Advertising Strategy Tom Altstiel,Jean Grow,2006 Advertising Strategy provides students with the experience of an actively teaching professor at one of the top advertising programs in the country and a working creative director/agency principle. Altstiel and Grow get right to the point by stressing key principles, illustrating them, and then providing practical information students and working professionals can use. Unlike many books that focus on only work created for large consumer accounts by mega agencies, this text also covers business-to-business, in-house, and small agency work. Key Features: - Up-to-date examples: over half were produced in the last two years. - Writing for the Internet/Interactive Marketing: the most comprehensive and up to date general copywriting text that covers the Internet - Diversity discussion: a whole chapter is devoted to these issues, plus examples and case histories related to issues of diversity are woven throughout the text. - War Stories: the authors tracked down some of the hottest professionals in the business and their anecdotes bring real world experience into each chapter. They are part case history, part lessons-to-be-learned and sometimes, very funny. - Words of Wisdom: timely quotes from some of the most influential people in our business, past and present. These quotes bring key points to life in every chapter. - Who’s Who: short biographies of people mentioned in the book. Located at the end of each chapter, these blurbs sometimes include very personal information provided directly by these people.
