**Understanding Collective Political Violence** Y. Guichaoua, 2011-11-08 Understanding Collective Political Violence offers a unique view on contemporary processes of violent political mobilization across continents: Africa, Latin America, South East Asia and the Middle East. It pays particular attention to unconventional combatants such as women or children and details the drivers of their violent engagement.

*Economic, Social, and Cultural Rights in Armed Conflict* Gilles Giacca, 2014-10-02 This book addresses the international legal obligation to protect economic, social, and cultural human rights in times of armed conflict and other situations of armed violence. These rights provide guarantees to individuals of their fundamental rights to work, to an adequate standard of living (food, water, housing), to education, and to health. Armed violence can take many forms, from civil unrest or protest and other forms of internal disturbances and tensions to higher levels of violence that may amount to armed conflict, whether of an international or of a non-international character. However, in all such cases the protection of ESC rights is sorely challenged. Situations of actual or potential violence present a number of challenges to the application and implementation of human rights law in general and socio-economic rights obligations more specifically. This book sets out the legal framework, defining what constitutes a minimum universal standard of human rights protection applicable in all circumstances. It assesses the concept and content of ESC rights' obligations, and evaluates how far they can be legally applicable in various scenarios of armed violence. By looking at the specific human rights treaty provisions, it discusses how far ESC rights obligations can be affected by practical and legal challenges to their implementation. The book addresses the key issues facing the protection of such rights in times of armed conflict: the legal conditions to limit ESC rights on security grounds, including the use of force; the extraterritorial applicability of international human rights treaties setting out ESC rights; the relationship between human rights law and international humanitarian law; and the obligations of non-state actors under human rights law and with particular relevance to the protection of ESC rights. The book assesses the nature of these potential challenges to the protection of ESC rights, and offers solutions to reinforce their continued application.

**Human Rights Obligations of Non-State Armed Groups** Daragh Murray, 2016-05-05 This book is concerned with the

international regulation of non-state armed groups. Specifically, it examines the possibility of subjecting armed groups to international human rights law obligations. First addressed is the means by which armed groups may be bound by international law. Of particular interest is the de facto control theory and the possibility that international law may be applied in the absence of direct treaty regulation. Application of this theory is dependent upon an armed group's establishment of an independent existence, as demonstrated by the displacement of state authority. This means that armed groups are treated as a vertical authority, thereby maintaining the established hierarchy of international regulation. At issue therefore is not a radical approach to the regulation of non-state actors, but rather a modification of the traditional means of application in response to the reality of the situation. The attribution of international human rights law obligations to armed groups is then addressed in light of potential *ratione personae* restrictions. International human rights law treaties are interpreted in light of the contemporary international context, on the basis that an international instrument has to be applied within the framework of the entire legal system prevailing at the time of interpretation. Armed groups' status as vertical authorities facilitates the vertical application of international human rights law in a manner consistent with both the object and purpose of the law and its foundation in human dignity. Finally, if international human rights law is to be applied to armed groups, its application must be effective in practice. A context-dependent division of responsibility between the territorial state and the armed group is proposed. The respect, protect, fulfil framework is adapted to facilitate the application of human rights obligations in a manner consistent with the control exerted by both the state and the armed group. "Daragh Murray's book analyses the practical and theoretical difficulties associated with the topic of the international human rights obligations of non-state armed groups by considering the latest developments in this field and suggesting ways forward. His proposals are realistic and carefully argued; this book should be essential reading for anyone grappling with this subject." Andrew Clapham, Professor of International Law at the Graduate Institute of International and Development Studies.

Romantic Nationalism in Eastern Europe Serhiy Bilenyk, 2012-05-16 This book explores the political imagination of Eastern Europe in the 1830s and 1840s, when Polish, Russian, and Ukrainian intellectuals came to identify themselves as belonging to communities known as nations or nationalities. Bilenyk approaches this topic from a transnational perspective, revealing the ways in which modern Russian,

Polish, and Ukrainian nationalities were formed and refashioned through the challenges they presented to one another, both as neighboring communities and as minorities within a given community. Further, all three nations defined themselves as a result of their interactions with the Russian and Austrian empires. Fueled by the Romantic search for national roots, they developed a number of separate yet often overlapping and inclusive senses of national identity, thereby producing myriad versions of Russianness, Polishness, and Ukrainianness.

*The Crimean Khanate and Poland-Lithuania* Dariusz Kolodziejczyk, 2011-06-22 Drawing on rich source material in several languages and three scripts (Arabic, Cyrillic, and Latin), this book presents a broad picture of international relations in early modern Eastern Europe, at the crossing point of Genghisid, Islamic, Orthodox, and Latin traditions.

