

Milan Christian Church

William Bright

Ambrose of Milan Neil B. McLynn, 2014-06-26 In this new and illuminating interpretation of Ambrose, bishop of Milan from 374 to 397, Neil McLynn thoroughly sifts the evidence surrounding this very difficult personality. The result is a richly detailed interpretation of Ambrose's actions and writings that penetrates the bishop's painstaking presentation of self. McLynn succeeds in revealing Ambrose's manipulation of events without making him too Machiavellian. Having synthesized the vast complex of scholarship available on the late fourth century, McLynn also presents an impressive study of the politics and history of the Christian church and the Roman Empire in that period. Admirably and logically organized, the book traces the chronology of Ambrose's public activity and reconstructs important events in the fourth century. McLynn's zesty, lucid prose gives the reader a clear understanding of the complexities of Ambrose's life and career and of late Roman government.

A History of the Church, from the Edict of Milan, A.D. 313, to the Council of Chalcedon, A.D. 451 William Bright, 1860

A History of the Church, from the Edict of Milan, A.D. 313, to the Council of Chalcedon, A.D. 451 William Bright, 2022-07-27 Reprint of the original, first published in 1860.

Ambrose of Milan Saint Ambrose (Bishop of Milan), 2010 The episcopate of Ambrose of Milan (374-97) is pivotal to understanding the developing relationship between the Christian Church and the Roman Empire in late antiquity. As bishop of Milan, Ambrose came into frequent contact with the highest levels of the imperial administration, including the emperors Gratian, Valentinian II, and Theodosius I themselves. He also exerted a degree of leadership in doctrinal matters over the bishops of northern Italy and adjacent regions. Any consideration of Ambrose's career must begin with his own writings. This volume presents some of his most important works: the tenth book of his collection of letters; the letters that are preserved outside his published collection (*Epistulae extra collectionem*); and his funeral speeches for Valentinian II and Theodosius I. They document not only his influence over the bishops of neighbouring cities, but also his celebrated conflicts with the imperial court over the altar of Victory at Rome, the imperial siege of churches in Milan, the affair of the synagogue at Callinicum, and the massacre of civilians at Thessalonica. In these texts Ambrose sets forth his views about his rights as bishop to govern his church without imperial interference, and to condemn any emperor whose actions were deemed to be sinful. This volume will be of value to students and scholars of the history of the Church and the Roman Empire in late antiquity, and to anyone interested in the passage from pagan antiquity to the Christian Middle Ages.

Ambrose of Milan's Method of Mystagogical Preaching Craig Alan Satterlee, 2002 This book proposes a method of mystagogy based on the preaching of Ambrose of Milan. Chapter 1 establishes the need for mystagogy. chapter 2 lays out the historical context of Ambrose and his church. Chapters 3-8 are a series of six historical studies on Ambrose and his church that correspond to the components of a homiletic method. Chapter 9 proposes a method of mystagogy for the contemporary church based on Ambrose's preaching.

The Politics of Heresy in Ambrose of Milan Michael Stuart Williams, 2017-10-19 Re-examines the 'Arian' opposition to Ambrose in Milan,

arguing that he misrepresented it to suit his own agenda as bishop.

Trace and Aura Patrick Boucheron, 2022-01-18 From one of the foremost medievalists of our time, a groundbreaking work on history and memory that goes well beyond the life of this influential saint. Elected bishop of Milan by popular acclaim in 374, Ambrose went on to become one of the four original Doctors of the Church. There is much more to this book, however, than the captivating story of the bishop who baptized Saint Augustine in the fourth century. Trace and Aura investigates how a crucial figure from the past can return in different guises over and over again, in a city that he inspired and shaped through his beliefs and political convictions. His recurring lives actually span more than ten centuries, from the fourth to the sixteenth. In the process of following Ambrose's various reincarnations, Patrick Boucheron draws compelling connections between religion, government, tyranny, the Italian commune, Milan's yearning for autonomy, and many other aspects of this fascinating relationship between a city and its spiritual mentor who strangely seems to resist being manipulated by the needs and ambitions of those in power.

HIST OF THE CHURCH FROM THE ED William 1824-1901 Bright, 2016-08-26 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. The Milan Church of Santambrogio Anat Tcherikover, 2021-08-27 The book concerns a major medieval monument in an urban environment. It discusses previously overlooked material which calls into question the conventional reconstruction of the building history. Correspondingly, it offers a reappraisal of the building's transmutations over several periods, from the Romano-Christian to the Romanesque. It examines each building phase from several viewpoints: the historical circumstances of construction, the expectations of patrons, the urban preconditions of the time, the structural issues faced by the builders, architectural design, usage, fixtures, decorations, and the significance of all for contemporary and subsequent generations.

