Heritage Baking Ellen King, Amelia Levin, 2018-10-23 “[This] lavishly illustrated labor of love is a must-have for any baker who seeks to create honest, authentic and flavorful breads and pastries.” –Stanley Ginsberg, award-winning author of *The Rye Baker* Here is a go-to resource for bakers of all skill levels who love new information and techniques that lead to better loaves and more flavor. These forty-five foolproof recipes for delicious, nutritious, good-for-the-gut breads and pastries star a wide range of artisanal flours that are now readily available to home bakers. These flours add layers of flavor and texture, and combined with a natural starter and long fermentation, make these baked goods enjoyable even by those who have difficulty with gluten. In-depth master tutorials to starter, country loaves, and adjusting recipes for different flours are paired with step-by-step photography sequences that help visual learners get these fundamentals just right. Including recipes for one-of-a-kind rolls, scones, muffins, coffee cake, cookies, brownies, and more, this is a new take on baking for the home baker’s cookbook canon. “Ellen King is one of my favorite bakers, and *Hewn* is a gem—there’s nowhere else you can get such good bread made with flour that been so thoughtfully sourced and handled. Here, Ellen shows you how to do

it.” –Mark Bittman, #1 New York Times bestselling author “Why on earth pick up a bag of flour with strange sounding names such as Red Fife, Turkey Red, or Marquis? Allow Ellen King of renowned Hewn Bakery to explain how these heritage varieties add complexity and mesmerizing flavor to your baking.”

–Maria Speck, award-winning author of *Simply Ancient Grains*

Raft of Stars Andrew J. Graff, 2021-03-23 “A rousing adventure yarn full of danger and heart and humor.” –Richard Russo An instant classic for fans of Jane Smiley and *Kitchens of the Great Midwest*: when two hardscrabble young boys think they’ve committed a crime, they flee into the Northwoods of Wisconsin. Will the adults trying to find and protect them reach them before it’s too late? It’s the summer of 1994 in Claypot, Wisconsin, and the lives of ten-year-old Fischer “Fish” Branson and Dale “Bread” Breadwin are shaped by the two fathers they don’t talk about. One night, tired of seeing his best friend bruised and terrorized by his no-good dad, Fish takes action. A gunshot rings out and the two boys flee the scene, believing themselves murderers. They head for the woods, where they find their way onto a raft, but the natural terrors of Ironsforge gorge threaten to overwhelm them. Four adults track them into the forest, each one on a journey of his or her own. Fish’s mother Miranda, a wise woman full of fierce faith; his granddad, Teddy, who knows the woods like the back of his hand; Tiffany, a purple-haired gas station attendant and poet looking for connection; and Sheriff Cal, who’s having doubts about a life in law enforcement. The adults track

the boys toward the novel's heart-pounding climax on the edge of the gorge and a conclusion that beautifully makes manifest the grace these characters find in the wilderness and one another. This timeless story of loss, hope, and adventure runs like the river itself amid the vividly rendered landscape of the Upper Midwest.

Kitchens of the Great Midwest J. Ryan Stradal,2015 Follows Eva Thorvald's life journey, rooted in the foods of Minnesota and growing into a legendary, sought-after chef.

Midwest Made Shauna Sever,2019-10-22 A Love Letter to America's Heartland, the Great Midwest When it comes to defining what we know as all-American baking, everything from Bundt cakes to brownies have roots that can be traced to the great Midwest. German, Scandinavian, Polish, French, and Italian immigrant families baked their way to the American Midwest, instilling in it pies, breads, cookies, and pastries that manage to feel distinctly home-

grown. After more than a decade of living in California, author Shauna Sever rediscovered the storied, simple pleasures of home baking in her Midwestern kitchen. This unique collection of more than 125 recipes includes refreshed favorites and new treats: Rhubarb and Raspberry Swedish Flop Danish Kringle Secret-Ingredient Cherry Slab Pie German Lebkuchen Scotch-a-Roos Smoky Cheddar-Crusted Cornish Pasties . . . and more, which will make any kitchen feel like a Midwestern home.

Chicago Renaissance Liesl Olson, 2017-08-22 A fascinating history of Chicago's innovative and invaluable contributions to American literature and art from the late nineteenth to the mid-twentieth century This remarkable cultural history celebrates the great Midwestern city of Chicago for its centrality to the modernist movement. Author Liesl Olson traces Chicago's cultural development from the 1893 World's Fair through mid-century, illuminating how Chicago writers revolutionized literary forms during the first half of the twentieth century, a period of sweeping aesthetic transformations all over the world. From Harriet Monroe, Carl Sandburg, and Ernest Hemingway to Richard Wright and Gwendolyn Brooks, Olson's enthralling study bridges the gap between two distinct and equally vital Chicago-based artistic "renaissance" moments: the primarily white renaissance of the early teens, and the creative ferment of Bronzeville. Stories of the famous and iconoclastic are interwoven with accounts of lesser-known yet influential figures in Chicago, many of whom were women. Olson argues for the importance

of Chicago's editors, bookstore owners, tastemakers, and ordinary citizens who helped nurture Chicago's unique culture of artistic experimentation.

The American Midwest Andrew R. L. Cayton, Richard Sisson, Chris Zacher, 2006-11-08 This first-ever encyclopedia of the Midwest seeks to embrace this large and diverse area, to give it voice, and help define its distinctive character. Organized by topic, it encourages readers to reflect upon the region as a whole. Each section moves from the general to the specific, covering broad themes in longer introductory essays, filling in the details in the shorter entries that follow. There are portraits of each of the region's twelve states, followed by entries on society and culture, community and social life, economy and technology, and public life. The book offers a wealth of information about the region's surprising ethnic diversity -- a vast array of foods, languages, styles, religions, and customs -- plus well-informed essays on the region's history, culture and values, and conflicts. A site of ideas and innovations, reforms and revivals, and social and physical extremes, the Midwest emerges as a place of great complexity, signal importance, and continual fascination.

The Heart of Things John Hildebrand, 2014-08-28 A remarkable book of days that charts the overlapping rings--home, town, countryside--of life in the Midwest.

Interior States Meghan O'Gieblyn, 2018-10-09 Winner of The Believer Book

Award for Nonfiction Meghan O'Gieblyn's deep and searching essays are written with a precise sort of skepticism and a slight ache in the heart. A first-rate and riveting collection. --Lorrie Moore A fresh, acute, and even profound collection that centers around two core (and related) issues of American identity: faith, in general and the specific forms Christianity takes in particular; and the challenges of living in the Midwest when culture is felt to be elsewhere. What does it mean to be a believing Christian and a Midwesterner in an increasingly secular America where the cultural capital is retreating to both coasts? The critic and essayist Meghan O'Gieblyn was born into an evangelical family, attended the famed Moody Bible Institute in Chicago for a time before she had a crisis of belief, and still lives in the Midwest, aka Flyover Country. She writes of her existential dizziness, a sense that the rest of the world is moving while you remain still, and that rich sense of ambivalence and internal division inform the fifteen superbly thoughtful and ironic essays in this collection. The subjects of these essays range from the rebranding (as it were) of Hell in contemporary Christian culture (Hell), a theme park devoted to the concept of intelligent design (Species of Origin), the paradoxes of Christian Rock (Sniffing Glue), Henry Ford's reconstructed pioneer town of Greenfield Village and its mixed messages (Midwest World), and the strange convergences of Christian eschatology and the digital so-called Singularity (Ghosts in the Cloud). Meghan O'Gieblyn stands in relation to her native Midwest as Joan Didion

stands in relation to California - which is to say a whole-hearted lover, albeit one riven with ambivalence at the same time.
