Coaching Basketball Technical & Tactical Skills

Coach Education, 2006-11-29 Numerous coaching books cover the skills and drills of basketball, but very few hit on the tactical skills of the game—the situational decisions players and coaches make that often determine the outcome of games. That's where Coaching Basketball Technical and Tactical Skills, an American Sport Education Program (ASEP) publication, stands out. Written by Kathy McGee, the winningest high school girls' basketball coach in Michigan, in consultation with USA Basketball's Don Showalter, this book will prepare you to be a better teacher and tactician of the game whether you coach men's or women's basketball. Technical skills (such as dribbling, shooting, and rebounding) are examined in depth, as are the tactical skills (such as the give-and-go, backdoor cut, and trapping). More than 195 photos and illustrations bring the basic to intermediate skills to life, while sample season and practice plans will help you in your preparation. You'll find quick tips on how to detect and correct errors in both male and female athletes, cues they need to be aware of in various tactical situations, and key information they need in order to make the appropriate on-court decisions. Produced by ASEP and endorsed by the Women's Basketball Coaches Association (WBCA),

this book serves as a resource for the Coaching Basketball Technical and Tactical Skills online course, a part of ASEP's Bronze Level Professional Coaches Education Program. Numerous state high school associations, colleges and universities, national sport organizations, and national governing bodies of Olympic sports use the Bronze Level in whole or in part to qualify coaches. The Bronze Level prepares coaches for all aspects of coaching and is a recognized and respected credential for all who earn it.

Teamwork Mike Huff, 2014-02-20 Basketball was originally designed to be a team game, but today's players are growing up in a culture that focuses on the individual. In Teamwork, Mike Huff calls coaches and athletes to return to basketball's essence, by focusing on The 7 Essentials of Teamwork: communication, leadership, humility, roles, team spirit, a winning attitude, and collective responsibility. The lessons in this book will enable coaches to teach life lessons that help players become winners on and off the court.

The Ordinary Basketball Coach's Guide to Building a Better Program Kevin Scarbrough, 2020-11-09 If you are a high school basketball coach, you are probably just like me. Most of my life I attended clinic after clinic listening to famous college coaches tell me about their programs. I purchased books and read as many philosophies as a young man could read. I watched so many hours of video. I knew offense and defense as good as any coach in my field but wasn't really getting the results I wanted. But then I realized my approach was totally wrong. I don't have th

Wootten, Joe Wootten, 2012-10-11 Legendary UCLA coach John Wooden once said, "People say Morgan Wootten is the best high school basketball coach in the country. I disagree. I know of no finer coach at any level—high school, college, or pro." Morgan Wootten has retired from coaching, but his knowledge of the game remains unsurpassed and keen as ever. Coaching Basketball Successfully contains a wealth of Wootten's timeless wisdom. The Baffled Parent's Guide to Coaching Youth Basketball David G. Faucher, 2000 A guide to coaching youth basketball.

A Youth Basketball Coaching Guide Danford Chamness, 2000-10 This book is written for you who are coaching children in basketball. We stress how to teach children this complex game and to have fun doing it. The book covers all facets of the game from how to dribble to strategies and tactics.

Coaching children should be fun for everyone, for you, for the parents and for the children. As a coach, we cover the teaching attitude and methods. We always keep in mind that the game is for the children and not for the adults. Winning isn't everything, but learning to play well and wanting to win is. We take the children from first through the eighth grades and break them into four categories. In each category we discuss the players needs and abilities, what they are capable of in both the physical and emotional sense, and their limitations. We have defined the coach's role, the parent's role and the player's role.

Odds-On Basketball Coaching Michael J.

Coffino, 2017-07-25 In basketball, as in most sports, a large part of a coach's responsibility is to prepare his or her team for games. Yet, little time in practice is typically devoted to readying the players and coaches for specific game situations. For instance, what are the various ways to use dead ball moments to maximum advantage? What adjustments should be made to launch a comeback in particular circumstances? When is it favorable to purposefully miss a foul shot? In *Odds-On Basketball Coaching: Crafting High-Percentage Strategies for Game Situations*, Michael J. Coffino presents an innovative system for coaches to prepare for specific game scenarios. Coffino challenges coaches to think differently about what they emphasize in practice, placing greater value on preparing for recurring game situations, crafting strategies by assessing the odds, and creating a culture that elevates how players think about the game. Each chapter begins with an actual game scenario that illustrates the chapter's content and includes discussions of notable college and professional basketball games in order to demonstrate specific points. *Odds-On Basketball Coaching* provides a framework for making game decisions beyond instincts and habits.

It is intended, more than anything, to stimulate coaches and players to think comprehensively and realistically about how to approach games and practices, fostering an environment where everyone can more incisively make game-time decisions. While high school and youth basketball coaches will find this book most helpful, coaches at all levels will benefit from this novel approach to the game.
