Raffaela Di Napoli

*Mine and Yours Are Hers* Tübingen, This book suggests several methods with which rabbinic sources can be approached in order to obtain information about women's history. It is the first feminist book about rabbinic literature which treats the latter as a historical source. It contains many examples and discusses for the first time many sources relevant for the issue of women in rabbinics.

Oxford Practice Grammar Basic with answers Norman Coe, 2020-07-28 Refreshed with a new design, Oxford Practice Grammar is a three-level English grammar practice series for the classroom or self-study. Its tried and trusted methodology provides clear explanations and lots of extra practice. Oxford Practice Grammar knows that students need different types of explanation and practice at each stage of their study. Basic provides lots of practice and short explanations; Intermediate gives you more detail

with extended practice; Advanced gives challenging practice activities and in-depth explanations. Great for classroom or self-study.

**Mine Your Language** Abhishek Borah, 2024-03-18 Statutory warning: Language is a minefield. Words that firms and consumers use can be dealbreakers! Today, firms have many language-based decisions to make—from the brand name to the language of their annual reports to what they should or shouldn't say on social media. Moreover, consumers leave a goldmine of information via their words expressing their likes, dislikes, perceptions and attitudes. What the firm communicates and what consumers say have an impact on consumer attitudes, satisfaction, loyalty, and ultimately, on a firm's sales, market share and profits. In this book, Abhishek Borah meticulously and marvellously showcases the influence of language on business. Through examples ranging from Toyota to Tesla and Metallica to Mahatma Gandhi, you will read about how to improvise on social media, how changing the use of simple pronouns like 'we' and 'you' can affect a firm's bottom line, how to spot a fake review online and much more. So whether you are just inquisitive about the role of language in affecting consumer and company behaviour or a student wondering about the utility of

language analysis in understanding them, Mine Your Language will teach you to use language to influence, engage and predict!

**Man for Himself** Erich Fromm,2013-07-04 This is Volume VIII of thirty-eight of collection of works on General Psychology. Initially published in 1947, it offers an enquiry into the psychology of ethics and forms a continuation of the author's other work 'Escape from Freedom' in which he attempted to analyse modern man's escape from himself and his freedom. This book discusses the problem of ethics, of norms and values leading to the realisation of man's self and of his potential.
