*Trusts and Modern Wealth Management* Richard C. Nolan,Kelvin F. K. Low,Tang Hang Wu,2018-05-31 New essays by leading figures from the judiciary, practicing lawyers and academics illuminating the worlds of trusts and wealth management.

**Asia-Pacific Trusts Law, Volume 1** Ying Khai Liew,Matthew Harding,2021-08-26 At a time when Asia represents the fastest growing economic region, there is no better moment to consider what trusts law can contribute to societal stability and economic prosperity. This book does this by offering the first work that systematically explores trusts law across the region. Many Asian-Pacific jurisdictions have integrated and developed trusts law in their legal systems; either through colonial heritage or statutory activism. But the diversity of legal traditions and local contexts has resulted in trusts laws having a significantly varied impact across the region. In the modern globalised world there is growing need to adopt an outward looking approach in dealing with matters of common interest. This book answers this need by bringing together leading legal scholars and practitioners in the region to explore the theory and practice of trusts law, contextualised to specific jurisdictions in the Asia-Pacific. Exploring 17 jurisdictions in Asia, it bring both an academic and practitioner perspective to trusts law in the region.

*The Green Book* Great Britain. Treasury,2003 This new edition incorporates revised guidance from H.M Treasury which is designed to promote efficient policy development and resource allocation across government through the use of a thorough, long-term and analytically robust approach to the appraisal and evaluation of public service projects before significant funds are committed. It is the first edition to have been aided by a consultation process in order to ensure the guidance is clearer and more closely tailored to suit the needs of users.

**A Patriot's History of the United States** Larry Schweikart,Michael Patrick Allen,2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

**The Doolittle Family in America** William Frederick Doolittle,Louise Smylie Brown,Malissa R. Doolittle,2022-10-27 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work.
