Stephen Tubbs

Taking Your iPad 2 to the Max Erica Sadun, Michael Grothaus, Steve Sande, 2011-08-04 iPad 2: It looks different. It acts different. It connects to the world, yet it is as personal as a well-worn book. And now it has two cameras! Taking Your iPad 2 to the Max is written so that anyone can quickly get up to speed on Apple's latest hit. As bloggers at The Unofficial Apple Weblog (TUAW.com), the authors have the happy privilege of working with Apple products every day, and they'll guide you through all of the perks of being an iPad 2 owner. This book takes you from selecting and buying an iPad, to connecting it to the Internet, to using the incredible power of the iPad and all its apps to enhance your life. Whether you're using your iPad to surf the Internet, admire family photos, listen to music, watch movies, create or edit movies, or read a book, this book will help guide you. Discover how your iPad 2 can be a virtual shopping mall, opening the door to purchases of music, books, videos, and movies. This book will help you organize your daily life through the use of Calendar, Notes, and Contacts, communicate with friends and colleagues with Mail, and find your way with Maps. You'll also learn how get the most out of your iPad's two cameras. Taking Your iPad 2 to the Max introduces the essentials of using your iPad 2 for recreation, travel, and work—and includes the basics of Apple's iWork suite for iPad. Learn to create business or personal documents with Pages, make professional presentations with Keynote, and keep data and finances under control with Numbers.

iPhone All-in-One For Dummies Joe Hutsko, Barbara Boyd, 2014-10-22 The easy way to have fun with your iPhone - fully updated for iPhone 6 and iPhone 6 Plus! Are you all about your iPhone? You've come to the right place! iPhone All-in-One For Dummies covers all the basics and

beyond to give you hands-on, all-encompassing coverage of your new smartphone. Written in plain English and packed with tons of full-color photographs that help bring the information to life, this friendly guide shows you how to activate the iPhone, control the multi-touch and voice-recognition interfaces, tour the iPhone's built-in apps and settings, set up security features, start sending texts, and configure e-mail. Next, it moves on to tackling the iPhone's more advanced features, like capturing and sharing photos, tapping into maps, acquiring and listening to music, creating and sharing notes and memos, making video calls with FaceTime, and much more. Fully updated to reflect Apple's newest iPhone hardware and iOS software, along with the new iLife and iWork apps, this new edition of iPhone All-in-One For Dummies takes the guesswork out of making the most of your iPhone. If you're using your Apple smartphone at home, at work, or on the go, everything you need to have fun and work smarter with your iPhone is right inside. Covers iPhone 6, iPhone 6 Plus, iPhone 5s, iPhone 5c, and older iPhone models Offers five full-color books of content that add up to nearly 600 pages of material—big bang for your buck Provides steps for setting up your iPhone and synching with iCloud Includes complementary online video course material Walks through troubleshooting and fixing common iPhone problems Whether this is your first iPhone or an upgrade to the latest version, iPhone All-in-One For Dummies helps you unlock all of its incredible capabilities.

Taking Your iPad to the Max, iOS 5 Edition Erica Sadun, Michael Grothaus, 2012-03-20 Taking Your iPad to the Max, iOS 5 Edition is written so that anyone can quickly get up to speed on Apple's latest hit. As bloggers at The Unofficial Apple Weblog (TUAW.com), the authors have the happy privilege of working with Apple products every day,

and they'll guide you through all of the perks of being an iPad owner with access to all the new and amazing features in iOS 5. This book takes you from selecting and buying an iPad, to connecting it to the Internet, to using the incredible power of the iPad and all its apps to enhance your life. Whether you're using your iPad to surf the Internet, admire or edit family photos, listen to music, watch movies, create or edit movies, or read a book, this book will help guide you. Discover how your iPad can be a virtual shopping mall, opening the door to purchases of music, books, videos, and movies. This book will help you organize your daily life through the use of Calendar, Notes, and Contacts, communicate with friends and colleagues with Mail, and find your way with Maps. You'll also learn how to get the most out of your iPad's two cameras, and you'll learn how iCloud keeps all of your documents and photos in sync across all your Apple devices. You'll also learn about great new iOS 5 features like Reminders, Notification Center, iMessage, Newsstand, and PC-Free updates. Taking Your iPad to the Max, iOS 5 Edition introduces the essentials of using your iPad for recreation, travel, and work—and includes the basics of Apple's iWork suite for iPad. Learn to create business or personal documents with Pages, make professional presentations with Keynote, and keep data and finances under control with Numbers. You'll also learn how to use iLife's suite of apps, including iPhoto, iMovie, and GarageBand on the iPad. No matter how you use your iPad, Taking Your iPad to the Max, iOS 5 Edition will show you how to make the most of it.