*Transcending the Absurd* Halina Stephan, 2023-04-12 This is the first monographic study devoted to Sławomir Mrożek, the most prominent contemporary Polish dramatist. It centers on Mrożek's development as a playwright, shown through the analysis of his complete dramas. Also discussed is Mrożek's experience as a journalist and theatre critic, satirist and short story writer, author of cartoons and movie scenarios. The monograph spans Mrożek's beginnings as the Eastern European representative of the Theatre of the Absurd and his expatriate existence during which he transcends the absurdist model. Mrożek's return to Poland in 1996 reestablishes him as a major literary figure on the contemporary Polish scene. His continuous presence in Western and Eastern European theatres testifies to the broad appeal of his plays. The presentation of Mrożek's entire artistic profile is supplemented by information on the reception of his writings in Poland and abroad, including the most important performances of his plays. The volume also provides a chronology of Mrożek's life and works, a complete listing of primary texts in Polish, English and German, a list of theatrical premieres, and a bibliography of secondary sources.

**W miłości siła** Ewa Anna Sosnowska, 2022-07-13 Maja i Robert po ślubie nie zapominają o swoich przyjaciółach. I choć niejednokrotnie chęć niesienia pomocy komplikuje im życie, to wiedzą, że razem dadzą radę wszelkim przeciwnościom losu, bez względu na to, czy mówimy o miłości, przyjaźni, czy... o walce z demonami przeszłości. „W miłości siła” to opowieść, która przywraca wiarę w prawdziwą miłość i szczęśliwe zakończenie. **Winny miłości** Cornell Woolrich, 2022-05-09 Bernice była tajemnicza, elegancka i bardzo zmysłowa: nosiła pończochy tak cienkie, że stapały się z prześwitującą różową skórą. Wade zobaczył ją po raz pierwszy w tłumie na nowojorskiej ulicy i od razu się zakochał. On nie czuł się w obowiązku opowiadać jej o swym nieudanym małżeństwie z Maxine, ona zaś unikała rozmów o podejrzanych przyjaciółach, zakodowanych rozmowach telefonicznych. Czy miłość tych dwojga oparta na klapsach i kłótniach przetrwa w metropolii, która najbardziej moralnych obywateli zmieniała w cynicznych morderców? „Winny miłości” to powieść Woolricha z 1932 roku, uważana

za jego pierwsze dzieło w stylu noir fiction, gdzie autodestrukcyjni bohaterowie są uwikłani w toksyczne związki i gotowi zabić pod wpływem jednego impulsu. Powieść przypadnie do gustu szczególnie fanom kryminałów z mistrzowskim suspensem i miłośnikom filmów w reżyserii Alfreda Hitchcocka. Cornell George Hopley-Woolrich (ur. 4 grudnia 1903 w Nowym Jorku - zm. 25 września 1968 tamże) to amerykański pisarz żydowskiego pochodzenia znany bardziej jako Cornell Woolrich lub pod pseudonimami William Irish i George Hopley. Studiował dziennikarstwo w Columbia University, gdzie w 1926 r. napisał swoją pierwszą powieść pt. Cover Charge porównywaną do dzieł F. S. Fitzgeralda. Krytycy literatury uznali Woolricha za czołowego twórcę powieści suspensowej, zaś wielbicieli jego twórczości mawiali, że to „Hitchcock słowa pisanego lub „Edgar Allan Poe XX wieku. Wiele jego opowiadań kryminalnych i powieści z gatunku noire fiction lub mystery thriller doczekało się ekranizacji. Na mocy testamentu Woolricha jego majątek szacowany na 850 tysięcy dolarów przeznaczono na stypendia dla młodych pisarzy oraz studentów dziennikarstwa w Columbia University.

Covenant and the Metaphor of Divine Marriage in Biblical Thought Sebastian R. Smolarz, 2010-10-14 This volume deals with the varied forms of shame reflected in biblical, theological, psychological and anthropological sources. Although traditional theology and church practice concentrate on providing forgiveness for shameful behavior, recent scholarship has discovered the crucial relevance of social shame evoked by mental status, adversity, slavery, abuse, illness, grief and defeat. Anthropologists, sociologists, and psychologists have discovered that unresolved social shame is related to racial and social prejudice, to bullying, crime, genocide, narcissism, post-traumatic stress and other forms of toxic behavior. Eleven leaders in this research participated in a conference on The Shame Factor, sponsored by St. Mark's United Methodist Church in Lincoln, NE in October 2010. Their essays explore the impact and the transformation of shame in a variety of arenas, comprising in this volume a unique and innovative resource for contemporary religion, therapy, ethics, and social analysis.