A History of the Church from the Edict of Milan, A. D. 313, to the Council of Chalcedon William Bright, 2016-05-24 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. The Letters of S. Ambrose, Bishop of Milan Ambrose, 2021-08-06

The Life of Saint Ambrose Paulinus of Milan, 2020-03-27 Saint Ambrose of Milan is one of the towering figures of the late 4th century AD. A high official in the western Roman government, Ambrose was conscripted against his will by the people of Milan to serve as their bishop. He would go on to become one of the most important fathers of the Western Church: a fierce opponent of heretics, admonisher of emperors, voluminous writer, worker of miracles, and the spiritual father of other great saints. This biography of Ambrose was written by one of the deacons who served under him: Paulinus of Milan. Paulinus was encouraged in this biographical effort by none other than Saint Augustine of Hippo, Ambrose's most famous disciple. Written in a style similar to other works of hagiography from the same time, such as the Life of Saint Anthony by Saint Athanasius, Paulinus places Ambrose in his historical and spiritual context, drawing an enduring picture of the man and his times that has helped to cement Ambrose as one of the great holy men of the ancient Church. As a primary source, The Life of Saint Ambrose includes numerous first-hand accounts which were witnessed by Paulinus himself or related to him by those close to Ambrose. The important figures whose lives intersected with that of Ambrose included the Roman emperors Gratian, Theodosius the Great, and Valentinian II; the Arian empress Justina; usurpers Eugenius and Arbogast; the magister militum Stilicho, and saints like Marcellina, Simplicianus, Bassianus, Venerius, and many others. This version of the Vita Sancti Ambrosii was rendered into English by Sr. Mary Kaniecka in 1928. It has been completely re-typeset for the modern reader with simplified punctuation, expanded bibliography, updated citations, and an index. It retains Sr. Kaniecka's introduction and historical commentary, and includes numerous additional notes added by the modern editor. (Note: this edition does not include Sr. Kaniecka's revised Latin text nor her commentary specific to the translation.)

The Oxford Dictionary of the Christian Church Andrew Louth, 2022-02-17 Uniquely authoritative and wide-ranging in its scope, The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church. It contains over 6,500 cross-referenced A-Z entries, and offers unrivalled coverage of all aspects of this vast and often complex subject, from theology; churches and denominations; patristic scholarship; and the bible; to the church calendar and its organization; popes; archbishops; other church leaders; saints; and mystics. In this new edition, great efforts have been made to increase and strengthen coverage of non-Anglican denominations (for example non-Western European Christianity), as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe. In particular, there have been extensive additions with regards to the Christian Church in Asia, Africa, Latin America, North America, and Australasia. Significant updates have also been included on topics such as liturgy, Canon Law, recent international developments, non-Anglican missionary activity, and the increasingly important area of moral and pastoral theology, among many others. Since its first appearance in 1957, the ODCS has established itself as an essential resource for ordinands, clergy, and members of religious orders, and an invaluable tool for academics, teachers, and students of church history and theology, as well as for the general reader.

History of the Christian Church James Craigie Robertson, 1874

St. Ambrose. "On the Mysteries" Saint Ambrose (Bishop of Milan), 1919

Ambrose of Milan and Community Formation in Late Antiquity Ethan Gannaway, Robert Grant, 2021-03-08 Ambrose, the first patrician bishop and a prolific writer of a broad range of works, presents numerous opportunities for interdisciplinary research. His participation in many social groups, sometimes at odds with each other, and sometimes overlapping, demanded

flexibility. The result is a protean figure, whose motives are not always clear. His own works and those of the scholars who contribute to this volume are accordingly multidisciplinary. Fields such as theology (especially historical theology), history, classics, philosophy, linguistics, and aesthetics, among others, and the recent international research that belongs to them nuance the volume's investigation of Ambrose's actions and motivations. The reader will find that Ambrose's efforts to create and to strengthen social cohesion included building relationships and erecting social structures set on the foundations of Nicaean Christianity against heresy and paganism. A fusion of Graeco-Roman and Judeo-Christian intellectual traditions reinforced the solidarity Ambrose promoted. These endeavors met with success then, and continue to do so now, as indicated by the modern community of scholars found within this book.