improved parental controls. Missing Manual series creator and former New York Times columnist David Pogue helps you accomplish everything from web browsing to watching videos. You'll get up to speed on features such as Dual SIM Support that lets you use two lines on one phone and True Tone technology that adjusts the display to your environment. Pick up this beautiful full-color book and learn how to get the most out of your iPhone.

The Creative Portrait Nick Fancher, 2021-11-30 Go beyond the photographic conventions, break the rules, and create compelling portraits. While the ability to create a conventional, traditional portrait is a must-have skill for any photographer of people, it can often yield a fairly predictable result: a straightforward likeness of the subject, created with a flattering lens in flattering light with a flattering composition. The subject may be pleased with the results, but it's not a very interesting photograph. And in the constant, endless stream of images we consume daily, the portrait is likely forgotten as quickly as it appeared. A truly creative portrait comes from the two-sided exchange between the subject and the photographer, with both parties working together to create an image that goes beyond the simple representation of the subject. The end result is not an image that simply breaks the rules--it's an engaging photograph that both captures the essence of the subject and compels the viewer to stop and take notice. In *The Creative Portrait*, photographer and author Nick Fancher walks you through a plethora of ideas and techniques for making such creative work. Known for imagery that is bold, colorful, expressive, and widely varied, Nick has built a career by going against the grain. The result has been a consistent output of innovative and striking photographs. In this book, Nick will help you go beyond the conventional approach and explore the endless

possibilities that come with intentionally breaking the rules. He'll teach you all about: -The gear he uses, and his overall approach to shooting -Why it's so important to practice photographing paper, plastic, and plants -Multiple long exposure techniques for creating unique and expressive images -Blocking, directing, and concentrating light with cookies, flags, gobos, and snoots -Shooting through glass for numerous creative effects -How he employs smoke, mirrors, and projectors in his work -And much more Throughout the book, Nick includes behind-the-scenes photos and diagrams of his shoots, as well as Lightroom post-processing techniques so you can follow along. He also includes over a dozen creative prompts to actively push you to go beyond your own comfort zone in your photography in order to create compelling portraiture.

The 10-Second Commute Terri R. Kurtzberg, Mason Ameri, 2022-10-18 Virtual work, which was steadily on the rise even before the pandemic, is explored in this timely book that describes the impact of technology on our work experiences, ranging from the individual psychological level to the broad societal implications. Widespread remote work is now possible, but it comes with its share of frustrations. Virtual work has changed our lives in ways big and small, from trying to balance our time to what we wear and where we sit and from how we communicate to where we should look during a videoconference. It's also fundamentally changed what kinds of jobs we can now do. Grounded in research and including lively personal anecdotes, *The 10-Second Commute* provides a thoughtful and comprehensive scan of the nature of virtual work. The authors, both researchers in management and technology, explore the current questions of our virtual lives, such as: Why Zoom instead of Skype? Why are emojis so useful? Why is videoconferencing so exhausting? How does diversity at

work both help and hinder productivity? Virtual work is more than just work-it permeates our whole lives, and it will continue to do so as hybrid work arrangements become the new normal. Helping readers better understand the virtual work experience, this book will engage and inform everyone who is still trying to make it work.

iPhone David Pogue, 2015 The iPhone may be the world's coolest computer, but it's still a computer, with all of the complexities. iPhone: The Missing Manual is a illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone master. This updated guide shows you everything you need to know about the new features and user interface of iOS 9 for the iPhone. This easy-to-use book will help you accomplish everything from web browsing to watching videos so you can get the most out of your iPhone.

