the personal side of The Go-Giver to life.
