iPhone: The Missing Manual David Pogue, 2012-10-24 With the iOS 6 software and the new iPhone 5, Apple has two world-class hits on its hands. This sleek, highly refined pocket computer comes with everything—cellphone, iPod, Internet, camcorder—except a printed manual. Fortunately, David Pogue is back with this expanded edition of his witty, full-color guide: the world's most popular iPhone book. The important stuff you need to know: The iPhone 5. This book unearths all the secrets of the newest iPhone. Taller screen, faster chip, 4G LTE Internet, thinner than ever. The iOS 6 software. Older iPhones gain Do Not Disturb, the new Maps app, shared Photo Streams, camera panoramas, smarter Siri, and about 197 more new features. It's all here. The apps. That catalog of 750,000 add-on programs makes the iPhone's phone features almost secondary. Now you'll know how to find, manage, and exploit those apps. The iPhone may be the world's coolest computer, but it's still a computer, with all of a computer's complexities. iPhone: The Missing Manual is a funny, gorgeously illustrated guide to the tips, shortcuts, and workarounds that will turn you, too, into an iPhone addict.

Hold Tight Jeffrey Boakye, 2018-09-28 Hold Tight is the book that kick started the 'Grime Library'. Bursting into bookshops in July 2017 to rave reviews and a sold out event at Rough Trade East, Hold Tight paved the way for Grime-related books such as Wiley's Eskiboy, Dan Hancox's Inner City Pressure and DJ Target's Grime Kids. This new edition of Hold Tight features new chapters, a brand new introduction from Boakye and a brand new cover. Celebrating over sixty key songs that make up Grime's DNA, Jeffrey Boakye explores the meaning of the music and why it has such resonance in the UK. Boakye also examines the representation of masculinity in the music and the

media that covers it. Both a love letter to Grime and an investigation into life as a black man in Britain today, Hold Tight is insightful, very funny and stacked with sentences you'll want to pull up and read again and again.

Sandcastle Inn (A Hope Harbor Novel Book #10) Irene Hannon,2024-04-02 Vienna Price never intended to return for more than a passing visit to Oregon and all the bad memories she'd left behind. But when your career tanks, home is where you go to nurse your wounds and chart a new course. Only temporarily, of course--because as much as she loves her quirky mom, anything more than a short stay would drive them both crazy. A trip to Oregon isn't in Matt Quinn's plans, either, until a perfectly timed appeal for help arrives from his sister. What better place to decompress after a shattering loss than a quiet, seaside town named Hope Harbor? But R&R isn't on the agenda when he arrives to find his sister's new enterprise on life support. Vienna, however, may have just the skills needed to resuscitate the foundering B&B--if Matt can convince her to hang around long enough to mend an inn . . . and his heart.

The Fried Lover Attack Josephine Skylar,2022-10-01 A preoccupied queen. An awkward king. It can't possibly be a good combination... or can it? Single mom Caroline Dunleavy is not having the easiest of times. Her job is unfulfilling (and the pay is not nearly good enough to compensate). Her dating life is nonexistent—while her ex-husband has found a vivacious new girlfriend. And her very smart, easily bored daughter Chloe is struggling at school. There is one promising new development, though: Chloe's newfound love of chess. Caroline has never played chess in her life, and doesn't feel smart enough to start. Which isn't going to stop her from bringing Chloe to Queen City Chess, the

most happening chess spot in Charlotte, North Carolina. But stepping into the chess world, even as just a mom supporting her kid, means discovering big egos, obscure lingo, and international intrigue. And it also means meeting Queen City Chess's newest—and least sociable—coach, former super-grandmaster Mikhail Misha Kotenkov, who seems hard pressed to recognize a real world beyond the chessboard. Surely this man is not going to be the solution to any of Caroline's problems. Only then she has to deal with some new challenges, including the unearthing of long-buried family secrets. It turns out that she and Misha are more alike than either of them realized. And that sometimes love can show up in unexpected places—even in the midst of a major chess tournament...

Amygdala Ega Mpokgaga, 2022-02-04 “Life is about how you face failures of so many plans that you had meticulously constructed. Life is about how you face fears of uncertainties and various possibilities which may take place at any given time” -- The Journey of Repressing Memory is the first part of the Amygdala universe trilogy, which tells the journey and life experiences of a domestic violence survivor named Ishtar. The story begins with Ishtar going through another failed relationship, trying hard to get out of situations which forced her to remember therapy sessions after her painful divorce. Ishtar struggles with many hardships to forgive her past and make peace with herself. Throughout the first part of the Amygdala, Ishtar and her closest friends show us how life always gives us various choices -which in turn also makes us too afraid to be spontaneous- and how to follow our hearts. Because sometimes, the heart can be painstakingly misleading. The first part of Amygdala universe will take us through time and space which that we might never have thought could happen in the real world. It crashes logic and tightens our breath at every turn of event. ABOUT THE AUTHOR Ega Mpokgaga or commonly known as @mpokgaga is a full-time worker at a fintech startup, was a business manager for the legendary metal band ROXX, an activist

in the underground music scene, and also a survivor of domestic violence.