Notes and Queries , 1869

Studio Anywhere Nick Fancher, 2015-03-19 What's your definition of a photo studio? Is it a room with a white seamless backdrop or a cyc wall? Maybe it's simply anywhere you're in control of the lighting. In a perfect world, where every day is a breezy 72 degrees with partial cloud coverage, we would all have a 5,000-square-foot studio—and the entire catalog of B&H™ in our equipment lockups. But the reality is that you may have an outdated DSLR with two decent lenses (which took you several years to save up for), and all you have at your disposal is an unfinished basement, your garage, or the empty conference room at your office. That's where Studio Anywhere comes in. With photographer Nick Fancher as your guide, you'll learn how to get portfolio-ready photos while working in some of the most problematic scenarios imaginable. Whether shooting a corporate portrait, a test shoot with a model, or a promo shoot with a band, you'll discover that

most of the time, there's no need for an expensive studio—you just have to get creative. Studio Anywhere is a resource for photographers to learn through behind-the-scenes photos and lighting diagrams from a range of photo shoots—but it doesn't stop there. Because directing a photo shoot involves more than simply knowing how to wield a camera or process a raw file, Nick also lets you in on the aesthetic decisions he makes in his signature photos, inspiring you to develop your own vision. And, finally, he describes his Lightroom and Photoshop workflow so you can learn how to deftly navigate post-processing. Shows how to create images with minimal equipment that is within reach of anyone's budget Takes you through the entire shoot, from concept to lighting to exposure to post-processing in Lightroom and Photoshop Teaches how to build a portfolio without a dedicated studio space

Demystifying Public Speaking Lara Hogan

Callender, 2017 Whether you're bracing for a conference talk or a team meeting, Lara Hogan helps you identify your fears and effectively face them, so you can make your way to the stage (big or small).

Macs For Dummies Edward C. Baig, 2009-01-06 Whether you're thinking of switching to a Macintosh computer, are looking into the latest Apple products, or have a Mac and want to learn about Mac OS X Leopard, then *Macs For Dummies*, 10th Edition will get you going. Here you'll learn all about how to compare the different desktop and laptop models to choose your perfect match, make Mac OS X Leopard work your way, use the new iLife 2008 digital lifestyle applications, get online and connect to a wired or wireless network, and run Windows on your Mac so you can keep the Microsoft programs you need. You'll also discover how to: Navigate your way around the Mac interface and work with icons and folders Best utilize OS X, work with the

new Photo Booth, and manage clutter with Exposé and Spaces Get connected, start a Web-browsing Safari, use e-mail and iChat, and shop online Join .Mac and take advantage of iDisk backups, IMAP mail, and Web Gallery Explore all that iTunes offers, process digital photos with iPhoto, make iMovies, and have fun with GarageBand Use Windows on your Mac and transfer Windows files It's a perfect time to join the Mac generation, especially if you're a Windows user who's been thinking of defecting. Macs For Dummies, 10th Edition will get you there, helping you pick peripherals, download freebie programs, set up user accounts, implement security secrets, troubleshoot your Mac, and experience the iLife.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that

communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author’s friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers’ lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green’s Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

The Athenaeum, 1855

Night Sky Photography Adam

Woodworth, 2021-01-04 When the night sky transforms terrestrial landscapes into otherworldly works of art, you need to know the professional techniques for capturing your own nocturnal masterpieces. This complete course combines the classic beauty of landscapes with the vast, exotic universe of astrophotography, using tried-and-tested methods that guarantee stellar results. You'll learn what gear you need and how to make the most of it; clever tricks for squeezing out every drop of image quality from a pitch-black scene; and straightforward post-production workflows to create compelling compositions of the cosmos.

I Love Jesus, But I Want to Die Sarah J.

Robinson, 2021-05-11 A compassionate, shame-free guide for your darkest days “A one-of-a-kind book . . . to read for

yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Zoom Video Conferencing Tutorial Stephen Tubbs, 2020-08-18 Zoom video conferencing programming BASIC version for the beginner. Obtaining, installing, and using it as a participant and host. Use of the program on personal computers and iPhones. Discussion of related programs. Glossary.

Mirror Uses Facetime Camera 15 Book Review:

- Mirror Uses Facetime Camera 15 Introduction**
- In the digital age, access to information has become easier than ever before. The ability to download Mirror Uses Facetime Camera 15 has revolutionized the way we consume written

content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Mirror Uses Facetime Camera 15 has opened up a world of possibilities. Downloading Mirror Uses Facetime Camera 15 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Mirror Uses Facetime Camera 15 has democratized knowledge. Traditional books and academic journals can be

expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Mirror Uses Facetime Camera 15. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious

while downloading Mirror Uses Facetime Camera 15. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Mirror Uses Facetime Camera 15, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to

download Mirror Uses Facetime Camera 15 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
